

## Fraternities Band For Common Action

### Zakrison Ends Session On Positive Note

"We'll all have to come back with the thought that we will really get something done next semester. That is the only way we can show that we're really worth something to this campus." These were the closing words of President Herb Zakrison, '59, at the last Student Council meeting this year.

During the meeting, the council discussed having a "name" band for Ivy Ball, the petition to be sent to the Faculty Athletic Council, and the awards dinner. Zakrison announced the committee heads for the coming year.

#### Students Request

Students have requested that a "name" band be hired for Ivy Ball. Alah Seifarth, '60, (Day men rep.), has received band bids ranging in price from \$1000 to \$1750. Student Council would like to get the opinion of the entire student body before they make a decision on this issue. Student Council would appreciate if each student would take the time to fill out the questionnaire and return it to the Student Council suggestion box in the main lobby of the administration building.

Steve Nicolo, '59, (Kappa rep.), presented the letter written by a council committee requesting a student representative on the Faculty Athletic Council. The letter is as follows:

#### Council Petition

"The Student Council of Albright does, by this petition, express desire to seat a (one) member on the College Athletic Committee to represent the student body.

"Our appointment would be made after careful consideration of the student's intimacy with college athletics, both varsity and intramural, and in the knowledge that valuable experience would be gained by the choice of an upperclassman to serve indefinitely on this committee, subject to recall by the council.

"It is our wish that this person should assume all the responsibilities and, consequently, all the privileges of the other members."

The council unanimously passed a motion that this letter be sent to George C. Bolman, chairman.

Zakrison announced that the Student-Faculty Awards Banquet on Monday night will begin at 5:30

(Cont. on Page Four, Col. Two)

### Seniors' Days Are Numbered

The seniors' undergraduate days are numbered now. Prior to commencement of June 1, the class will hold its last activities as a group of undergraduates.

On Saturday afternoon, May 24, a picnic will be held for seniors and their guests at the Galen Hall Hotel, Wernersville. Ralph Cyphers, '58, chairman of the event, said that the \$5 per person fee will include a complete clambake, use of the swimming pool, games, and a combo for dancing in the evening.

#### Senior Reception

The following day a reception will be given for seniors and faculty members by President of the College, Harry V. Masters and Mrs. Masters at their home, 1605 Palm Street from 3 to 5 p.m.

Continuing the round of fetes will be the traditional senior breakfast to be held this year at the Glockenspiel restaurant on May 31.

The senior schedule will be culminated on game 1 by the afternoon commencement exercises, preceded by a baccalaureate service in the morning.

As previously announced, the baccalaureate sermon will be preached by the Rev. Carl M. Schneider, of Philadelphia, in Krause Hall at 11 a.m.

#### Lack To Speak

Frederick R. Lack, a vice president of the Western Electric Company, will deliver the main address at the commencement exercises in the fieldhouse at 3 p.m.

Both of the above speakers will be recipients of honorary degrees that afternoon. The Rev. Mr. Schneider will receive an honorary doctor of divinity degree from the college, as will the Rev. Mervin A. Heller, executive secretary of the Greater Reading Council of Churches, and Col. Carl F. Gunther, Army chaplain. Lack will receive the honorary doctor of science degree.

### Stewart Names Committee

Alexander "Sandy" Stewart announced this week the names of those who are to serve on next year's orientation committee. Stewart also named his sub-committee chairmen and disclosed some details of his proposed schedule.

Those who are to serve on the committee are: John Alderman, '60, Larry Bergstresser, '60, Coleen Brown, '61, Cindy Cook, '61, Barbara Cox, '59, Daniel Damon, '60, Sally Dettra, '59, Fred Dietzel, '59, Robert Duhamel, '61, Clifford Franks, '59, William Garrett, '59, Ernest Glese, '61, Clair Graffius, '59, and Ruth Hansen, '60.

Also Nancy Hartman, '61, Mary Ellen Hunsberger, '60, Patricia Hutchinson, '61, Steven Lipkin, '61, David Lombardo, '61, Herbert Miller, '61, Judith Miller, '61, Steven Nicolo, '59, Agnes Oaks, '61, Robert Peerless, '59, Celia Petrucelli, '59, Robert Poff, '60, Amelia Potteiger, '59, and Nancy Ratajczak, '60.

Also Jean Rengert, '59, Barbara Rittenhouse, '59, Margaret Schultz,

### Student-Faculty Dinner

Plans are now being completed for Albright's first annual Student-Faculty dinner. The dinner is scheduled for Monday night.

More than 30 separate types of honors and awards are to be made at the dinner. The dinner will begin at 5:30 p.m.

The success of this dinner depends upon the participation of the student body.

'60, James Smallwood, '61, Elizabeth Smith, '59, James Still, '59, Ronald Stuber, '61, Mike Teitelman, '60, Maxine Thus, '59, Virginia True, '61, Al Whitlock, '61, and Mary Ann Ziegenfuss.

Bergstresser, Smith, Potteiger, Nicolo, Miller (Herbert), and Damon were named as chairmen of the dining hall, music and cheers, outing, reception, social and worship sub-committees respectively.

Stewart said for the first time the orientation committee expects to receive a definite budget from the administration. "Knowing just how much we can spend should enable us to plan the best Orientation Week ever held at Albright," stated Stewart.

He concluded, "We plan to follow the regular schedule that has been used in past years. However, we hope to make a few improvements within the events themselves."

### Raepfel Announces New Library Policy

Dr. Josephine E. Raepfel, librarian, has announced that the library will be opened from 10 a.m. to 4 p.m. every Saturday next semester except those Saturdays we have home football games.

Dr. Raepfel explained that the library was not open on Saturdays this year because there was not enough money allowed on the budget. "Now that I know the students would like to have it opened, I have requested a larger budget from Dr. Masters. He has granted my request."

There will be no facilities in the library for group study. Herbert Zakrison, '59, president of Student Council, is trying to find a place on campus for this type of study.

### Precedent Set For Future Fraternity Cooperation

Representatives of the four campus social fraternities met this past Tuesday night to discuss common problems concerning conditions of their house leases. A precedent was set when the fraternities banded for a group action of this type.

### Two Junior Women Will Head May Day

Scrolls and charges for the perpetuation of May Day on Albright's campus were presented to Barbara Rittenhouse, '59, and Anne Young, '59, at May Day exercises last Saturday.

Sarah Bell, '59, received the scroll of Custodian of the Crown for Miss Rittenhouse, '59, who was not present for the activities. Virginia Hatton, '58, presented Miss Young with the scroll of the Mistress of Ceremonies.

These two girls were chosen as chairmen of May Day 1959 by the women of the junior class at an election held after the Thursday chapel program prior to Parents' weekend.

#### History Major

The new Custodian of the crown, a history major, is planning to teach upon graduation. Miss Rittenhouse is president of the Daywomen's organization, a member of the Phi Beta Mu sorority and a member of Pi Gamma Mu, the honorary social science fraternity.

This past year the new custodian was a Student Council representative for her sorority and secretary of the Daywomen's club. As a freshman and sophomore, Miss Rittenhouse, served on *The Albrightian* staff.

#### Plans To Teach

Miss Young, a home economics major, is also planning a teaching career. She is president of the Student Education Association, secretary of the YM-YWCA cabinet and chaplain of the Pi Alpha Tau sorority.

Miss Young, who hails from Lansdale, has been a soloist for the Glee Club this past year and served as accompanist for the Glee Club and octet. This year she also served as vice president of SEA.

### 1958-59 Registration Slated For Tuesday

Fall term registration will be held Tuesday from 8 a.m. to 12 noon in Krause Hall.

Spring registration for the following semester is conducted so that the administration may prepare for the new school year with an adequate academic program and with the necessary facilities.

All students who fail to register May 20 will be charged the \$3.00 late registration fee.

Students who have scheduling problems or feel they would like to discuss their program are urged to see Dean of the College George W. Walton, Miss Anna R. Benninger, Registrar, or their faculty adviser before Tuesday.

Schedules will be carefully checked before they are accepted. All cards must be written in ink. It is advisable to have a copy of the new catalog for reference concerning courses, credit hours, and course numbers.

Registration will close promptly at 12 noon in order to prepare the hall for afternoon examinations.

The discussion centered around the leases under which their respective fraternity houses are operated. The administration has announced, in connection with the proposed off-campus move of the Kappa Upsilon Phi and Zeta Epsilon Omega fraternities, that it wants all fraternities to have exactly the same type of leases.

#### Group Announces

The composite group announced that it wants a lease similar to those controlling the Kappas and Zetas at the present time. Under this type of lease the fraternity would pay the school a yearly rental fee for the use of the house.

Presently, members of the Alpha Pi Omega and Pi Tau Beta fraternities operate under a rental set-up identical to that of the dormitory students. Each man pays the standard dormitory room fee directly to the college.

The proposed plan would have the fraternity members pay this money into the house treasury from which the school would be paid. The fraternity would assume all operating costs. The Kappas and the Zetas made clear that this arrangement has been very satisfactory to them, and that they would not like to see any changes made.

#### Fraternities Agree

If all four leases must be the same, the fraternities agreed that they would rather have the one which they are proposing than the leases controlling the operation of the APO and Pi Tau houses.

Those present at the meeting felt that the proposed lease would serve to make the "fraternity members feel more like fraternity members"

(Cont. on Page Four, Col. Two)

### Pre-Law Society Joins Campus Scene

A new pre-law society, Epsilon Nu, has recently been established at Albright College with the approval and consent of the Faculty Committee on Student Activities. Membership into Epsilon Nu is open to all enrolled at Albright College.

The objectives of this organization are to insure a better grasp of the majesty of the law, to provide for communications with professionals in the field, promote a better understanding of the indispensable need for law in the regulation of the affairs of men, and to secure the benefits resulting from valuable experiences in law.

#### McFall President

At a recent meeting of this society, David McFall, '59, was elected president. Other officers elected were Robert Peckham, '59, vice president; and Janet Weber, '59, secretary-treasurer. The faculty advisor is Charles A. Raith, professor of political science.

Judge Albert S. Readinger will install the charter members on Tuesday at 7 p.m. in the Lawyers' Lounge of the Court House. After the installation, representatives from the Jr. Bar Association and the Sr. Bar Association will speak to the group.

More Alumni would return to campus

Make it a Big All-Campus Weekend

Help create more school spirit

I would/would not like to see a name band at the Ivy Ball

## Campus Fraternities Show New Attitude

The four social fraternities are to be congratulated on the meeting which they held Tuesday night. The meeting, which centered around a discussion of lease problems common to all fraternities, marked a new step in inter-fraternity relations.

Although the proposals which arose from the meeting are open to discussion, the attitude under which it was held is not. Too long have the fraternities been separated by minor rivalries—acceptable in the intra-mural arena, but out of place in other areas of college life.

The Inter-Fraternity Council should have brought the fraternities closer together. This it has not been able to do. Why, we will not venture to say.

It is our hope that the fraternities, as a result of this meeting, will at last be able to present their proposals to the administration in a clear, calm and intelligent manner. We further hope that the administration will accept this new attitude.

Improved relations mean improved action toward our common goals.

## Suggestions For A Future Ivy Ball

Student Council President, Herb Zakrisson's suggestion that we secure a "name" band for the Ivy Ball is worthy of much consideration. We feel that an activity of this sort would definitely add to the value of the social calendar.

However, it appears that something has been overlooked. Ivy Ball occurs on the Friday night prior to Homecoming Day. A large number of our students will be engaged in other activities during the weekend. Many of them can not afford the expense of two large social affairs in one weekend.

Therefore, would it not be possible to move the Ivy Ball up to the last week of September? This is just two weeks after the school year begins. Students still have a few dollars left from the summer. The date does not conflict with any other major college social event.

Might it not be worth while to attempt this course of action? This way we could have the Ivy Ball and a "name" band and still continue to have the same type of Homecoming Week-ends as we have had in the past.

## Sorority Women Show Desire For Houses

Recently three representatives of the Phi Beta Mu and the Pi Alpha Tau sororities approached President of the College, Harry V. Masters with a petition, signed by the members of their respective organizations, requesting the establishment of sorority houses on campus. Masters received the young ladies very cordially and discussed their request at length with them.

However, Masters stated that the final decision on matters of this sort is in the hands of the Board of Trustees. The Board will not meet again until next September.

It seems to us that this request is a valid and reasonable one. It is deserving of more immediate action. Two campus buildings are in the process of being remodeled for women residents at the present time. It would appear that these buildings would suit the purpose ideally.

Would it not be possible to call the Executive Committee of the Board of Trustees into special session? The women of the sororities have a right to expect more from their memberships than the right to pay dues and to belong to an organized group for social purposes.

## Activities Are Rungs On Ladder Of Life

By BEVERLY BARTHOLD

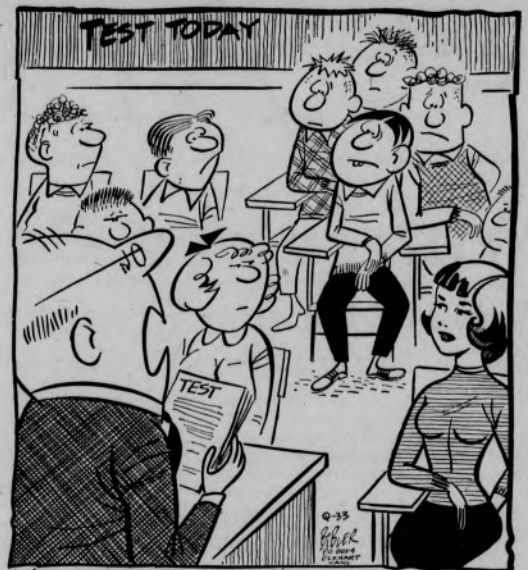

With the passing of the college year, we find ourselves ready to place our foot on the next rung of the ladder toward a future goal. To the freshmen it has been a very lengthy step. And, it seems that now is as good a time as any to look back on what we have accomplished in this past year.

Some students have assumed new duties and responsibilities; others have given of their time and effort to participate in sports, clubs, and other activities. Thus, it is important that we realize it is not so much what we get out of Albright as it is what we put into it that counts. For those of us whose foot has slipped, rather than rationalize, we should face up to the fact that no one is to blame but ourselves. When once we have become honest with ourselves half the battle is won. Then it is necessary that we endeavor to correct the faults.

### Firm Footing

So, no matter how high the ladder, it is essential we get a firm and steady footing every step of the way. This can be accomplished only through perseverance and in many cases self-sacrifice.

However, when we eventually arrive at the ultimate step, we can gaze with rapture at the green pasture we have reached and know that all our struggles have been worthwhile.

## On Rain Graduation

Spring rains come often  
Sprinkling, sinking, showering,  
soaking,  
Seeping deep into the dank dark earth.  
And yet they go  
As suddenly as they come.

The sun appears—  
Greedy soaking up the moisture, freshly made,  
From deep within the earth.  
The cycle repeats — birds sing,  
flowers appear, trees grow.

At last!  
After all those days of rain  
The sun is high in the sky again.  
O'er all the dancscape, a glad song prevails,

In the city, on campus, on hills  
and in vales;

To all who pass by, robins try  
to convey  
Their joyous feeling—it's May!  
it's May!

The cap and gown line so fine,  
Stepping down the aisle by twos,  
Familiar faces one and all,  
As were seen in many a hall.

While sitting in your seat at last,  
Awaiting the seaker's closing word,  
You think alone of four years past,  
And of commotion you have stirred.

Not neglecting friendships true,  
Memories still, so sharp and true.  
All help to bind us all in all,  
To Albright's ivy-covered wall.

As diplomas pass from hand to hand,  
And applause rings loud and clear,  
You step so quickly in retreat,  
To "Pomp and Circumstance's" beat . . . thinking:

As I leave thee, Albright College,  
With my thoughts so brave and true,  
I never will forget you,  
As my daily tasks I do.

## Parting Senior Says, 'We've Changed'

By Ron O'Reilly

"Before I came to college I was a shy introverted neurotic, after four years I can say I've changed. Now I'm a loud mouthed, blatant psychotic." With these unserious words one of our classmates is planning to leave our campus (I think he said his name was Napoleon). Another student replies to the general meaning of four years and a few thousand dollars with the simple "I get a diploma."

Last week Dave Pettit wrote an optimistic article on the vague (and probably broke) future the seniors will face. This week we're interested in trying to find some reason for this optimism, possibly called senioritis.

### More Candence

Quite a few seniors, when asked to summarize their benefit from their campus life replied by telling of feelings of greater confidence. Some have acknowledged increased mastery of knowledge (some admit they have conquered only part of knowledge). They have learned to study, to seek, to evaluate. Some

have even learned where to use their knowledge, for them we use the term wise.

One fellow also claimed a greater confidence in people, and in his answer, we may agree, is the deeper significance of college. True, not all of us have confidence in the rest of us. These are not to be clubbed over the head with the greater verbosity of the idealist. There is no denying that many experiences of college lead each of us, some time, to doubt the intelligence of the rest. We soon find that we do not all agree, at least not on the surface.

### Deeper Sense

Nevertheless, we also may find, if we have been given enough reason to look, that in the deeper sense we are similar. We may find that those who, during our freshman year, we envied and idealized all have their problem and short comings. We find that those whom we have scorned may have abilities and thoughts far more nobler than ours and possible more realistic. We find, as we grow in personal confidence, we were also forced to recognize the calling of another's views

"screwy" did not subtract any of our own views. We found, perhaps, that the other guy reached his screwy views through the same experiences we have had.

### Wisdom Needed

We found that wisdom and knowledge are not the same; and, unhappily, we found that both had to be experienced—another lesson in democracy. We noticed that not all college professors are learned or able, that not all administrations are completely realistic or consistent, but we also realized, perhaps, that not all those who complain are saints—another lesson is humanity.

Four years of college, for some they mean meeting the reality of personal capacity, of personal worth. Some have met God here, others have learned to love our God and some have found no help at all—another lesson of failure. Surely we are beat, and we have found that the idea that this college is an "ivory tower" is not complete for here we have met real problems, real tears, and real people. Some of us have dedicated our lives — another lesson in meaning.

# Bucknell And Lafayette Smash Lions

## IN THE LION'S DEN

By MICHAEL TEITELMAN, Sports Editor

If it was nothing else, the 1957-58 sports year was eventful. It was not a successful year in terms of victories won, but the Albright Lion competed in over 110 athletic events, and always could say he had done as best as he could.

The football season was a dismal flop. A green and inexperienced Lion eleven was hard hit by injuries, the Asian flu and lack of depth. The best thing to do is to forget about it and wait till next year, as the transplanted L. A. Dodgers used to say.

The next gridiron season will be different in one way at least. The Lions won't open with Bucknell, but instead have scheduled Drexel Tech in the opener. The schedule is much more representative than it has been in a long time and with good freshmen talent and some luck anything could happen. A preseason forecast: The Lions will win four games, but watch out for Juniata.

### Injuries Hit Basketball Quintet . . .

Injuries can't possibly hit the basketball quintet as hard as it did this past year. The injuries at the beginning of the campaign to Captain Merrill Eckhart and center Wayne Hudson kyoed the Renkenmen. A fine performance by Fred Dietzel saved the Lions from a worse record than 10-16. Freshman Stan Kaminski showed good improvement and exceptional promise.

Highpoints of the season must be the 75-68 conquest of Seton Hall and the 77-76 upset over tournament bound St. Joseph's. The Lions also won over Lebanon Valley at Annville for the first time in six years.

Next year is an if year for the Renkenmen. If both Hudson and Eckhart recover completely from their injuries, the Lions will be a good club. But Renken will need a solid starting forward and increased bench strength if the club will be any threat to win the Northern Division of the Middle Atlantic Conference.

The wrestling squad showed such great improvement that this reporter selects Gerald Barger as the Coach of the Year. From an unimpressive and inauspicious beginning last year with the first year of wrestling on the campus to a .500 season the next year is a formidable task. Barger got great help from Middle Atlantic Champion Ron Green and Frank Chavez. Terry Stoltz and Bud Kaufman were winners along with Jerry Knapp.

### Grapplers Need Heavyweight . . .

The grapplers only apparent need is for a heavyweight and then they can set their sights on a better record. Hats off to the most improved team on the campus, the wrestlers under Gerry Barger.

The netmen continued their winning ways with another fine record. With three matches to play, Carl Witonsky and company have an 7-2 slate. This comes on the heels of the best tennis team ever at Albright, the 1957 squad which had a 12-3 record.

Gene Shirk's cindermen lacked depth in the running events and had one of their poorest seasons in years. With only Dick Kelly, Mike Varano, Dick Thrasher and George Mack to compete in the running events, the Lions lost valuable points. Hats off to two top performers, Brad Breneman and Charlie Smith. Breneman broke the school pole vault record with a vault of 12' 6". Smith was a consistent scorer in the broad jump and the high jump.

Thus 1958 is almost over. And here is a wish for a nice summer to all and a hope for the winningest teams in Albright's history in '58-'59.

## Shirkmen Finish Sixth In Middle Atlantic Test

Albright College's track and field team placed sixth in a field of eighteen schools in the Middle Atlantic States Conference track and field meet at West Chester. The Lions tabbed 9 1/2 points to finish behind St. Joseph's, LaSalle, Lafayette, Lehigh and West Chester. The big man of the meet was Ira Davis of LaSalle who won four events, the 100, 220, 400 yard runs and the broad jump. The 9 1/2 points for Albright was compiled by two men, Brad Breneman and Charley Smith. A new record for Albright was set by Breneman in the pole vault, finishing second in the meet with a leap of 12 feet 8 1/2 inches. Cliff Browning of Delaware won the pole vault jumping 13 feet 2 1/2 inches. Charley Smith finished the high jump with a tie for second with

a jump of exactly 6 feet and also placed fourth in the broad jump leaping 21 feet 2 inches. Gil Brinkerhoff of Lafayette took the high jump at 6 feet 1 inch setting a new meet record and Davis of LaSalle won the broad jump at 22 feet 10 inches.

### Other Albright Competitors

Other Albright competitors included Dick Kelly who finished fifth in his heat for the 100 yard dash, Wait Diehm who finished fourth in the semi finals of the 120 yard high hurdles and John Setticerze and Jack Cunningham who both failed to qualify for the finals in the shot put and pole vault events.

The Lions meet PMC at home tomorrow.

## Netmen Eliminated From MAC Title Contest

The Middle Atlantic States Collegiate Championships in tennis were held last Friday and Saturday at Haverford. Albright's representatives fell to defeat in the eliminations as Bob Pratt of Haverford College rallied to gain the championship toga.

Albright's Carl Witonsky and Jack Reinhart lost to Pratt and Bob Fullard of Haverford, who were top seeded in doubles competition, in two sets of 6-1. Reinhart lost to Jay Swartz of PMC in a singles encounter in three sets, 6-2, 5-7 and 7-5.

### Witonsky Defeats Witner

Witonsky fared well in defeating Bill Witner, Franklin and Marshall, 6-1, 8-6, in the second round after drawing a bye the first time around. However, he bowed out as Bob Smith of Swarthmore edged him in sets of 1-6, 6-1, and 10-8.

In winning the championship, Pratt removed defending champion Bill Scarlett of Lehigh. Ironically, Scarlett ousted Pratt as defending champion last year, but Pratt gained his revenge in sets of 6-1, 4-6 and 7-5.

The two netmen battled for two hours and 35 minutes before Pratt outlasted Scarlett. However, Scarlett gained some consolation as he combined with Lowell Latschaw to win the doubles title from top seeded Pratt and Fullard 6-4, 6-3. Scarlett was top seeded in singles competition.

### Lions Wallop Juniata

In regular court action at home last Saturday, May 10, the Lions walloped Juniata by an 8-1 score. Carl Witonsky, Glenn Ruoss, Charles Sample, Ernie Firestone and Ted Gabriel won singles matches for Albright as the Lions upped their record to eight wins and two losses.

## Glenn Cunningham To Speak Here

Glenn Cunningham, one of the greatest milers in track history, will speak Tuesday evening at 8:00 o'clock in Krause Hall. His talk is sponsored by the Methodist Board of Temperance and the Y's of Albright College.

Cunningham's record of 4:04 indoor mile stood for more than a decade and at his retirement he had run the mile under 4:10 more times than all other runners combined.

In 1938 he received the Sullivan Award as the outstanding athlete of the year. He was captain of the American track team touring Europe and the Orient in 1933 and in 1936 he was voted the most popular member of the U. S. Olympic team by his fellow teammates.

Cunningham earned a B.S. degree from Kansas University, an M.S. degree from Iowa University and a Ph.D. from New York University.

Cunningham tours the country talking to youth groups and in an average year addresses from 300,000 to 500,000 young people.

Witonsky laced Jack Merrill, 6-3, 6-3; Ruoss beat Chuck Feeley, 6-1, 6-2; and Sample dropped Del McQuaide in sets of 6-4, 6-8 and 6-0. Firestone mauled Dick Ott, 6-1, 6-0; Ted Gabriel defeated Jim Lear in two sets, 6-0, 6-1 and Jack Reinhart fell victim to Juniata's Jerry Leatherman, 6-3, 7-5.

In completing the rout, Ruoss and Witonsky pooled talents to beat Merrill and Leatherman, 6-4, 6-4; Firestone and Reinhart slaughtered Feeley and McQuaide, 6-1, 6-0; and the Ot-Lear duo from Juniata bowed to Albright's Gabriel and Sam Zerner in sets of 6-2 and 6-3.

## Lions Finish Fifth In MAC Golf Playoff

Albright College placed fifth in the Middle Atlantic States Collegiate Golf Championships at the American Legion Country Club in Mt. Union, Pennsylvania. The two day tournament, held Friday and Saturday, May 9 and 10, engaged the participation of a record number of eighteen colleges.

Coach Howard "Hops" Guldin's quartet of linksmen consisted of Bill Breneman, Bill Protheroe, Bob Goodman, and Jim Smallwood. Each participating college sent a four man team which played a total of 36 holes in two days. The aggregate total of the four players' scores comprised the overall team score for the tournament.

### Lehigh Wins Team Title

Lehigh University annexed the team title with a total of 666 strokes or 76 strokes over par, since the American Legion Country Club sports a par of 74. Albright's 684 was 92 strokes over par. Other teams finishing ahead of Albright

were Hofstra with 670, Lafayette with 672, and Muhlenberg with 681.

Among the remaining team participants were representatives from host Juniata, Moravian, Gettysburg, Delaware, Western Maryland, Franklin and Marshall, Johns Hopkins, Drexel, Swarthmore, Wilkes, West Chester, Lycoming and defending champion Bucknell.

### Lentz Individual Medalist

Bob Lentz, a junior from Johns Hopkins, was individual medalist with a 158 total, the highest individual medalist score in the nine year tournament.

Four players tied for second place at 160 in individual honors, which had to be decided in a sudden death playoff. Al Gore of Lafayette notched the second spot after the playoff and was followed in order by Nat Young of Swarthmore, Jay Gettig of Juniata and Tom Volke of Moravian.

## Record Now Stands At 3-7

The Lions absorbed losses six and seven of the campaign to Bucknell and Lafayette, respectively, by scores of 19-2 and 8-2. Overall the season log stands at 3-7 with six games washed out and three games, not counting yesterday's game with Scranton, left to play.

The Bucknell Bisons turned the game into a stampede with 17 runs in the first four innings. Victims of this devastation were starting pitcher Richie Greene and reliever Joe Wertz.

Greene lasted only one-third of an inning. In this time he struck out one, walked six, and gave up seven runs. Greene's record is now 1-1. Wertz followed Greene on the hill for three and two-thirds innings, giving up ten runs. Jack Tucker finished the game, which by agreement was limited to seven innings, with a two inning stint in which he was touched for two runs.

### Lions Muster Nine Hits

Offensively the Lions mustered nine hits; two apiece by Bob Shoup, Jim Doremus, and Bob Moller, while Bruce Young, Mike Weinhold and Fred Dietzel contributed one apiece.

The Lions scored only in the fifth inning when Shoup tripled and rode home on Dietzel's circuit blast into left-center.

A talented Lafayette nine took advantage of five Lion miscues to record their fifteenth win of the season. Dietzel (2-2) started and pitched for six innings. Greene followed with a two inning relief job.

Dietzel struck out twelve men in six innings, but the Leopards touched him for nine hits and eight runs. In the second inning Lafayette pushed across three runs on two hits. Errors by Charlie Kachel and Tony Pawlewicz were turned into runs as the Leopards followed up with back to back doubles.

### Leopards Add Two More

The Leopards added two more runs in the third inning on one hit. The leadoff batter walked, stole second, and continued to third as Doremus' throw went onto centerfield. The next batter sacrificed him in. Another error by Kachel, a single to rightfield, and a fielder's choice resulted in another run.

The Leopards continued scoring with another two runs in the fourth. A single, two stolen bases, a single to rightfield for one run, and a triple to left accounted for the runs. The Leopards concluded their scoring in the sixth with one run on a triple to right and a double to right.

Offensively the Potsdammen got three hits; two by Young and one by Doremus. Young singled in each of his first two appearances. Both times he was left stranded as Lafayette pitcher Ray Smith fanned the following batters. Doremus hit a double in the second inning, but Smith struck out the next two men.

### Lions Score Two

The Lions cashed in with two runs in the fifth. Dietzel started things off with a walk. Pawlewicz walked, as did Young. With Mike Matto batting Lafayette changed pitchers, and the new pitcher, Ray Evanko, wild pitched to score Dietzel and advance the runners one base. Matto walked to load the sacks again. Shoup followed with a sacrifice fly to left to score Pawlewicz.

Tomorrow the Lions will host Muhlenberg on Kelchner field. Tuesday the Potsdammen will host Moravian, before travelling to Bethlehem on Saturday with a return match with Moravian in the season finale.

# LITTLE MAN ON CAMPUS BY BACK

"SOMETIMES THEY GET PRETTY INDEPENDENT WHEN THEY GET HOLD OF THAT DIPLOMA!"

## Albrightian Gives Faculty Chance To Rate Students

Students are forever evaluating their instructors and professors. Admittedly, most of this evaluation takes place in terms of "easy" and "hard." Very little centers around intellectual ability and achievement.

Interested in learning what things look like from the other side of the desk, The Albrightian asked the following question of several instructors and professors: What do you think of Albright Students as an intellectual group?

Some professors asked to remain anonymous in their replies. Below are some of the more typical answers.

**Anonymous:** "They aren't. I do not believe that the liberal arts college fosters the intellectual type of student. I take as an indication of this the usual campus "bull sessions" which do not center around ideas, theories, etc. Rather, they concern student council, dates and athletics."

**Dr. James D. Reppert, instructor in English:** "On the positive side, the school places in the middle intellectually. We have placed two Fullbright and one National Rotary Fellowships. On the other side, we are something of a backwater—too provincial. Above all we suffer from a cultural homogeneity. We need intellectual competition and conflict."

**Dr. Felix W. Gingrich, professor of Greek:** "I would say that we are somewhat above average, but not too much so."

**Dr. Charles E. Kistler, professor of History:** "I think that they are capable, competent people. They don't believe in themselves, however. They are not willing to work. If they had more faith in their own abilities they might work more. All students, from one end of the world to the other, are lazy." (Ed. note: Ho Hum, we are.)

**Clyde A. Harding, professor of English:** "They stand about the same as the students in other colleges with which I am familiar."

**Eugene H. Barth, professor of Religion:** "They are an average college group. It appears to me that there are some students, possessing unusual capacities, which are either not challenged or not fulfilled—or both."

**Dr. Josephine R. Raeppl, librarian:** "I consider them to be very intellectual. They are very much interested in their studies. When-

## Pre-Ministerials Induct Members

The Kappa Tau Chi Honorary Pre-Ministerial Fraternity held its annual banquet at Reeser's Restaurant last night. Highlighting the evening was the induction of new members and the installation of new officers.

John H. Weaver, '61, and John S. Weaver, '61, were installed as president and vice-president respectively. Other officers installed were Dan Damon, '60, secretary; James Garafalo, '61, treasurer; and Thomas Webb, '61, chaplain.

Robert Peerless, '59, acted as master of ceremonies. Entertainment was provided by Martha Richards, '59, a guest, and members of the fraternity.

Instructor in Religion and Mrs. Ronald E. Cocroft and professor in English and Mrs. Clyde Harding attended the banquet as chaperones.

## Alpha Phi Omega Inducts 12 Members

The Mu Eta Chapter of Alpha Phi Omega, National Service Fraternity, this week announced the induction of 12 new members. Following the induction ceremonies, new officers were elected and a resume of the year's activities was presented to the group.

The new members are, Steven Agins, '61, Earl Adams, '60, David Bloomgarden, '61, Merrill Cohen, '61, Mitchell Cohen, '61, Warren Faust, '60, Roy G. Fleischer, '60, Warren Weidman, '61, Barry Walters, '61, Ronald Wanner, '61, Stephen Wiener, '61, and Mr. Paul Garrison, Scout Executive of the Daniel Boone Boy Scout Council, Reading.

### New Officers

Elected to serve as the new officers were: David Dohner, '60, president; Herb Zakrisson, '59, executive vice president; Adams, corresponding secretary; and Jay Miller, '60, recording secretary.

The members were reminded that during the past year they have participated in the Homecoming Week-end Festivities, operated the college cloakroom on several occasions, and have acted in the interest of Albright College whenever the opportunity was afforded.

## Thrasher To Receive Marine Commission

On Sunday, June 1, more than one hundred Albright seniors, dressed in the traditional black caps and gowns will enter the esteemed ranks of the college graduates. Well, all but one senior will be dressed in the traditional black cap and gown.

R. Richard Thrasher, '58, will approach the platform (ready for battle) in the dress whites of the United States Marine Corps officer. For in addition to his diploma, Thrasher will receive, this first day of June, his second Lieutenant's commission.

Thrasher earned his commission by spending a total of 16 weeks in pre-basic training at Quantico, Va. Although he expects his first assignment to be as a member of the Marine Corps track and field team, Thrasher is hoping for an overseas assignment, as an infantry officer, early next year.

**Charles A. Raith, professor of political science:** "I have been occasionally impressed with certain of our students. However, it is a limited few that indicate any intellectual demands either of themselves or of their instructors. These students make themselves evident by asking penetrating

## Greek Weekends To End With Pat, Mu Affairs

This weekend marks the conclusion of the Greek-letter social events for the year with the event of the Phi Beta Mu and Pi Alpha Tau spring weekends.

The Mu's annual dinner-dance, to be held tonight at Stokesay, will begin at 7:00 p.m. Music will be presented by the "New Trends." Tomorrow, the sorority is planning a picnic at North East, Maryland for themselves and their dates.

The PAT weekend begins with the annual overnight tonight at

Blue Mountain camp. The sorority's dinner-dance at the Hotel Traylor in Allentown will be held tomorrow evening at 6:00 p.m. A highlight of the evening will be the installation of Elizabeth Smith, '59, incoming PAT president, by Virginia Hatton, '58, president. Jack Chiarelli's orchestra will provide the music. On Sunday the PAT's and their dates will have a picnic at Egleman's Park.

## EUB Conclave Condemns Tests

The Central Pennsylvania Conference of the EUB Church recently, by a majority vote, took a stand against further nuclear testing by the United States. The conference's position resulted from a resolution reported out of the social action committee of the conference.

The conference, one of three in Pennsylvania, and a sponsoring conference of Albright College, meets annually. The social action committee has as its responsibility the formulation of policy resolutions concerning, what it considers to be, key social issues — issues upon which it feels the conference should take a stand.

### First Such Stand

As far as can be determined this is the first EUB conference to take such a stand. The conference representatives passed the resolution on the grounds that it (the conference) stands against anything that could lead to wholesale human destruction.

The resolution as passed was forwarded to relevant officers, including the President and the chairman of the Atomic Energy Commission. Other stands recommended by the Social Action committee and accepted by the conference were against the use of alcoholic beverages, tobacco advertising, and gambling.

President of the College, Harry V. Masters and The Rev. Robert S. Smethers, director of church relations, attended the conference as observers. Although they did not take part in the voting, they attended all the conference meetings.

questions, by taking a discussion beyond the elementary ideas."
