The Assembly further debated these problems on the forenoon of the 24, Sunday.

Chapel Program Proves Interesting

Friday morning a large number of students turned out in chapel. As this year marks the fiftieth anniversary of the discovery of the bacillus of tuberculosis, Professor Horn proceeded to show two reels of moving pictures dealing with the disease Tuberculosis.

The first reel showed, how by early discovery of the disease, and by prompt treatment a rapid recovery will result, and a person can again assume the duties of life.

The second reel showed the methods of diagnosis of the disease, and this was followed by the showing of a day spent at a sanatorium.

As these pictures were shown, Professor Horn explained the various symptoms, methods of diagnosis, and methods of treatment of the disease. He emphasized the point that early discovery and prompt treatment are the great factors in overcoming this disease.

Albright Students Represent Cuba at Model Assembly

The Plenary Session was closed by a report of the Credentials Committee stating that twenty-five colleges were present representing forty nations.

Track Team Wins Initial Meet With Stroudsb'g S. T. C.

Robert Shipe, Charlie Haines and Baily Gases Shatter Three Albright Field Records

REIS SURPRISES IN MILE

Capt. Andrews, Gass and Haines Each Win Two Events

The Albright Track team opened the season on Friday in the local stadium with an easy victory over East Stroudsburg, the final count being 75-50. The visitors were able to gather but five first places while there were nine Lion individual winners. The Teachers were strong in the running events but their weakness in the field events cost them the meet.

Three new Albright records were established in the meet. Shipe broke the high-jump mark with a fine leap of 6 feet. Gass established a new mark, in the shot-put with a heave of 41 feet 7 1/2 inches. Haines broke the third standard by pole-vaulting 10 feet, 9 inches.

Capt. Andrews and Gass led the Lions with 11 points. Haines with two firsts and Shipe with a first and two third places were important point-getters.

Reis was the surprise of the meet by winning the mile and running a good half-mile to place second.

Criminology Class Visits New Prison

On Thursday afternoon a large group of Albright students visited the new Berks County Prison. The group consisted of the Criminology Class and other interested students, and was led by Dr. Greth. Rev. Darlington Kulp, chairman of the prison board conducted the party thru the various prison departments. Throughout the trip Rev. Kulp and other prison officials explained the methods and details connected with prison routine.

The student party was greatly impressed with the example of an up-to-date prison and noted the orderly atmosphere of the institution. In the near future the Criminology Class will take a trip to the Eastern Penitentiary.

LITERARY

LIVES AND LETTERS

By Rudolph Shook

William McFee's *The Harbourmaster* is that rarity of rarities today, a glamorous adventure story. Not only is it fascinating in substance, but it is handsomely written, with a vivacity and beauty of style that is truly unusual, particularly in first person example. The raconteur is Mr. Spenlove, a cultivated and charming officer on a luxurious liner. He tells us and the passengers, who cannot go ashore, the story of Captain Fraley and Francine, the glamorous lady who literally came up out of the sea. Mr. McFee shows a magnificent disregard with which contemporary fiction is so burdened and introduces it only unobtrusively, but nevertheless skillfully. His novel, which has been compared to *Lord Jim*, is full of sound and colour and adventure. It is the story of a great love—the love of a man and a woman whose misfortune is that they happen to be incompatible. The current of the drama flows irresistibly from the time Mr. Spenlove begins his recital after the death of Captain Fraley and his wife (even this short-story-course method for preserving interest is not offensive). This book will delight especially those who are beginning to grow tired of "modern" novels.

Current nomination for the most attractive dance-tune: *The Continental* hit, *Kiss Me Goodnight*.

The Ape Man Syndicated: it must be extremely gratifying to one Edgar Rice Burroughs, provided he is not of an imaginative or introspective nature, to see the success his Tarzan is making for himself. Since the recent appearance of an extremely handsome young man as the Lord of the Jungle, newspapers have taken up the cry, with the result that Tarzan is now as famous as he was in the days of his youth. The cinema *Tarzan*, the *Ape Man* was a most interesting one, because it demonstrated the phenomenon of a film so silly as to be amusing, without taking itself seriously, even, as one reviewer remarked, occasionally satirizing itself, it provided an enjoyable and totally unbelievable entertainment, and one with all the lure of a penny-peek-show. Many of the scenes were obviously painted back-drops, the "thrills" were often more amusing than exciting, Tarzan's animal friends were ludicrous, and the picture was not at all what its producers claimed it was. In a way the same thing might be said of it that I said, reviewing Tarzan's god-father *Trader Horn* back in 1928—that, the advertisements are far more interesting than the show. Nevertheless, the film, because of its realities, its silliness, its obvious appeal of two handsome young people in a sure-fire situation, its peerless quality—because of its very faults, as "drama," and only because of them was *Tarzan* a successful experiment.

A casual word dropped in this column some weeks ago referring my readers to the startling Faulkner has occasioned comment. It was prompted, you will remember by a Mr. Thompson's little piece in *The Bookman* in which he named Faulkner and Robinson Jeffers as the high priests in the so-called "Cult of Cruelty." Nothing could be more distasteful to me than this continual reference to the matronly *Bookman*; but I feel I must add that the other member—Mr. Jeffers, has been mentioned by no less person than Canby in his *Saturday Review* as more deserving of the impending Pulitzer prize than Edna St. Vincent Milloy.

POETRY COLUMN

EXPLANATION

You want to know
 Why I am like this?
 Well—I can tell you.

You would not want to see
 The wind, harnessed in a tall glass cage,
 Swirling a few leaves
 Forever in a maelstrom.
 Nor would you like the sea to rage
 In a tiny space picked out by you or me—
 Losing its tangy smell and liquid gleam.
 A bed of violets—amethyst and green,
 In a cool sweet place among trees
 Cannot be equaled by long-stemmed "Florist" roses
 In a pewter vase.
 What would the Spring fragrance
 Be worth if sold like Coty's "Styx"?

Now,
 Can you see?

I am this way,
 Because, to be ME,
 Anything else is artificial.

I must be real—and free. —Alyce Ware

MARKS

With the avalanche of mid-semester mail (deficiency cards) comes several thoughts along the line of scholastic grades. The large number of warnings indicate several facts. To students receiving them it means concentration on those subjects in question to escape the final deficiency in these classes at the end of the term. To the faculty, in case of numerous failures, it places a question mark on their ability as teachers. So from faculty or student viewpoint, deficiencies present a difficult problem which is not easily solved and which is as frequently varied as misleading.

Scholastic grades or marks bring other thoughts to mind. Hardly anyone will insist that the present system of grading students is either ideal or the best system. It is absolutely necessary that some judgment be placed on student's ability, but with the judgment centered in one person the impossibility of accuracy is easily seen. No one would argue that one man can grade a class of fifty students accurately. Certain factors enter in; the personal equation, human dislikes and prejudices, sense of values and numerous other short-comings which are only human but are present. Any student realizes that he receives a higher grade in some subjects than he actually deserves and at the same time conscientiously feels that some of his grades do not represent his true knowledge of the subject. We understand that some schools have but two classifications—pass or failure. Much can be reasoned in favor of such a method.

But why all this on marks? Just this. It is extremely unfortunate that scholastic grades play such a major part in the student's life upon leaving college. Graduates receive teaching positions on the strength of their scholastic grades, candidates are received into professional schools on a similar basis and in other fields too much emphasis is placed on scholarly records. We think this attitude places an undue degree of centralization on the attainment of high grades with the resulting reaction of the student getting them by honest or dishonest methods. It is additionally unfortunate that a student's career rests in reality in the hands of his college teachers. The hardship worked on the student is easily seen. The old story of the college "flunker" who leaves college and makes good is applicable here.

This is not by far, our complete reaction to marks. We merely write this to invite a little serious thought on the part of college people. If the current system of grading is a weakness in our educational system, it must necessarily be abandoned. At least, what do you think?

SPORT LIGHTS

(By Alan McCarroll, '32)

The past week turned out to be a great week for Albright in the various fields of sports. The Track Team and Tennis Team each won, and the Baseball Team came thru twice in as many starts.

Mt. St. Mary's after five straight victories was unable to solve the masterful pitching of Luke Wenrich and went down to defeat. This game is indicative of the real power behind Coach Smith's men, and is a favorable omen for the future. East Stroudsburg proved to be an easy spot, and the Lions ran up their fourth victory with nary a defeat. It must be said, however, that after the first inning the Albright big-guns were rather silent, and only one run was scored.

On Friday, Stroudsburg tried to take away some honors from our trackmen but had little success on the short-end of a 75-50 score. Track records are always worthy of note. Shipe established one in the high-jump at 6 feet and 1/4 inch. The other was made by Bailey Gass in the Shot-put with a heave of 41 feet. The trackmen will take a crack at the Penn Relays to be held in Philadelphia, this coming Friday and Saturday. Captain Andrews and his men are expected to show some stiff opposition to their opponents during the two day event.

The racquet wielders also had little trouble with Stroudsburg winning seven matches and losing none. Not one set was lost by an Albright player throughout the entire match. The match to be played on Monday, at Lancaster, with Franklin and Marshall has been postponed on account of unfavorable weather conditions and will be played in the near future. B. F. Kradey of the F. & M. team was a member of the doubles team that won the National Boys' Doubles Championships several years ago.

The baseball team will remain idle until the 6th of May, when the team will meet Seton Hall. This will give our boys a chance to get in shape for the tough contest. Seton Hall has been a stumbling block in the past for Albright and will be keyed for the engagement.

The intra-murals open up this week so if you do not take part, go down and cheer for your classmates. These games have always attracted much interest, and the more interest that is shown by the students the broader will become intra-mural activities as a whole.

LIONS WIN FOURTH STRAIGHT VICTORY; MT. ST. MARY'S AND TEACHERS ARE VANQUISHED

Wenrich and Brookes Hurl Fine Article of Ball as Smithmen Continue To Win; L. Hatton Continues Batting Rampage; Teams Field Well

CRUTTENDEN HITS HOMER

Farrell and Bonner Lead Saints; While Bochinski Pitches Well After Poor Start

Wednesday, April 20, Albright College entered Mt. St. Mary's lair and won their third straight victory, 5-2. Up until they met the Lions, Mt. St. Mary's had won five consecutive victories.

Wenrich again proved most effective and as a result held the hard hitting "Saints" to eight well scattered hits.

Cruttenden, centerfielder again pulled the game out of fire by his homer to deep center with Wenrich on base.

Farrell and Bonner were the only two men to face Wenrich that were able to get two hits.

Albright scored in the second inning when L. Hatton scored from second able to get two runs.

Again in the fifth the Lions scored on a long single to center by Cruttenden.

The Lions scored again in the eighth when Hatton walked and then scored on Hino's long fly to right which was nuffed by Edeln.

Two more were scored again in the ninth by the "Lions," when Cruttenden hit his home run with Wenrich on first.

Wenrich had eight strike outs while Crum had four.

Score: r h e
Mt. St. Mary's 0 0 0 0 0 0 2 0—2 8 1
Albright 0 1 0 0 1 0 0 1 2—5 8 0

Batteries—Wenrich and L. Hatton; Crum and Stuka.

Saturday afternoon, the Albright Lions defeated the strong East Stroudsburg Teachers College tossers 7-4. This is the fourth consecutive victory for the Lions.

Stanley Brookes, former Kearney High star, did an effective job of twirling for the winners, allowing but eight scattered hits. A little wild in the beginning Brookes settled down to air-tight pitching only after hitting four Stroudsburg Teachers.

Larry Hatton continued his batting melee by slamming a homer and a single.

Tennis Team Blanks Teacher Courtmen

The Tennis team opened the season against East Stroudsburg and defeated the Teachers seven matches to none. The match was played on the City Park courts, at 11th and Pike, where the Albright players have been practicing for the past few weeks.

None of the Albright players were pressed seriously and won in easy fashion, in the first, second, and third singles, and first doubles. The first set scores were 6-0. Oritsky played an excellent game at number one. His opponent could not find any weakness in his game and gave him little competition. McCarroll playing at number two dropped only one game during the entire match.

Wick, Burger and Oritsky are the new members of the squad this year and will strengthen the team considerably. Wick and Oritsky are freshmen, Burger is a sophomore.

Jeff Snader, captain of the team was called away at the last minute and was unable to play. Hangen the captain of Stroudsburg was also absent, so that made it even.

Stroudsburg scored their first run the first inning. The Lions then retaliated and at the expense of Bochinski, scored six runs which gave the Lions a safe margin.

Again in the fifth both teams scored a run.

In the eighth the visitors threatened, but were only able to gather two runs.

Score: r h e
East Stroudsb'g 1 0 0 0 1 0 0 2 0—4 8 4
Albright 6 0 0 0 0 1 0 0 0—7 9 2

Batteries—Brookes and L. Hatton; Bochinski, Carpenter and Morgan.

Keep a Regular TELEPHONE Date with Home

HERE'S A TIP for Freshman! Now you're at college, you can always "go home by telephone." Regularly, or whenever you like, give Mother and Dad a call.

Tonight, for instance, pay them a "voice visit." Tell them how you're settling down. What a thrill they'll have to hear your voice—and maybe you won't enjoy it, too!

But, best of all, arrange to call home each week. That's a joy they'll look forward to as much as you.

FOR THE LOWEST COST AND GREATEST EASE

Set your "date" for after 8.30 P. M. and take advantage of the low Night Rates. (A dollar call is 60c at night; a 50c call is 35c.)

By making a date the folks will be at home. Thus you can make a Station to Station call rather than a more expensive Person to Person call.

Just give the operator your home telephone number. If you like, the charges can be reversed!

Nat. Philosophers Select Members

The Society of Natural Philosophy will hold its regular meeting Thursday evening at 7:30 in the Physics Lecture Room.

At this time new members will be admitted. Bids have been given to those students meeting the requirements in scholastic standing and number of credit hours in the exact sciences; mathematics, Physics and chemistry. Plans are being arranged for the election of officers for the coming year.

Bible Class Notes

The President, Harold Hornbeck, was in charge of the Bible Class which was held in the Theological Chapel on Sunday at 9:00 o'clock. The President read the Scripture, taken from Genesis 3, and Carl Sheaffer collected the offering. Irene Fray was at the organ.

Ralph Kresge discussed the lesson for the morning in a very interesting manner. He stressed the magnanimity of Abraham as compared to Lot's more selfish nature. Installation of the new officers took place after the discussion of the lesson. The new officers are: President, Edwin Minnich; Vice-President, Ralph Weigle; Secretary, Marion Myers; and Treasurer, Kenneth Bergstresser. It was suggested that the annual Red Bird Mission scholarship be called the Charles Shively Memorial Scholarship in his memory.

MODEL ASSEMBLY (Continued from page one)

Reconciliation of the Covenant and the Pact of Paris, and The Proposed Termination of the Iraq Mandate.

Friday evening there was a dinner-dance for the delegates at Drumhills Country Club. Some lobbying was done in preparation for the meetings that were to follow.

The final Plenary Session of the Assembly was held Saturday afternoon at which time the resolutions drawn up by the various committees were presented to the Assembly. Due to the large amount of business to be transacted several of the resolutions had to be tabled until the next session.

The following delegates from Albright represented Cuba—Kathryn Kutz, Mildred Reber, Anna Wanner, Jay Fay, Harry Miller, and Sidney Hoffman (chairman). Professor M. W. Hamilton was faculty adviser.

Dr. Gode Von Aesch Is Vesper Speaker

The Sunday evening Vespers were in charge of the Pi Tau Beta Fraternity. The devotional service was conducted by Harry Paul and Wilson Carvel. A vocal duet entitled "The Prayer Perfect" was sung by Harry Paul and John Wyle. Professor Gode Von Aesch was the speaker. His address was based on the significance of prayer. He emphasized the use and misuse of words and the beauty of language.

BYRD PRES. PI GAMMA MU (Continued from page one)

Pi Gamma Mu covers the fields of sociology, economics, political science, history, philosophy, psychology education ethics and religion. It publishes the magazine called "Social Science" for the purpose of popularizing the social sciences.

Admiral Byrd was chosen Honorary President because of his well-known interest in social science and its application to social problems. He became a member of Pi Gamma Mu in 1927 and in 1929 was appointed a member of the National Advisory Council.

In 1928 Admiral Byrd carried with him on his expedition to the Antarctic the blue and white checkerboard flag of the society, each square representing a chapter and the whole symbolizing the checkered career of mankind and the intricacy of social problems.

The Pennsylvania Zeta Chapter of Pi Gamma Mu was organized at Albright College in 1928. The first officers were: Pres. William R. Shaw; Vice-Pres. Blanche McCauley and Sec.-Treas. Harry F. Weber, Ph. D. The local chapter recently accepted 13 new members at the initiation banquet held April 7 at the Thomas Jefferson Tea Room.

This is surely swell weather we're having, swell meals, swell dances, swell everything. That reminds me, our pair tree is starting to blossom anew. Wouldn't be a bit surprised if there's an additional bud of Kennedy and Margaret Paul.

Well, the girls surely did pull off their glee club act in a big way. "Ede" Smith strutted her stuff. It pays to be individualistic at times. Didn't get tired did you Ede?"

Poor "Hen" Ain't it a crime he can't play tennis?

And speaking of "Hen's," did you see Henry (Jake) Orr strut his stuff Friday afternoon?

We often wonder if 6 P. M. really means 6 P. M. How about it John? Those doors may break some day.

We know of one Stroudsburg boy who was entertained. How's your Payne, Eva?

With all due respects to the Bell Telephone Co. and its splendid service, we would advise no long distance connections right before meals. Poor Wis couldn't even eat Friday night.
