Lion Cagers Bow To Bullets, 77-71, In Thrilling Game

Gettysburg Overcomes Albright Lead to Win

Albright Lead to Win

With Bill Snyder showing the way, the Gettysburg Bullets tacked the season's second loss on Albright's cagers Wednesday night in the new gym, 77-71.

The blond sophomore had 20 points for his night's work, most of them coming under the boards. For Albright, Connie Dettling also had 20 markers, and freshman Bill Spaide had 19. Joe Lang popped in 18 for the winners, mostly on set shots.

The Lions opened the scoring with four straight points on a foul by co-captain George Amole and a foul and field goal by Spaide before Dale Kleinfelter broke the ice for the visitors with a tap-in. With Spaide scoring nine points, the hosts widened the first period until Dettling's bucket gave them a 21-14 edge at the buzzer.

In the second period Snyder

nosts wide ened their margin throughout the first period until Dettling's bucket gave them a 21-14 edge at the buzzer. In the second period Snyder really caught fire and connected for 12 points as the Bullets overtook the Lions and pulled ahead. Snyder's tap-in tied the count at 22-22 and then, after a foul by Spaide, he dropped in a one-hander to give the visitors the lead, 24-23. With Snyder and Lang both hitting, the Battlefielders ran up a 55-28 margin, but John Schiavo and Ed Conrad hit with one-handers for Albright to make the half-time count read 35-32.

Albright's starting five returned to action in the third quarter, and Dettling's field goal knotted the score at 38-38. But the Bullets came right back and opened up a 46-42 advantage. At this point Spaide and Mike DePaul gave Albright the lead, 48-47. Two more buckets by DePaul and Spaide put the Lions on top once more, 52-51, but this was the last time. With their fast break working well, the visitors poured it on in the last quarter and at one time had a tenpoint bulge, 73-63. Bob Pizolatta accounted for nine of the G-burg markers in the last period.

The Albright JVs overwhelmed Leinbach's Hardware, 62-33, in the preliminary.

Globetrotters To Play Here

Game Scheduled For Dec. 26 in New Gym

Although the 1951-1952 season which marked their silver anniversary was the most eventful in their history, the Harlem Globetrotters have many surprises for the fans on their current tour which brings them to the new Albright Collége Fieldhouse on Friday evening, December 26th.

Always one to strive for giving basketball fans an evening of high grade entertainment, owner Abe Saperstein has assembled what he regards as his finest array of play-ers and showmen for his 26th campaign which will keep his cagers busy until next October.

Albrightians Visit United Nations Building in N.Y.C.

"The structure of the building was breathtaking. I was very much impressed with the Chinese dele-gate who discussed the problem of Tunisia in the meeting of the Trustee Committee." Editorial

Various actions taken by certain individuals and groups of Albright students recently forces us to conclude that far too large a percentage of the students are ridiculously immature. The burning of "The Return of the Native" in the daymen's room, the throwing of water on carolers at the men's dorm, and the walking over gardens of rival frat houses, to mention only a few, are cases in point.

We frankly wonder how the perpetrators of such actions were able to be admitted to Albright in the first place. How can we the students legitimately ask for more selfgovernment and self-control from the administration in making our decisions when we persist in not taking the responsibility of self-discipline. However, this is not the whole aspect of the problem right reason. The leak of fearth and the responsibility of the problem whole aspects of the problem right reason. The lack of faculty support to the caroling as was evilenced last Tuesday night wien no member of the facuity showed up at President Masters house also serves to deepen the chasm of intra school relations. It seems that all of us connected with Albright in any way should seriously take stock of ourselves and our relations with others before too much more time elapses to the detriment of everyone.

A piano solo was rendered by Richard Smoker, and a violin solo, by Rodney Bentz. Prior to the concert, Christmas carols were sung by the audience.

Council Views Constitution

Equal Representation Is Subject of Debate

A special meeting of Student Council was called by Pres. James Buch last Tuesday for the purpose of discussing the possibility of re-vising the representative system of Student Council for the new constitution. The first order of business was the appointment of Fred Berger as the new N.S.A. chairman replacing Ray Weitzel, who resigned last week.

Next William Schmidt moved

signed last week.

Next William Schmidt moved that council incorporate the present representative system in the new constitution. Berger then moved the previous question, which passed, thus bringing Schmidt's motion to an immediate vote. Weitzel then called a quorum stating that it was not in the best interests of the students, nor fair to the rest of the council members, who still desired to discuss the problem, to railroad through the motion. A quorum was not present since the constitution stipulates that two faculty members must be present for a full quorum. Thus the council meeting was ended and no permanent action could be taken on Schmidt's motion. The council members then went into a committee meeting which proved to be active and revealing. First the possibility of limiting fraternity and sorority members from representing non-fraternity and non-sorority organizations was suggested by Nancy Imlay. This policy is presently be-

President Buch frankly stated that President Buch frankly stated that the Pi Tau Beta fraternity attempted to and were successful at stacking the Student Council by electing Pi Tau representatives through the day men. Joanne Duffy of the day women also admitted that the day women representatives are elected by the expedient of asking the question, who would like to waste an hour every Tueslike to waste an hour every Tues-day. Furthermore, accusations of cliques and blocks were also made.
