

ALBRIGHT LAUNCHES 1930 DRIVE TODAY

DRIVE OPENS
WITH BANQUET
AT THE RAJAHJudge Marx Chairman of Drive
Enlisting 465 Men

\$500,000.00 IS SET AS GOAL

The final organization meeting of the workers engaged in the extensive drive being put on by Albright College will be held on Friday evening at the Rajah Temple. The financial goal is for \$500,000.00 and will extend over a period of ten days beginning on Friday, January 10. Judge Fred A. Marx, judge of the Orphans' Court, is chairman of the campaign and is directing it capably. The system being used is one which has been successful in many drives in the vicinity. The workers who number approximately 465 have been divided into divisions and teams. There are fifteen divisions, five captains in each division and each captain has a team of five men. These teams will be given definite assignments and will spend their time during the next ten days in securing subscriptions from the persons assigned to them.

At the large banquet which is being arranged on Friday evening, beginning at 6 o'clock, the final plans will be made and complete instructions given. Eighty of the college girls will be present to distribute the subscription lists to the teams and to act as chairman. Marx is every way possible. A gratifying number of men who are college students have expressed a desire to aid the campaign work and these "volunteers" will be placed on teams as workers. They will also be present at the banquet on Friday evening.

The members of the faculty at the college have subscribed at this early date and have given most liberally. The citizens and business men of Reading have pledged their hearty support and co-operation financially and the workers of the teams are men who are prominent in business and professional circles in Reading and the surrounding territory.

Dr. Werner Will
Speak at Skull
& Bones MeetNew Pledges to Be Accepted
After Applications

The Skull and Bones organization has been indeed fortunate in obtaining Dr. Frank Werner as speaker at their next meeting, which will be held next Tuesday night, January 14, at 8:00 o'clock.

Dr. Werner, a noted physician and chief dermatologist at the Reading Hospital, will speak on "Radium Therapy." He has prepared a well-illustrated and very interesting discourse which will be of benefit to all.

It is indeed very fortunate that we can again have the opportunity to listen to Dr. Werner upon a subject which is of great interest to the present day sciences, as well as to ourselves. Dr. Werner spoke at one of the Skull and Bones meetings two years ago. A great deal of benefit was derived from this lecture and we are looking forward to a similar lecture at this coming meeting. Don't forget, let us all come out. Next Tuesday night, in the Science Lecture Hall.

The Skull and Bones Society has completed its preliminary examination and investigation of prospective pledges to the organization. Applications for leadership have been sent out to prospective members.

Kids' Party Opens
Season for Quills"Youngsters" Enjoy Games and
Eats in Selwyn Hall

The Quillsters launched out on their 1930 social season with a delightful New Year's party, Thursday evening, January 9, in Selwyn Social Room. They descended from the lofty realm of the literati to become "real" youngsters again; youngsters who could revel in the fun of games and eats. Bob Work, the master pianist of the campus, and his entertainment committee, together with Alice Ware and her co-workers on the refreshment committee, made the event postponed from 1929, the "greater" success for which everyone was hoping.

Watch for the date of the Round Table discussion, Quillsters! Remember, it is to be an off-campus event!

LEHIGH 'U' FIRST
CONTENDER IN
COLLEGE DEBATE"Kellogg Peace Pact" To Be Dis-
cussed in Chapel Tonight

The first inter-collegiate debate of the new year takes place in the college chapel this evening.

Lehigh University will be our opponents defending the negative side of the question: Resolved, "That the United States withdraw from Kellogg Peace Pact."

The query is a timely one and will be ably discussed by Lehigh's team, which by its name, is one of the best squads the Bethlehem institution has developed in the past two years. Dr. Weber has been coaching our Affirmative team for this contest zealously as he expects the debate to be keen. Defending Albright will be Glenn W. Shaffer, James Richiutti and Raymond Sheetz.

Just a word about forthcoming debates. Let's plan our time so that we may be able to attend these contests. The questions, every one of them, are such as will hold the interest of every clear thinking person and furthermore, they are real, up-to-the-minute subjects. Let's make a fine showing Friday evening in the chapel.

On Tuesday, January 14, our Negative squad working on the same question, will travel to meet Juniata College at Huntingdon, Pa. Blumberg, Mendelsohn, Tucker and White will make the trip and represent Albright.

Juniors Select
Cast for Play"Oh Kay!" To Be Presented At
Woman's Club Feb. 13

The Junior Class is making preparations for the annual Class Play to be presented at the Woman's Club, Thursday evening, February 13.

The play selected is "Oh, Kay!" a comedy in three acts and interlarded with mystery and thrills, written by Adam Applebush. A social will follow the play. Tickets on sale next week at fifty cents each. Don't forget to reserve that evening.

In the cast are: Paul Teel, Hazel Hill, John Dengler, Marian Costello, Virginia Zug, Helen Fredericks, William Maier, Charles Wolf, Franklin Emmett, Kathryn Hoffman and Arthur Erickson.

Prof. L. L. Stutzmann and Miss Helen D. Mizener, Y. W. C. A. secretary, will coach.

Smith Discusses
Russian Question
at Open ForumExplains Relation Between Eng-
land and Russia

COLLEGIANS ARE PRESENT

On Monday evening, January 6, at 8:15 o'clock, Rennie Smith, a member of the House of Commons in English Parliament, gave a most enlightening lecture on the possible co-operation between Britain and Russia so as to obtain mutual interests and benefits. A large group of Reading's more intellectual folk gathered at the Woman's Club for this talk and an open forum afterward.

Mr. Smith is most capable of discussing this subject, as he has held many responsible positions in the parliamentary unit of the English group and the Labor Government. He first touched the hearts of his listeners by his assertion that he felt at home in Reading, because there were in Reading, England, and even though the inhabitants of the two are different nationalities, it does not matter, because he loves the Germans, too.

The speech was most interesting and should have been attended by more college students, if for no other reason than that he was a person fresh from another country and lent an atmosphere entirely different from ordinary speakers. Especially it would have been interesting for the students who heard the talk by Mr. Oberlander on his travels thru Russia. For those, it would have made the conditions more understandable—the conditions that make co-operation a goal for which to strive.

As Mr. Smith enlarges on the subject, he describes Russia as a country about which there seems to be a veil of mystery. There is much for and against the country, but until lately, the bad points seem to have overbalanced the good. It seems that a person is either violently in love with the fanaticism of the religion, or one is influenced by extreme hatred for it. The post-war regime was so incompetent, so incomplete, that the power of the repressed, ill-treated people must swing in the opposition direction—like a pendulum—swinging from one extreme to the other.

From 1921 to the present time, the relations between Britain and Russia have been few. This was because of the air of Bolshevism that was hovering above the large country of marvelous possibilities. But now the

KARLIP IS HIGHEST SCORER

After playing a superior brand of basketball for the first three periods the Lions weakened sufficiently to allow the Bulls to nose them out by a 42-38 score. Coach Smith's team led in every department of the game with the exception of foul shooting. Gettysburg got 14 out of 19 tries for fouls, while the Albright five registered but six out of 18 tries. The Red and White quintet took the lead at the start of the game and led at the end of the half by a 20-18 point margin. The third quarter was a continuation of the superb type of basketball that the two teams displayed during the first half of the contest, but the last quarter developed into a rough battle for supremacy.

The foul goals registered in the beginning of the last quarter by the home team gave them a slight lead which they maintained until the end of the game. The Lions inability to hold out during the last quarter can only be accounted for by the fact that they have not as yet been able to return to their pre-vacation form.

Karlip, "the scoring guard," topped the scorers with 13 points, while Dave Neff came in a close second for the visiting Lions with 11 points. Bull Firing played the game with a hand which has not entirely healed from an injury received a short time ago. "Bull" failed to score from the field, but gave a good account of himself through his excellent floor work.

Captain Cramer led the Bullet scorers with 11 points and MacMillan was a close second with 10 points.

Return Game With
E-Town for GirlsSextette Journeys to Elizabeth-
town for Game Saturday

The Girls' Varsity will play their second game on Saturday night when they meet the sextette from Elizabethtown in a return game at that place. The Red and White six made a fine showing when they defeated the E-town girls several weeks ago. The team however put up a good fight and a fast game is expected with plenty of opposition when they are met on their home floor.

This is the first game at the head of a hard schedule with fast teams in colleges in Pennsylvania, and the team is being drilled into a smooth working machine. Ten girls will make the trip, their names to be announced by Coach Van Duzer on Friday.

PERSIFLAGE

HASH!!
By SCHULTZ

How many of you have heard the one about the traveling salesman who went to the farmhouse and—there I go again! You'll really have to pardon me. I get that way sometimes. It's the resolutions that do it. Do you make resolutions? It really is a terrible waste. Who wants to get rid of a habit anyway? And anyway, nobody ever does get rid of one no matter how many resolutions he makes. No, I'm wrong! I do know of a fellow who made a resolution, and actually kept it for the rest of his life. But that wasn't so long. He died on January 4. Personally, we resolve not to make any resolutions.

And say! Doesn't it feel great to get back to Albright, and the dear old lessons after your tiresome vacation? We certainly were glad to get back to the old Coll. We have a chance to rest now, and get a bit of sleep. Which statement is really more truth than poetry, you'll have to admit. We got less sleep per day than we've had for quite a while; and less fun on the dollar too. You know, a dollar doesn't do much now. We'd like to be living in the old days when good beer was 5c per schooner, and 16c was the price of a pound of butter. Boy, just think of it! A fellow could take the rib out for a riotous evening on 50c. Lord, bring back to us once more the old days when a five cent cigar was not made of tarred hemp.

TAKING ETHER

My life was balancing
Consciousness swiftly advancing,
Perhaps be lost
For hours.

Oh—that I could have sought
A short prayer, before my thought
Would be
Snuffed out.

But the fear overcame prayer
And in anguish I lay in there
Slowly taking
Anaesthetic.

Could I but say a little more
I might refuse to enter by this door.
But e'en
Voice gone.

Opening my eyes hastily in boldness
But only a stinging, burning coldness.
I was going
To be lost—

Once more in vain I fought.
I clutched my numbing hand and
sought
Comfort

But to no use.
Surprised to find my feeling was
leaving

Oh God—was this meaning
Facing that great
Eternity?

I heard a deafening ringing in my
ear
And hid my head to escape fear
Only to loose
Last thoughts.

And then into that great oblivion
Cares and hopes all driven.
Unknown
For hours.

Fraternity Notes

ZETA OMEGA EPSILON

The members of the fraternity returned to the school after enjoying the holidays at their respective homes. Fraters Kunsman and Hangen were pallbearers at the funeral of the late Frater James.

The fraternity is planning to hold the mid-year social on Saturday, February 8, 1933. This social will be held in the Iris Club in Wyomissing, for the members and the alumni and also their friends.

Frater Sherrid spent the week-end at the fraternity quarters.

ALPHA PI OMEGA

The semester election of officers was held on Monday, January 6. The offices of president and vice president were to be filled and Albert Mallet and Glen Shaffer were chosen to fill the respective offices by a unanimous consent of the fraternity.

Frater Irvin Smith was a guest of the fraternity on Wednesday, Jan. 8.

"Acceleration, rather than structural changes, is the key to an understanding of our recent economic developments."—From the report of President Hoover's Committee on Recent Economic Change.

YESTERDAY, the rumble, creak, and plod of cart and oxen. To-day and to-morrow the zoom of airplanes. Faster production. Faster consumption. Faster communication.

Significant of electricity's part in the modern speeding-up process is the fact that during the last seven years, consumption of electric power increased three and one-half times as fast as population.

General Electric and its subsidiaries have developed and built much of the larger apparatus that generates this power as well as the apparatus which utilizes it in industry and in the home.

The college-trained men who come every year to General Electric take a responsible part in the planning, production, and distribution of electric products, and at the same time receive further technical or business training.

Archbishop O'Connell of Boston,
Endorses Movement

A notable list of church dignitaries, including the bishops of nine Roman Catholic dioceses, from every section of the United States, are among the latest to add their endorsements to the work and objects of the newly-formed Catholic Students Travel League. Their commendation of the project follows closely upon the endorsement of His Eminence, William Cardinal O'Connell, Archbishop of Boston.

Letters approving the purpose of the Catholic Students League to serve the travel needs of Catholics throughout the U. S. and Canada, particularly on tours to Europe, have been received by William V. McCarthy, executive secretary, at local headquarters of the organization, No. 551 Fifth Avenue. The scope of the Catholic Students Travel League is country-wide, and its services are offered to all students, faculty, alumni, friends, families and others planning on making trips to the Old World.

Nine states are represented in the list of bishops who have just forwarded endorsement of the League and the territory covered by their dioceses comprises 327,169 square miles. The following are the new names among the hundreds of educators at leading Catholic schools and colleges who have endorsed the Catholic Students Travel League:

Rt. Rev. Robert J. Armstrong, D.D., Bishop of Sacramento, Calif.
Rt. Rev. Christopher E. Byrne, D.D., Bishop of Galveston, Tex.
Rt. Rev. Michael J. Gallagher, D.D., Bishop of Detroit, Mich.
Rt. Rev. Edmund F. Gibbons, D.D., Bishop of Albany, N. Y.
Rt. Rev. William J. Hafey, D.D., Bishop of Raleigh, N. C.
Rt. Rev. Mathias C. Lenihan, D.D., Bishop of Great Falls, Mont.
Rt. Rev. William A. Hickey, D.D., Bishop of Providence, R. I.
Rt. Rev. John J. McMahon, D.D., Bishop of Trenton, N. J.
Rt. Rev. Joseph F. Rummel, D.D., Bishop of Omaha, Neb.

Arrangements have been completed by the Catholic Students Travel League to handle this year the largest movement ever made to Europe by Catholics from the United States.

Canada. More than forty tours outlined for 1930. A majority of the itineraries feature the Passion Play at Oberammergau.

W. Coleman Nevils, S. J., president of Georgetown University, Washington, D. C., is chairman of the Executive Council of the Catholic Students Travel League. The Very Rev. Thomas J. Deegan, D.D., president of Cathedral College, New York City, is chairman of the Advisory Board. Reservations are already being made by the league for its featured tours for next summer.

Hunt Reviews Haage Program

Discusses Main Themes of Harold
Bauer's Repertoire

Continuing with his informal talks which serve as invaluable preliminaries to the course of concerts offered by George D. Haage, at the Strand Theatre, Professor Hunt presented a talk with musical illustrations on the music of Harold Bauer's program, this Thursday at 8.00 p. m. in the chapel. Particular attention was paid to numbers two and three below, i. e., those by Franck and Schumann.

Harold Bauer is probably one of the three or four greatest living pianists. The program will probably be the most interesting of this year's concert series.

The program for Harold Bauer's recital of next Monday evening is as follows:

(1) Air de Ballet, Gluck-St. Saens;
Le Carillon de Cythere, Couperin;
Sonatina, Scarlatti.

(2) Prelude, Choral, and Fugue,
Cesar Franck.

(3) Etudes Symphonique, Op. 13,
Schumann.

(4) Reflections in the Water,
Serenade of the Bell, and Serenade
Dancing (from "The Children's Corner") Debussy; The Wind, Charles
Aiken; Ballade in A Flat, Chopin.

Mr. George D. Haage, who engages the series of artists kindly extended to the entire student body of Albright the opportunity given to piano student only (in the city as a whole) to purchase tickets for this concert at half the regular prices. It is hoped that many will avail themselves of this opportunity.

ARGOLA

(Continued from Page Two)

A large staircase, also covered with scarlet velvet, was at one end of the hall. The hall was dimly lighted by candles, behind crimson glass. Don Julio shuddered at the ghastly effect and yet he was fascinated and began to ascend the stairs. Up and up and up. All along the way there stood men, saying nothing, but with expressions of dumb misery on their faces. He noticed with a start that they were chained to the staircase with golden chains, so that they could not leave the castle but could go anywhere inside it. On and on and up and up went Don Julio, admiring the gruesome splendor of the castle. Finally at the top of the stairs he came to a door. He opened it. Then he entered the room and closed the door behind him. From the other end of the room came a rustle of silk. He was alone with the queen of the vampires.

III.
His senses dulled by a mysterious perfume, Don Julio became aware of the tall figure approaching him with a graceful and snake-like glide. Even then he was only aware of her face. Argola's face was very white, except her mouth, which was scarlet and seductive. Her hair was combed back, away from her ears, to a jet Ruot on the nape of her neck. From her ears hung two beautiful ruby earrings. She was dressed in black.

"Stay with me," said Argola, "I will love you, my servants shall serve you, and soon I will show you my dear sister Macabre."

As she parted those beautiful lips Don Julio saw what she hid—cruel and pointed teeth.

"Lovely Argola," he said, "only close your mouth and I'll stay."

Argola's long, tapering fingers crept up and pulled his head down in a long embrace.

The next guest at Argola's castle found, on the scarlet staircase, a handsome young man chained with a golden chain. If he had looked closer he would have seen two marks on the dumb throat of the poor young man who had expected to go back to Amar. He has known Argola. . . . —R. S., '33.

ELEANORE BOESCH

Our first impression of Eleanore was her timid and unassuming nature. Eleanore has never much to say, but we know "still water runs deep" and never doubt the fact.

Eleanore is classed as one of our studious, persistent workers. We never see a look of disdain upon her countenance, but rather a timid smile.

We find Eleanore very much interested in chemistry, which is not by any means an easy branch. She is rather undecided about what she wants to do after graduation, but nevertheless we all wish her the best of luck.

ple resided. Many other interesting sides of this contest that is to be, were discussed.

Mr. Smith, himself, looked like a young college student as he stood before the people talking so earnestly and forcefully on a great subject, and I'm sure he would have been delighted to have seen a large number of young men and women there, who as the leaders of tomorrow's politics, ought to be taking some notice of current affairs now.

MEN OF ALBRIGHT!

THE combination of a good looking shirt and a crisp new tie has a tonic effect on any man—not to mention the impression it is bound to make on the ladies!

The Ellis Mills Store has been pleasing young men since its foundation and hopes to help you choose the next Shirts, Ties, Socks and other Accessories that you buy. Incidentally, you should see those SOCKS.

Men's Furnishings are right inside Penn Street Entrance.
