Annual Mardi Gras To Have Gay Nineties As Center Theme

'Bustle Bizarre' To Take Place March 27 In Dining Hall

"Curses, foiled again!" That by popular choice is the villainous cur who amid the hissing of the Gay Nineties audience trails the hero and heroine astride a bicycle built for two.

The Bustle Bizarre, the erstwhile Mardi Gras, will take place March 27, at 7:30 p. m. in the dining hall. Booths will line the walls. Souvenir flowers, weight guessing and tintype photography are just a few of the activities the 5¢ admission fee will open to the patrons. At 9:30 p. m., booths will be closed and gay Iothario and Jenny Prim will bustle to chapel to see a grand old melodrama which will be climaxed by the entrance of the hero, heroine, and villain.

The general chairman for the Bustle Bizarre is Marjon Bittenbender. The committees functioning under her are as follows: melodrama—Millie Reubsam, chairman, Polly Walls, Emma Hafer, and Miss Esther Fenill, advisor; Decoration—Ethel Mae Yeakel, chairman, Irma Peoples, Pat Smith, and Joanna Wentz; Dining Hall committee—Doris Schlosser, Rillie Lee Wright, Honey Sheppard, and Miss Ann Benninger, advisor; Publicity—Jean Bomgardner, chairman, Betty Laverty, and Dottie Reher.

The purpose of the bazaar, sponsored by the Y. W. C. A. is to raise money for social service for the ensuing year.

Seniors, Sophomores Take National Tests

Albright Maintains High Standards

"What kind of architecture was that that some writer said looked like a chest with all the drawers pulled out and who won the pennant in the American Association?" This is what is heard when senior meets senior and sophomore meets sophomore, all as the result of the National Comprehensive Testing Program given last Monday, Tuesday, and Wednesday to all seniors and sophomores at Albright.

There was another question current that was not included in the tests—What is the purpose of the tests?

The testing program is sponsored by the National Council of Education to determine a standard of achievement for American colleges and to rate colleges according to the fixed standard. In this way, colleges are rated as below average, average, and above average according to the scores of the students tests. The tests function mainly to find out how much the student has achieved in learning.

Albright has participated in the testing program for the last three years. Each time it has placed on or above the level of the norm. Last year it was decidedly above the norm. These very satisfactory results indicate that, in the fields tested, Albright is doing a very fine job of providing students opportunities for learning.

May Day Committee Asks Girls To Cut Dresses

The May Day committee informs us that the material for the costumes has arrived.

They would like to have as many girls as possible cut out their costumes as soon as possible so as to speed up the May Day arrangements.

Dr. J. Arthur Heck Speaks To Theologs

Program Features Refreshments

In the lower social room of the Evangelical School of Theology last Tuesday, the seminary administration and student body played host to the college's pre-ministerial students. The members of Kappa Tau Chi, Albright's pre-ministerial fraternity, shared the fellowship in place of their regular meeting.

Dr. J. Arthur Heck spoke to the group concerning the policies of the new administration in reference to college students, curriculum and other items of interest.

Informal singing, corn-popping and soda-popping added to the pleasure of the evening's program.

Dr. R. W. Albright To Lecture On Lent

Will Speak At Last Service

Next Tuesday evening at 7:15 p. m. in the College Chapel, Dr. Raymond W. Albright, professor of Church History and Christian Education in The Evangelical School of Theology, will lead the last of a series of Lenten meditations sponsored by the college Y. M. and Y. W. C. A.

Dr. Albright will speak on the subject: **The Significance of Lent.** All students are invited to come to this meeting.

Faculty

Here is Prof. Neal O. Harris, director of physical education and elusive coach of basketball strategies which give Albright opponents quite a "Harrising." This athletic mentor received his B. S. from Franklin and Marshall and his M. S. from University of Pennsylvania.

Dr. and Mrs. Harry V. Masters visited New York last Friday with Mr. and Mrs. George Bollman.

Rev. Leroy Bringer will present the college movies and address the seniors of Manheim Township and Manheim borough high schools.

He will represent Albright at a career conference at Quakertown High School.

Debaters At State Convention Discuss Youth's Part In War

Seymour Mendelsohn To Head Committee On 'Waging War'

Three representatives of the Albright debate squad are attending the Pennsylvania Debaters' Convention at Penn State College to discuss the general topic, "What is Youth's Part in the War?"

For the first time, a student of Albright is serving as chairman of one of the three committees engaged in proposing resolutions to the convention assembly. Seymour Mendelsohn, who placed third in the presidential election last year, was chosen to head the committee on the question, "How can Youth best help in the prosecution of the war?"

Earle Stetler will present the Albright resolution to the committee when it meets this afternoon. Patricia Smith, who assisted Stetler and Mendelsohn in drafting the resolution, will attend another committee meeting dealing with the problem of youth and war finance.

Dr. John B. Douds, debate coach, accompanied the group. Tomorrow evening he will serve as a judge in a regional speaking contest on Pan-American affairs.

The debaters' convention will meet tonight and Saturday morning to consider in parliamentary session the adopted resolutions of the various committees. The assembly will adjourn Saturday noon following the election of a president.

Yeakel and Fye Debate At Moravian College

Ethel Mae Yeakel and Verna Fye participated in a debate at Moravian College, Bethlehem, March 17. They assumed the negative on the question of "Civil Liberties".

Retraction

It seems that there was an error in the item of last week entitled "Council Says:". Because of being misinformed, we stated that playing on the campus was restricted to the field opposite Selwyn Hall. We have kindly been informed that the field between the science building and the theology building can also be used for this purpose.

Annual Passion Play To Be Given Sunday

Paul Bently Sands To Direct Dominoes

"Even Unto Death", a passion play in one act, will be given by the Domino Club in the college chapel on Sunday night at 9:00 p. m. This play is one of many that have been given annually in observance of Passion Sunday.

The scene of "Even Unto Death" is laid in the house of Calaphas, where Jesus is brought to trial. The story revolves around the convictions of Timma, servant maid of Calaphas.

Paul Bently Sands, head of the Echo Dell players, is the director. Mr. Sands, who is also connected with the Wyomissing Institute of Fine Arts, is a student of Frances Robinson Duff, who is the teacher of Katherine Hepburn, Ina Claire, Betty Field, and many others.

Cast in the play are Geraldine Ross, Margaret Sheppard, Arthur McKay, Richard Major, Gerald Holman, Jacob Wagner, William Ostonari, Charles Miesse, and Saul Pokrass.

Miss Elder, faculty advisor of the Domino Club, is in charge of costumes and properties. Dorothy Gaul is acting as her assistant. Make-up will be in charge of Ruth Hand and June Hausman.

On Bull Sessions

By JANE.

Bull sessions! That term has been used about so much and college students have been ridiculed so often for these almost proverbial gab fests that we fail to think of them objectively any longer. But what would we do without them!

Just the other night I was one of these would-be philosophers in a bull session. It's surprising how satisfying they are without your having said a word that will benefit the world in any way. They are as subjective as the things I write. At any rate, this bull session I was speaking of took place in the girls' day student room. There were only three of us, but three are enough when they are as talkative as we. It began on a personal note concerning weight and ran along something like this:—

General impressions are funny . . . Polly and Sally have been mistaken for one another several times because of their common general impression of neatness . . . Extremes in personality are always the kind that attract attention and go places . . . People making no

extreme impression seldom have a chance because people aren't willing to take the time to discover hidden depths . . . The worst you say about any person is that he is "nice" . . . Any term, no matter how radical, is better than nice. Nice people are the way you feel when coming out of a deep sleep—a little dozey . . . What makes the difference between the person and a person? . . . Mmm! . . . Initiative! The people fight and push ahead . . . Posture means a lot in general impressions . . . Posture and initiative are two important points in this man's world.

We didn't say a thing during that hour and a half, but somehow we had a certain feeling of better understanding, of seeing the other's mind in action. We left feeling like the best of friends.

So criticize the bull session, ridicule it, but remember—all those little things make you feel a part of any college. Eliminate opportunities for bull sessions (mighty hard to do when they crop up anywhere) and you eliminate chances for a congenial campus life. Long live the bull session!

NOW We Know!

Last week's editorial on the defense council seems to have struck a beehive and peevd quite a few important personages on the campus. It seems that we "missed the boat" entirely. The facts, we are told, were overstated. It seems that there were practice blackouts—the girls' dorm had at least two! Things are being done!

Sure, things are being done! Now we know there were practice blackouts—NOW, we said. We apologize wholeheartedly to those who thought we meant that nothing was being done. That was not our intention. We merely wished to point out the fact that nothing was said about it.

The incident may have seemed unimportant to the defense council and not worth being published. We realize that there are minor details that need no mention. However, if you will scan the local newspapers, you'll find that whenever a local community has a blackout or some other defense activity, that fact is mentioned. Isn't Albright College a community?

How About A Break?

Tomorrow is the first day of spring and the time has come for a young man's fancy to turn to—well, quite a number of things.

One of these things looms forbodingly on the horizon as a dark and gloomy ordeal. Yes, you guessed it—it's final exams!

It seems that every year this same matter comes up and is thoroughly discussed—pro and con. So, therefore, we have decided to bring the item to your attention.

Here are some of our views on the subject—two to be exact. First of all, due to the curtailment of the social program and the telescoping of the school term, the seniors are going to be rushing around the last two weeks of school like worker-bees looking for a store of honey in a field of dried-up Canadian thistles. Why not give them a break? The professors should know by that time whether or not the class will graduate.

And talking about professors brings up the second point. To wit—the heavy schedules of the profs due to the many defense chores which they have undertaken. When in the world will they find time to correct the test papers? The poor guys are so loaded now that some of them don't get more than 4 or 5 hours of sleep every night. That will never hold out. Why not give them a break also?

Take A Letter

"Now look here, I fired three girls for revising my letters, see?" said the Boss to his new Steno.

"Yes, sir."

"All right, now take a letter and take it the way I tell you."

And the next morning Mr. O. J. Squizz of the Squizz Soap Company, received the following letter:

"Mr. O. K. A. J. or something, look up, Squizz, what a name, Soap Company, Detroit, that's in Michigan, isn't it? Dear Mr. Squizz, Hmhmhmhmhmhm. You're a h— of a business man. No, start over again. He's a crook, so I can't insult him or the bum'll sue me. The last shipment of soap you sent us was of inferior quality and I want you to understand—no, scratch that out. I want you to understand—Hmmm—unless you can ship—furnish—ship, no furnish us with our regular soap, you needn't ship us no more period or whatever the grammar is, and pull down your skirt. This darn cigar is out again."

"Where was I? Paragraph. Your soap wasn't what you said—I should say it wasn't. Them bums tried to put over a lot of hooey on us. Whaddya flappers want to paint your faces up for like Indians on the warpath? We're sending back your last shipment of soap tomorrow. Sure, we're gonna send it back. I'd like to feed it to 'em with a spoon an' make 'em eat it, the dirty bums. Now read the letter over—no, don't read it over, we've wasted enough time on them crooks, fix it up and sign my name. What do you say we go out to lunch?"

Softball To Start Monday

If you are looking for some place to go this Saturday night, take your girl friend to the Northwest gym to see the charity basketball doubleheader between the Regar Alumni and the 148th Infantry All-Stars from Indiantown Gap in the main attraction and the Albright Frosh and the 148th Infantry Reserves in the preliminary.

The doubleheader is being promoted for the benefit of the Berks County U. S. O. and Salvation Army units. First game starts at 7:45 and the main affair at 9 o'clock.

Albright's Kenny Hopkins and Chin Rhoads will occupy starting berths with the famed Regar five, former International junior champions. Also in the Kandy Kids lineup will be Pete Yousaitis and Dave Reiniger.

The service team is composed of ex-collegiate stars and hold the championship of the 37th Division of Ohio. Neal Harris will use his regular freshmen lineup against the 148th reserves.

Quoting that old joke: "In the spring a young man's fancy turns to baseball and other forms of pitching." It will soon be time for the intra-mural lads to start tossing the softball around.

Every time we think of the excellent baseball material on the campus — it makes us feel sad. Albright officials dropped the national pastime from the college sports program four years ago.

Lack of playing facilities was the reason.

Annex Crown With 27-16 Win Over Day Students

The Mu basketball team came out on top in the sorority and non-sorority league when they defeated the Non-Sorority day students by the score of 27-16. "Worm" Leinbach and Ann deFarges were the big guns of the sorority sisters. The mighty mites of the day students, Lucy Griswold, Alda Matz, and Montana Seidel did their best to stem the flood of field goals, but the Mu's had things pretty much their own way.

Today at 4:30 in the Thirteenth and Union Gym the final game of the season will be played, when the sophs tangle with the junior-senior team.

Next week the W. A. A. will start its spring sports program. Archery and badminton classes are planned under the direction of the sports leaders. Dorothy Gaul and Jean Seidel will be in charge of archery, which will be held at the stadium on Tuesday, 10:30-12:30, 2:30-4:30; Wednesday 2:30-4:30; and Thursday 10:30-12:30. Badminton classes under the direction of Dorothy Reber, will be held in the Thirteenth and Union Gym Monday or Tuesday at 4 o'clock. Jean Bomgardner, softball manager, has urged the girls to get out their bats, balls, and mud shoes and get in shape for the baseball league beginning April 7. The highlight of last year's season was the Mu and Pat game in which "Whitey" Whitehead almost single handedly beat the Mu's with her excellent pitching.

Intra-Fraternity Council Reports Six Teams Slated To Compete

Zetas Hold Solution To Intra-Frat Crown

Play-off To Be Held Tuesday Evening

The Zetas hold the key to the solution of the second half championship which is to be decided Monday night in the Thirteenth and Union gym. With the Kappas leading the A. P. O.s by one game an upset of the mighty Kappa five and an A. P. O. win would throw the league race into a tie for first place.

The Zetas have to stop Paul Michaels and Nick Schneider if they hope to tumble the Kappas. These two stars have scored between themselves 489 points and are one of the big reasons for the Kappa success.

The play-off game between the Zetas and the winners of the second-half crown will be played Tuesday night, March 24, at the Thirteenth and Union gym.

10 Twilight Games Are Scheduled In 30 Game Lineup

Spring is here! We haven't seen many robins, but the opening of the intra-mural softball league is a good sign. The curtain raiser will see the Pi Tau Beta nine meeting the A. P. O.'s on Monday afternoon.

Reports from the Intra-mural Fraternity Athletic Council reveal that six swat aggregations will compose the league. Of this number, the Frosh are the newcomers, replacing the former Frosh-Theolog team.

Following the lead of the major leagues, the schedule committee has listed 10 twilight games. The 30-game lineup has each aggregation playing 10 contests.

Pre-season forecasts show the Zetas as first choice to defend their crown. The defending champs still have such stars as George Manderbach, Clem Boland, Dick Weber, and Frank Bertino to call on. Manderbach and Boland pitched the Zetas to a championship in the last campaign and should have plenty of support for the coming season.

The Kappas, runners-up last season, boast of Paul Michaels and Chuck Klein, plus the basketball squad. Although playing without the services of Carl Mogel and Raymer Kent, the skeleton boys rate as pre-opening challengers.

The aggregation to watch, according to outside sources, is the newly organized Frosh nine. Playing with the yearlings will be Ted Szela, Mike Plaskonos, Wally Duncavage, plus a multitude of other eager lads.

Dope on the other outfits in the circuit puts the Pi Taus, A. P. O., and Daymen in the same field. The big guns for the chapel boys are George Morfogen, Steve Plaskonos, and Stan Kuklis. Leon Steckley, Ray Hain, and Al Thergesen lead the boys of the Pi Taus.

Paul Fleisher, Don Reinhold, and Herb Derr pace the Daymen.

Meet Dr. Breen

Another senior pre-medical student has been accepted for medical school next fall. He is that versatile gridiron hero, Jim Breen. Jim has accepted the nomination of Georgetown University Medical School. This column feels sure that this gridiron star will shine as brightly in the medical profession as he did on the football field.

Friends Return

This past week two former students visited the biology department. They were Mr. Leo Disend and Mr. Benjamin Weil, both high school biology teachers. Mr. Disend and Mr. Weil visited campus in order to obtain pertinent information in the field of their work.

Professor Danford Speaks

Last Monday evening Professor Newton Danford gave a demonstration on incendiary bombs and their control before the City Defense Council of Shartlesville. This meeting was a combined meeting of civilian defense organizations throughout the surrounding territory of Shartlesville. In conjunction with the defense programs, your columnist has just learned that Dr. Graham Cook has taken on an extra defense activity. He is teaching a defense chemistry course at Kutztown State Teachers College.

About Colloid Chemistry

This evening, March 20 at 8:00 p. m., a joint meeting of the American Chemical Society and the Reading Chemistry Club will be held in the science lecture hall. Dr. Ernst A. Hauser, associate professor of chemical engineering at the Massachusetts Institute of Technology will speak on "Colloid Chemistry in Times of Emergency". This topic will prove of timely interest for all those interested in chemistry and especially those interested in chemistry and its application to our war effort.

DO YOU DIG IT?

"COME ON, GATE! THE MAN TRAPS ARE GIVING GROCERIES AT THE RUSTLE BUSTLE — AND PEPSI-COLA'S HITTING ON EIGHT!"

*ENGLISH TRANSLATION

This joy-boy is inviting his room mate over to the dance where the girls are serving refreshments — and informing him that Pepsi-Cola is getting the big rush . . . as usual. Must be that grand taste . . . and big size.

WHAT DO YOU SAY?

Send us some of your hot slang. If we use it you'll be ten bucks richer. If we don't, we'll shoot you a rejection slip to add to your collection. Mail your slang to College Dept., Pepsi-Cola Company, Long Island City, N. Y.
