8 Groups Vie In Stunt Night

Trophies To Be Given To 2 Top Performances

Eight campus organizations will vie for first spot in Albright's annual Stunt Night. The Student Council sponsored event will be held in Krause Hall tomorrow night from 8:15 to 11:30.

The participating organizations will appear in the following order: Pi Tau Beta, Zeta Omega Upsilon, Phi Beta Mu and Pi Alpha Tau. At this time there will be a short intermission when refreshments will be sold for a Student Council benefit. The program will continue with the Alpha Pi Omega, Daywomen, Kappa Tau Chi and Kappa Upsilon Phi.

Judges Named

This year's judges will be James Lynagh, Radio Station WRAW; Jack Gounder, Radio Station WEEU; and Matthan Gery, Reading Community Players. The three judges will vote secretly and separately on four basic points and will not compare viewpoints when voting. The four basic points of judging are originality of stunt, preparation, entertainment and continuity of stunt.

A 26" gold-plated trophy with a wooden base will be awarded to the first place winner. The second winner will also receive a trophy.

Rules Listed

The regulations which have been stipulated for the organizations by the committee are the following. The acts must be performed in a 15 minute time limit; there will be a penalty for overtime. No pledges may be used in the actual performance, but they may be used as stage assistants. The minimum of participants will be ten. Performances shall not be centered around one "star performer" and should be spread out among all the participants; however, this excludes narrators. Over the stated fifteen minutes time limit, the judges will subtract a progressive number of points from the total score. All organizations should check with Mr. Pierce about special props and equipment. Each organization will be allowed a minimum of five minutes to clear the stage after their stunt is completed.

The scoring system will consist of 15 points for first place, 10 points for second place and 5 points for the third spot.

Robert Bieler is chairman of the evening's entertainment. The committee representatives are: APO's, James Barrett and Jeb Lengel; PAT'S, Margaret Israel and Virginia Marrick; Mu's, Barbara Ravel and Roberta Crimbring; Kappa's, Leonard Zahurak and Richard Flammer; Zeta's, Robert Reller and Fred Berger; Pi Tau's, Harry Houck and Richard Eshelman; KTX, Ted Tiege and James Rogers; and Daywomen, Catharine Girvin and Judy Canfield.

Mrs. Zehner Addresses Annual HEO Banquet

Mrs. Olive Zehner from Reading was the guest speaker at the annual home economics banquet which was held in the Albright College dining hall on Thursday evening at 6:15. Following a Pennsylvania Dutch dinner, Mrs. Zehner spoke to the group about Pennsylvania Dutch art and folklore.

Two Juniors To Be Nominated For Council Prexy

Next Tuesday at the regular meeting of Student Council, nominations will be held for the office of presidency for the 1953-54 council. Two students will be nominated from a list of ten eligibles.

Those ten from which two will be nominated are Jo Ann Duffy, Shirley Haskin, Margaret Israel, Virginia Marrick, Barbara Ravel, James Barrett, Robert Beiler, Frank Guenther, Thomas Stults and Ray Weitzel.

The Council elected the nominees according to the rules set up in the Council Constitution concerning elections. The requirements are that the nominees have to be juniors who have attended a majority of council meetings for one year and who are academically eligible.

Council is still considering the four different plans of representation, which were introduced by various council members as suggestions for the revision of the Student Council constitution concerning representation. Two plans are very similar in form with the exception that one suggests that all five daywomen and daymen be non-fraternity or non-sorority while the other holds that only three out of the five be non-fraternity or non-sorority. The remaining two plans are also much alike. They both change the total representation number to 18, however, one stipulates that four representatives must be elected at large, while the other suggests the four extra representatives to be class officers.

Council also approved the change of dates on the college calendar. The Phi Beta Mu sorority will hold their spring dance on Friday, May 22, instead of Saturday, May 23. The change was made because the organization could not find a place to hold their dance on a Saturday night.

Glee Club Returns From 4-Day Tour

Forty-one Glee Club members returned to Albright on Monday evening after a four-day tour. The tour started in Fleetwood on Friday when the club sang in a theater for not only the 250 high school students but also the people of the town. That evening in Easton at the Christ Evangelical United Brethren Church, the group sang before a full congregation.

Saturday morning at 11:00, the group arrived at Times Square, New York City. After lunch, the club divided and some members went to Radio City, Greenwich Village, St. Patrick's Cathedral, Metropolitan Opera House and the play, "King and I." In the evening a concert was presented at St. John's Evangelical United Brethren Church in Queens. The night was spent in Richmond Hills.

Despite cold weather, snow and failure of the bus to start in the morning, the tourers managed to arrive at Bethany Church in Richmond Hills. The evening concert at Emanuel Evangelical United Brethren Church in Union City, a German community in New Jersey, was also highly successful.

Monday morning the group sang at the Modern Kearny High School in New Jersey. A tour, which was conducted through the school, re-

(Continued on Page 4)

Anderson's "A Barefoot In Athens" To Be Presented By Domino Mar. 20, 21, 27, 28

"Does Broadway really look like this?" exclaimed the Domino cast at their first dress rehearsal of "A Barefoot in Athens," the spring production which will be held March 20, 21, 27 and 28. Pictured above are four of the cast joking about their Greek costumes. They are left to right: James Rogers who will play the role of Lamproches; Rodney Bentz, Socrates; William Himmelman, Pausanias; and Gerald Gervasi, Meletos. (Albrightian Staff Photo)

Spring Play Cast Holds Final Rehearsals

Final dress rehearsals are being held by the Domino Club in preparation for their spring production, "A Barefoot in Athens." Under the direction of Annadora Vesper Shirk, Maxwell Anderson's play will be produced March 20, 21, 27 and 28. The Reading branch of the American of University Women will sponsor the later performances. Tickets will be sold this week and next.

Plot Concerns Socrates

The plot concerns the period shortly before Socrates' enemies bring their charges against him for corrupting the youth of the city and inciting treason against the state. Socrates' wife contradicts the picture history has given by showing a deep affection for her husband and a deep understanding of why he gave up his life.

The climax of the play is based on one of the greatest trials in history where Socrates sets forth his faith in democracy. Three scenes comprise each of the two acts, with settings in and about Athens.

Cast Includes Eighteen

The 18 members of the cast, coached by Mrs. Shirk, are putting the finishing touches to the play after rehearsing since February 13. The leading roles will be played by Rodney Bentz as Socrates, Virginia Seems as Xantippe, Nancy Lou Walker as Theodote and William Himmelman as Pausanias.

In the remaining parts will be James Rogers as Lamproches, Neal Krape as Crito, Roy Horan as Phaedo, Stanley Order as Critobulos, David Frankhouser as Anytas and Gerald Gervasi as Meletos. Edward Ettinger will be cast as Lykon, Jack Schmidt as Crassos, Frank Guenther as Satyros, Philip Kripple as Guard, Peter Schoff-stall as Critas and Mahlon Frankhouser as Magistrate.

IRC To Send Four To Cornell Confab

The International Relations Club has voted to send four delegates to the annual model meeting of the United Nations General Assembly. This year, Cornell University, acting as the Secretariat, will be host to the delegates April 1, 2 and 3.

Each of the colleges and universities of the Mid-Atlantic region, comprising New York, New Jersey, Pennsylvania, Maryland, Delaware and the District of Columbia, sends a delegation which represents one of the member nations. Every delegate tries to represent the views of his country as accurately as possible. In the debates, the committees, and the behind-the-scenes discussions, he will speak for the interests of the country he represents, just as would his counterpart in the United Nations.

The conference will discuss the problems facing the United Nations in an attempt to suggest some solutions. The questions scheduled for the debate include the unification and rehabilitation of Korea, the treatment of people of Indian origin in South Africa, the financing of the economic development of underdeveloped areas, a United Nations army, a Covenant of Human Rights and the admission of new members.

Ryan To Play At Spring Ball

Jimmy Ryans' orchestra will furnish the music for the Frosh-Soph ball, Gordon Oplinger and Robert Brown, co-chairmen of the event announced today. As the first big social event after the Lenten season, the semi-formal dance will be held on April 18 in the gymnasium from 8:30 to 11:30 p. m. The price of this non-corsage dance will be \$2.50 per couple.

This is the first appearance of Jimmy Ryan and his orchestra on the Albright campus. Coming from the Allentown area, the orchestra includes twelve musicians plus a vocalist. Ryan's group has been playing for many college affairs in this vicinity.

A combined committee of freshmen and sophomores are planning the dance. The group includes Marilyn Donner, '55, decoration chairman; Harold Kretzing, '55, ticket chairman; and Gerald Gervasi, social chairman.

"Y Fireside Chats" To Be Resumed Tuesday

"Creation vs. Evolution" is the theme for the "Y Fireside Chats" next Tuesday at the homes of Rev. Eugene Barth and Rev. Ellery B. Haskell. Professors leading the discussions are Dr. Milton G. Geil and Reverend Barth, representing psychology and religion respectively, and Dr. Clarence A. Horn and Reverend Haskell, representing science and philosophy respectively. All students who are going to attend the chats will meet in front of the White Chapel at 7:30 p. m.

Dr. J. Arthur Heck, president of the Evangelical School of Theology, spoke to the combined "Y's" last week on "Religion and Everyday Living." The talk included the practical and theological aspects of religion.

Moyer to Speak at Vespers

Ivan Moyer, '54, will speak on the connotations of words at Vespers this Sunday in Sylvan Chapel at 7:00 p. m.

Evelyn Kessler To Introduce Book At Bible Class

The introduction of the book, "The Unfolding Drama of the Bible," will be reviewed by Evelyn Kessler, Y. W. C. A. president, Sunday morning at 8:45 in Bible Class. Meeting in Selwyn parlor every Sunday morning, the class has just completed a discussion about "Rediscovering the Bible" and will continue their reviews with the new book which deals with eight studies introducing the Bible as a whole.

Future chapters include "In The Beginning; Encouragement with God; The People of the Law; Victory through Defeat; and The Church and the World."

This book, written by Bernard W. Anderson, also author of "Rediscovering the Bible" unfolds in brief compass the main theme of the Bible. Brief enough for busy people, the studies comprehend the full sweep of history. The book is an introduction to those who have no acquaintance with the Bible and gives those who are familiar with the Bible new depths of understanding.

The series of studies was prepared for the 1952 Religion in Life program at Bucknell University, sponsored by the Christian Association.

Mu's Discuss Stunt Night, Spring Events

A discussion of Stunt Night and various committee reports highlighted the meeting of Phi Beta Mu sorority on Monday, March 2, at 7:30 p. m. in Selwyn Parlor. Patricia Miller, president, presided.

Mardi Gras chairman, Barbara Farris, gave a report, Patricia Kennedy, in charge of the Spring Dinner-Dance announced that the affair would be held at Bowers Country Club on May 22 and a cake-sale report was given by Roberta Crimbring and Mary Althouse.

Spring pledging under the direction of Carole Althouse, pledge-master, officially began on Monday.

Higher Than You Think

Collegiate morals are higher than the popular stereotype suggests, as is indicated by results of the ACP National Poll of Student Opinion.

The vast majority of students are: (1) Against drinking in dormitories, and (2) Against staying out too late with their dates. Women are more "strict" about these matters than men.

Students were asked their opinions on dormitory drinking rules. Here are the results:

Should be allowed	16 per cent
Should not be allowed	75 per cent
No opinion	6 per cent
Other	3 per cent

Only 12 per cent of the women are for dormitory drinking; 82 per cent are against it. "I don't believe in drinking, period," exclaims a sophomore coed from Geneva College, Pa.

And a business student at Richmond Professional Institute, Va., declares, "The more restrictions that are imposed, the more people will want to break them. College students should be treated like adults."

One a. m. appears to be the most popular hour for getting a girl back to her dormitory after a Saturday-night date, with 2 a. m. being a not very close second. Students were asked: In your opinion, at what hour on a Saturday night should a coed be required to get back to her dormitory?

The answers:

By midnight or before	14 per cent
By 1 a. m.	45 per cent
By 2 a. m.	24 per cent
After 2 a. m.	8 per cent
No opinion	4 per cent
Other	5 per cent

With the men, 2 a. m. is just as popular an hour as 1 a. m., both choices getting 33 per cent of the male vote. But the girls are 54 per cent in favor of 1 a. m. and only 17 per cent in favor of 2 a. m.

Another 17 per cent of the girls would just as soon be returned to their dormitories by midnight or before; eleven per cent of the men feel the same way about it.

Many of the students are careful to qualify their answers with an "except on special occasions," or "unless there's a big dance."

A sophomore in Education at MacMurray College for Women, Jacksonville, Ill., thinks "it depends a lot on the size of the town and what there is for the students to do."

I Hate Professors Club

A columnist for the Plainsman, Alabama Polytechnic Institute, has started what he calls the "I Hate Professors" club, and he invites all interested parties to join.

The rules, he says, are quite simple, and you need only follow "the ones adaptable to your special talents." Here are a few of the more salient ones:

Be late to all classes at least half the time. When entering a classroom late, glare at the professor and insinuate that he started the class 10 minutes early.

Talk to one or more of your classmates in a whisper just loud enough for the instructor to hear you, but not loud enough for him to understand the words.

Fifteen minutes before the end of the class hour, begin to stack your books neatly, put on your coat and look expectantly toward the door. Keep an eye on your watch throughout the entire period and the other eye looking out the window. If a window isn't handy, stare at the ceiling from time to time.

Laugh at everything even remotely amusing, except your instructor's witticisms.

If you must ask a question, be sure that it is completely off the subject or one that the professor cannot answer.

Readers Write

Dear Editor,

It has become obvious in recent months that an alarming situation exists in the "Albrightian" organization. I refer to the Feature Editor, Ray Weitzel, who has been trying, through the paper, to propagate and disseminate insidious ideas about freedom of thought, expression, and other outmoded Jeffersonian ideas. Such concepts as Mr. Weitzel holds smells of subversion, socialism, atheism, vivisectionism and any other ism which is detestable. His convictions are also constitutional and any idea in this category is to be looked upon with suspicion.

By his attack upon such institutions as Senator McCarthy, General MacArthur, lynchings, persecution, witch hunts, and Congressman Velde, it can be asserted that Weitzel is probably a Marxian Socialist who leads a sinister cell group plotting to seize our campus.

In answering this charge Weitzel will probably ask that I produce proof (a typical subversive trick) and assert his constitutional rights. This, of course, would be another indication of his guilt, because any loyal American knows that you don't have to prove a person is a subversive—you just have to call him one.

In summing up the charge I specifically and irrevocably accuse Mr. Weitzel of thinking, and we loyal and patriotic Americans aren't going to stand for it.

Loyally submitted,
 Robert S. Ravetz
 (Loyal American)

Of Interest

On Friday, March 13, there will be a Friends' Forum at 8 p. m. at the Friends' Meeting House, 108 North Sixth Street. The speaker will be William A. Rahill and his topic is "The Challenge to Our Civil Liberties." The public is welcome.

On Friday, March 13 and Saturday, March 14, at 8:30 p. m., the Reading Community Players will present "Goodbye, My Fancy" in the Universalist Auditorium at 410 Franklin Street. This local group puts on many fine productions, and this play should be one of their best.

On Saturday, March 14, at 8 p. m., the Horace Heidt Show, nationally famous talent program, will be presented at the Rajah Theatre. Local talent will compete in the show, and past winners of the program will be on hand to perform. The benefits will go to the Community General Hospital Building Fund.

On Sunday, March 15, at 3 p. m., the Reading Symphony Orchestra, with Alexander Hillberg conducting, will present their third concert at the Rajah Theatre. The guest star will be Leonard Rose, cellist. —E.S.

Start Now

Did you ever notice the top step of either flight of stairs leading from Krause Hall basement? This step is several inches above ground level, giving one the choice of stepping over it or on it. The usual procedure is to step on it, thus necessitating raising the whole body a few inches. If one steps over it every day, assuming that one passes twice a day at least, one can save, in a two-semester year enough energy to raise the Washington monument 1/32 of an inch. (I suppose if we all pitched in to help, we could lift it high enough to use the site for a parking lot. Any volunteers?)

Albright In Review

Selwyn Pond—Let's Go Canoeing In It

A part of our campus which has perhaps more interesting history connected with it than any other is Selwyn Pond. I discovered it one dark night, long before I became an Albrightian, by the simple process of walking into it. It took in considerably more area in those days, and was much wetter. It has marked the frigid baptism of several frosh-customs leaders, with much wailing and shrinking of wool. Rumor has it that a peculiar disease affects such leaders just after frosh induction, an occupational ailment which causes them to go weak in the knees and fall in. Medical science forgos on.

The chief inhabitants (permanent, that is) of the pond are fish. Originally the fish were a species of trout called *Carpus disintegratus*, known variously as carp and goldfish. Not long ago some rainbow trout were dumped in. They were so unhappy in such a small pond that a humane group on campus liberated them.

So many leaves fall in the pond from the trees about the campus that Albright has the only live fish with tanned hides on the

eastern seaboard. At irregular intervals men get out rakes, shovels, barrels, hayforks and dynamite and clean out the debris which accumulates. Also they clean out the pennies, nickles and slugs tossed by those who still know of the puddle as a wishing well. It is an old, romantic legend around the school that if you toss in enough pennies under the full moon, the copper oxide in the water will kill the fish.

If you bother to inquire, you will be told that the water comes from the spring under Sylvan Chapel. Do you believe it? Did you ever wonder where all the junk goes which is poured down the sinks of the chem labs? I did too. There's really no connection, I was merely making conversation. The water's really quite good. If you use it to wash a car, it removes dirt like magic. Also fenders, distributor caps and pitman arms. (Whatever they are.) You can also drink it . . . once!

Well, at any rate, it's a welcome, beautiful and useful addition to the campus. Say, when's the next fish fry?—L.E.

Keep The Fraternities Local

By ROBERT RAVETZ
 With the privileges recently granted by the administration and the acquisition of houses and apartments there arises the possibility that the fraternities on our campus will become more introverted and cease to be an integral part of Albright College. Though this possibility does not appear imminent it is important that we recognize it and make sure that it never becomes a reality. It is worthwhile to take periodic inventories of the entire fraternity question and review their aims and objectives in relation to the entire campus.

Fraternities are justifiable only on the premise that they constructively contribute to the aims and purposes of the college or university on which they are located. Obviously, therefore, the construction and functioning of fraternities vary with the type of institution with which they are affiliated. On a large, factory-like campus where relations between students are for the most part impersonal there exists the need for many smaller groups and organizations to provide a social and academic framework for the campus. A CLOSE TIGHTLY KNIT group is necessary to compensate for the lack of familiarity that exists among the

vast majority of the student body. On campuses like the University of Pennsylvania the college functions are relegated to a position far below fraternity activities and what is blissfully called "College Life" is nil among non-fraternity students.

This situation obviously and fortunately does not apply to Albright, although some might trace the lack of enthusiasm for some college functions to the disinterest of the fraternities. For the most part, however, the fraternities have been successful in making many of their activities, egg, stunt night, pledge-ship, ones which benefit the entire college.

On large campuses, the number of different fraternities may become so ponderous that the single fraternity begins to feel like a nonentity and finds it necessary to affiliate itself with a national organization and so makes its withdrawal from the student body even more complete. The member of such an organization finds now that he owes his allegiance and money to two organizations designed to promote his social standing, and any thought of maintaining participation in college functions is quickly displaced. A cam-

Finishing Up

Back to the boards after a two week lapse . . . the listless Lions have come to the end of a long season with an overall record of 10 wins and 12 losses. The bright J.V. record, however, helps bolster next year's outlook. If Connie Dettling and George Amole had been able to produce all season as they did in their swan song appearances, there would have been a different ending for many games.

The Phantom Strikes Again!

Albright varsity didn't have enough trouble contending with a tough schedule, a sneak thief invaded the gym one afternoon and relieved the boys of fifty-seven dollars.

The players were rightfully angry. Older members of the varsity recall that this has been the third consecutive year in which stealing has occurred. An investigation proved fruitless and the players are still without money or justice.

Yours truly suggests a checking system similar to the one used by the football team. Before each game Max Nuscher, our conscientious manager collects all valuables and locks them in Joe Rouse's room. After practice each player claims his valuables. This may not restore the lost gold but it might discourage anybody else with Willie Sutton tendencies.

No Rest For The Weary

Eddie Gulian goes from the strenuous basketball season, just completed, into a baseball season loaded with question marks. Who will replace Gerry Potts and Hook Martone as starting pitchers? Who will fill the spikes of Lefty Leitman and Blackie Moyer as fielders? Certain freshmen are expected to come up with a few answers, but I still don't envy his job.

Add to the above the bleak football picture. Among the performers that won't be around next September are Leonard Zahurak, Fred Strahlendorf and Bob Carney. All front-line performers. Graduation took its toll and who knows where Uncle Sam will decide to point his finger.

No Southern Tour

From the side Lions, the tennis team looks forward to a reduced schedule this year. With number one man, Snook Reusing, gone, they will be unable to make their southern trip.

Girls Bow to Ursinus; Tie Drexel; Win Playday

Albright Lassies traveled to Ursinus Monday night at which time they suffered a double defeat. The girls from Ursinus blocked out the Albright varsity, 65-27 and the J.V.'s, 61-12. This was the worst defeat the Lionesses suffered all season.

Lassies Take Second Playday Last Saturday's playday proved to be a different story, however, when Coach Mosser's team won all three games. Albright played host to teams from Cedar Crest, Kutztown and Moravian. Making a better showing than at the previous playday at Kutztown, Albright beat Cedar Crest, 22-7; Moravian, 30-7; and Kutztown, 19-1. After

Muhlenberg Scores 89-80 Cage Triumph

Final Four Minutes Decide Tense Battle

The Muhlenberg College jinx popped up in the last four minutes of play and Albright College went down to an 89-80 defeat in a thriller with the heavily-favored Mules before a large crowd at Rockne Hall.

Sparked by George Conrad, giant Connie Dettling, and speedy Mike DePaul, Coach Eddie Gulian's invaders gave the Mules a battle for 36 minutes. The Lions led, 48-43, at halftime and were all even with the hosts at 58-58 at the end of three quarters after trailing 23-20 in the first period.

Vince Osadchy, frosh reserve from Hazleton, came to Coach Benny Borgmann's rescue in the ding-dong battle by producing 19 needed tallies to aid Bob Maxwell and Larry Friedman, the favorites' leading sharpshooters. Maxwell poured in 20 markers and Friedman chipped in with 15 points.

Osadchy and Maxwell assured Muhlenberg its three-point lead in the first quarter after Dettling and Conrad had placed the Lions in the van on four occasions.

DePaul, Conrad and Dettling connected for 24 of Albright's 28 markers in the second stanza to wrest the lead from the Mules and make it 48-43 at the half.

Friedman Knots Count

The Gulianmen remained in front in the third quarter until Friedman knotted the duel at 54-54. DePaul and George Amole later upped the count to 58-56 before Maxwell squared the batle at 58-58.

The lead changed hands ten times and the score was tied on eight occasions before Dettling made it 76-76 with four minutes remaining in the struggle.

From this point, "Old Man Hoodo" really took over as Chuck Handwerk, Dick Rudolph, Friedman and Maxwell shot the score to 83-76 with less than two minutes to play and send Albright down to its fifth defeat since the 1944-1945 season.

the game the visitors were treated to lunch in the college dining-hall.

Prior to the playday the girls played the lassies from Drexel in two games at the later's court. The varsity game was an exciting point-for-point game all the way. The Drexel team tied up the game in the last few seconds with a foul shot. Julia Leinbach was high scorer with 13 points and Patricia Miller added another 10. The final score was 32-32.

The J.V. girls dropped their game, 35-20. Beverly Walsh and Jean Filbert were high scorers.

After tying that game, the Albright lassies came back to take over Millersville. Scoring for the varsity, Julia Leinbach was high for Albright and Mary Parker for Millersville. The final tally was 30-28.

The J.V. also won its game, scoring 39 points to Millersville's 30. High scorer was Orchys Kramer.

GEORGE AMOLE

CONNIE DETTLING

Basketeers Down Scranton, 81-69

Victory Gives Winners Second Spot in MASC

Albright College's Roaring Lions clinched second spot in the Western Division of the Middle Atlantic States Conference February 28 at their 13th and Exeter gymnasium when they defeated the Scranton University Royals, 81-69. About 1,500 fans were on hand to see Eddie Gulian's passers even the score with the visitors for the season after taking a 59-54 loss two weeks ago at Scranton. Albright's over-all season record is now nine wins and 12 losses, while the Royals absorbed their 14th loss in 23 starts. In the preliminary contest Albright's junior varsity lost for the second time to the Royal reserves, 49-44. It was the Lion Cubs' fifth defeat of the campaign after winning 13.

Fitt Leads Royals

Joe Fitt, Scranton forward, was the evening's high scorer with an effort of 31 points on ten field goals and 11 free throws, to bring his season's total to 422. But the totals of three Lion sharpshooters offset this showing as Connie Dettling and freshmen Mike DePaul and George Conrad split 57 of Albright's markers. DePaul had 21 of these and Dettling and Conrad each garnered 18.

The Lions were never headed as they jumped off to a 6-0 lead on two field goals by Dettling and one by Conrad. The Royals rallied twice in the initial period to close the gap to three points, at 12-9 and 15-12. Conrad's one-hander gave the Lions a 19-13 edge with a minute left in the frame, but free throws by Fitt narrowed the count to 19-15 at the end of the quarter.

Margin Narrows

The visitors twice drew to within one point of the hosts in the opening minutes of the second stanza, but each time Albright staved off the threat. After DePaul converted a foul, Pat Ryan and Vic Vassil each tallied from the field for Scranton to bring the count to 20-19. Dettling's shot from the pivot made it 22-19, but Bob Bessor, who had 13 tallies for the Royals, retalliated to close the gap. At this point DePaul took charge for a goal of each variety to give the Lions a 25-21 edge. Ryan scored to make it 25-23, but Albright took a 27-23 lead on Conrad's one-hander. Fitt and George Amole, Albright co-captain, exchanged two-pointers, whereupon Kenny Nase, Amole and Conrad each tallied Albright field goals to open up a 31-25 margin. The Lions went on to maintain this advantage and left the court at halftime leading, 41-35.

The Albright margin was increased by one point to 58-51 at the end of the third period as the Lions registered 17 markers to

Jayvees Conclude Season With 69-56 Win Over Rams

In the last three encounters, the Baby Lions rolled up one victory against two defeats. Despite a 25-12 lead at half-time, they bowed to the visiting Scranton yearlings, 49-44. Scranton's Don Gallocher led the scoring with 19 tallies, followed by Bernie Seaman with 14 and Dick Jockman and Dave Townley with 11 each.

The other upset was handed them by the host Baby Mules, 77-74. The Seaman-Jockman-Townley combo again headed Albright scoring column with 19, 18 and 17 markers respectively. John Krahnert followed with 8 tallies.

Playing their last game of the season, the Red and White Juniors displayed their best efforts and turned back West Chester, 69-56. Scoring laurels went to Seaman of Albright and Jack Reiddman of the visiting Rams, 28 and 23 points respectively. Ron Pisano, former Mt. Penn High basketballer, added 14 points to the winning score.

their opponents' 16. Conrad was good for four free throws in this frame, plus a field goal, while DePaul had two goals of each type. Fitt netted five points for Scranton.

In the fourth frame the hosts outscored their opponents, 28-18. Eleven of Scranton's total in this frame went to Fitt, but it wasn't enough to cancel the consistent sharpshooting of DePaul, Nase, and Dettling.

G-Men Beat Rams, 82-69, To End Slate

Close Campaign With 10 Wins, 13 Defeats

Albright College's Roaring Lions ended their 1952-53 season on a victorious note last night at their 13th and Bern Streets gym when they outlasted the Rams of West Chester State Teachers College, 82-69. Approximately 2,200 fans watched as the home team posted its tenth win of the campaign against 13 defeats. The visitors fell short of the .500 mark for the season as they suffered their tenth setback in 19 starts.

Connie Dettling and George Amole, senior co-captains of the Lions, combined their talents to produce 46 of the winners' total. Dettling, six-six center, turned in one of his best all-around showings of the season as he registered 25 markers and snared many rebounds. Amole returned to the form he showed early in the campaign as his one-hand push shots were good for ten field goals. He also added a foul to bring his total to 21. The leading point-getter for the Rams was Bill Munch with 23 tallies.

Rams Ahead

The first quarter of the contest was the only time the Rams were able to lead the Lions, although they stayed within hailing distance throughout most of the game. After Coach Eddie Gulian's club had gone in front by a 7-4 margin, Ted Beck and John Cawley each tallied from the field to give the visitors an 8-7 edge. Two foul shots by Dettling erased this advantage, but Sheldon Saffran's foul again knotted the count at 9-9.

In the second quarter, the Lions proceeded to run up their largest advantage of the night at 28-17, but three buckets in a row, two by Cawley and one by Saffran, shaved this lead to 28-23. George Conrad, who contributed 14 points to the Albright cause, then hit with a one-hander. Another scoring burst by the Rams made it 30-27. The two teams traded point for point from that juncture until the half, which ended with Albright in the van by a slim 36-33 margin.

Score 11 Straight

Albright opened the third period with a string of 11 straight points, four each going to Dettling and Amole, to take a commanding lead at 47-33. Beck stopped this with a field goal, and Munch then added two field goals and a free throw, followed by another bucket by Beck to close the gap to 47-42. Dettling's field goal and two fouls made it 51-42, but the Rams kept pecking away until they had drawn up to 57-53 at the period.

In the opening minutes of the final stanza, the Lions garnered nine points to two for their opponents to take a 66-55 advantage and practically ice the decision. Dettling, Conrad, Jim Croke and Mike DePaul all contributed to this spurge. DePaul, whose 16 points for the evening brought his season's total to 383, received the Ron Regar trophy at the end of the third quarter. He amassed nine of his points in the final period. After taking the lead at 66-55 the Lions protected their advantage by playing possession basketball until the final whistle.

FTA To Hear William Kutz; Groups Hold March Meetings

Speaker To Discuss Interviewing Problems

William Kutz, supervising principal of Spring Township schools, will be the guest speaker at the Future Teachers of America's monthly meeting, Wednesday, April 4. He will conduct an interview in connection with the theme of the meeting, "How to Win an Interview." Owen Davis, a club member, will act as the person applying for the interview. The business part of the meeting will include the nomination and election of next year's officers.

Last month's meeting was entitled "The Return of the Prodigal Child" and featured Kathleen Guenther and Barbara Finch, who told the club some of their many experiences in their teaching careers. Miss Guenther is presently teaching 9th grade English in the Pottstown High School and Miss Finch is teaching Latin, Spanish and English in Shoemakersville High School.

French Club Meets

The March meeting of the French Club, "Le Cercle Francais," was held in the alumni room of the library on Monday evening, Dr. Edith B. Douds, faculty advisor, announced. Following a brief business discussion led by Marilyn Yatron, president, games were played. The entire meeting was conducted in French.

Plan Philosophy Banquet

The Philosophy Club held its monthly meeting in the home of Mrs. Virginia Deleo in Birdsboro on Monday, March 9. The program consisted of the reading of the paper entitled "My Philosophy of Life" by Ray Weitzel. The guest speaker at the club's annual banquet which will be held in May will be Dr. Paul Schrecker, professor of philosophy at the University of Pennsylvania.

Why Doesn't Council Act?

Nero fiddled while Rome burned and the members of student council are fiddling while proposals for the new constitution disintegrate. Nearly all of the small points of disparity have been ironed out but what turned out to be the large snag, the form of representation to be used, still lingers to haunt those who started the constitutional revision some five months ago.

We are sorry to have to report to the student body that some of the representatives are not acting in their best faith, or are not taking the problem very seriously. Obviously this is not conducive to the best interests of the students or the school. We are hoping that the students will seriously evaluate the problem and induce their representatives to act for the best interests of all and not out of prejudices or narrow interests.

Fraternities Should

(Continued from Page 2)

be loaded with fraternities of this nature is merely a confederation of national segments, (with an undistinguishable homogeneous mass of non-frat students thrown in) tied together by a mutual interest in marks and football games.

As was pointed out earlier this is necessary on a large university or college but something to be avoided on a campus such as ours. If an Albright student ever feels closer to a student he never met out in California by virtue of the fact that they are both members of "the frat," then we'll have to start all over again.—R.R.

Glee Club Conducts Shillington High Assembly Program

The Albright College Glee Club, under the direction of Dr. John H. Duddy, performed in a morning assembly at Shillington High School on Thursday, March 6. The group was in charge of the entire program.

Opening exercises were conducted by Nancy Lou Walker who read the scripture and led the pledge to the flag. The Glee Club rendered a choral prayer.

The first part of the concert was religious in nature. Selections included "Sanctus" by Gounod, "Cast Thy Burden Upon the Lord" by Mendelssohn, and "Onward Christian Soldiers" arranged by Fred Waring. Following this, Shirley Schaefer presented a solo. Then the Glee Club concluded the first portion by singing "Rain and the River" by Fox and "Set Down Servant" a spiritual.

After the Mixed Octet sang "I'm In His Care" a spiritual, the second portion of the program began. This consisted of "Waters Ripple and Flow" by Taylor, "Stodola Pumpa" by Strickland, "Ballad of Brotherhood" by Wagner and "Give Me Your Tired, Your Poor" arrangement by Waring. Richard Smoker was piano soloist. Other soloists were Ivan Moyer and Robert Myers.

Library Display To Feature Art

Miss Josephine Raeppl, librarian, recently announced that the library is going to make a display of reprints of pictures from the different schools of art. The pictures, of which the library has many, are on 6"x8" cards, and may be borrowed by students or teachers for classroom illustrations.

Shower Held For Elsie Spatz

Peggy Walton Brown, '47, recently gave a bridal shower in honor of Elsie Spatz, clerical assistant in the library. Miss Spatz is engaged to Robert Houck.

The library staff and former Albrightians Mary Frey and Joyce Costenbader Litchevsky were among the guests.

Miss Josephine Raeppl, librarian, announced that the library was presented with a book entitled "Picturesque Reading." The manuscript was published in 1893, when trolley rides to the Tower and Reading's Academy of Music were in vogue.

Albright Graduate Receives Ensign Commission In Navy

DONALD I. LODER

Donald Loder Awarded Diploma At Ceremonies

Donald I. Loder, '52, graduated from the Navy's only Officer Candidate School, Newport, Rhode Island, on March 6. A native of Mohrsville, Pa., Loder received his B.S. degree in science from Albright. Loder was among 840 enlisted men who traded their white hats for the gold trimmed caps of commissioned ensigns at the school's ninth and largest graduation.

Larson Gives Diplomas

Over one thousand persons watched the ceremony as Captain Harold O. Larson, USN, Assistant chief of Naval personnel for education and training, made the presentation of diplomas.

Loder, with these other new officers, will join previous OCS graduates already serving on every type of combatant and non-combatant ship in the fleet. Many of these men will go to specialists schools where they will be trained further as pilots, aviation ground officers, beach masters, underwater demotion team officers, or "frog men," and some will serve with the Marines in Korea as gunnery liaison officers.

Barth To Deliver Chapel Address

Rev. Eugene H. Barth will deliver the chapel address on Tuesday, March 17. During the program this Tuesday an alumnus of Albright, class of '28, Reverend Dr. Paul C. Slinghoff, spoke on "Grave Hours in a Student's Life." Reverend Dr. Slinghoff graduated from Central Theological Seminary, did graduate work at Ohio State, and received his Doctor's degree from Ursinus. He is at present president of the Reading Ministerium and pastor of a Reformed Church.

Dr. Charles Kistler, head of the history department at Albright, spoke on "Russia Today" in Thursday chapel.

Glee Club

(Continued from Page 1)

vealed a swimming pool, pastel classrooms, assistant deans of women and men on each floor, and excellent electrical equipment in the auditorium. In the afternoon Nutley High School in New Jersey served as host. Here the club was met by a receptionist.

All the schools and churches which were hosts of the Glee Club were most cordial and expressed the desire for a return trip.

Soloists on the tour included Ann Lanz, Shirley Schaefer, Nancy Lou Walker, Ivan Moyer, Robert Myers and Dr. Samuel Shirk. Richard Smoker played, "Deep Purple" and "Flight of the Bumble Bee" on the piano.

Debaters Send Two To State Convention

Representing Albright at the Pa. State Debaters Convention are Mahlon Frankhouser and Ray Weitzel. The meeting is being held this Thursday, Friday and Saturday at State College.

The main topics being discussed are discrimination in employment and national defense. The convention is also featuring a "College Roundup Radio Broadcast and Informal Reception" and the selection of "Miss Gavel Girl, 1953."

Human Dignity And Worth Stressed By Youngerman

Realization of the equality of man and the inner strength of communion with God can bring about a renewed belief in the dignity and worth of the human individual, Rabbi Louis M. Youngerman, leader of the Keneseth Israel Congregation of Allentown, told the Albright College student body in chapel period last Tuesday.

"At the present moment everyone is concerned with the state of morality in which we live. We can see mastery over the force of nature, atomic energy, will bring us to the brink of disaster and destruction of society," he declared.

Mankind has allowed himself to end in this state because a fundamental principle of life brought from the ancient Hebrews into Christianity was forgotten, the dignity of the human individual.

"All humans are part of God's creation and therefore all are equal. No man or group of men or society can say to any one individual, I or we are superior and

stand higher in the sight of God. Every human has a bit of the divine in him. If we practice it there could never be prejudice or discrimination. We would have a Utopia, recognizing the merits and being conscious of the merits of our fellow humans. Instead of competition for superiority there would be the recognizing of merit and striving to respect it," he continued.

Rabbi Youngerman went on to point out the right of humans to feel free on at least one day of the week, the Sabbath, when they can rest and commune with God. This also shows human freedom which has caused both Jews and Christians alike to fight against any form of tolerance.

He cited the example of Hitler singling out the Jews for extermination because they maintained the worth of the individual, after which the Christians were persecuted for maintaining the same ideal. The same is happening today throughout the Soviet Union.

"Both Jews and Christians have also given the world the concept of communion with God to be approached with a feeling of humbleness about the individual and an awareness that he isn't a self-contained individual with the world evolving about him but a creation of God with limitations," he continued.

"Upon realization of these limitations unity with God can be had from which we can derive an inner strength. Security and a sense of comfort that we can face all things with confidence and a feeling of being able to do our best will be ours. Whether promulgated in Christianity or Judaism is not important as long as the end result is the same and all benefit from it.

"If we all dedicate our lives in our own small way we can help create something better than that which we have. We might have a renewed belief in the dignity of the human soul. It's possible if we strive," Rabbi Youngerman concluded.

—D. K.

The North Wind Doth Blow . . .

Reading weather finally decided to be consistent with the rest of the little old United States. Results—snow, and that's no joke. The alarm screamed early Sunday morning and as I pulled more covers over my head, turned quietly and tried to ignore the clanging bell, the whole clock scampered from the top of my desk, walked over to me, tried a bit of ju-jitsu and the next thing I knew I was sitting upright on the floor. Then, and only then, did I realize the wind was howling around my ears. After looking up and making sure we hadn't lost the chapel roof "somewhere along the way" I put on my ear muffs and staggered to my knees.

It took me a while to pull my three senses together (I lost two in the last test I took), fasten my safety belt in case I'd have to make a forced landing, and then proceed to battle my way toward the open window. The struggle was a rough one for reams of paper for reports were being propelled around the room in a combination whirlwind and tornado ending up in the circular file (waste-basket to you). I probably would have cast them there anyway but at least it would have been in a more ceremonious manner. On finding the combination to close the storm window, (I always keep it hidden in the third cavity on the left, upper plate) I pulled the window down, then pushed it up again with my feet (three fingers were being gnawed off at the joints), pulled it down again and collapsed in a little heap on the floor.

I had just about gained my equilibrium when I realized something white and billowy was floating around in the outer world (anything not within the realms of my four blue-gray walls is the outer world). A second look made my hair turn color, eyes light and before I knew it I was signing an Alcoholics Anonymous card in blood. The third look had a better effect on me and after a close scrutiny of the calendar I realized I hadn't back-tracked a few months, though I heard a voice from the shower yodeling "White Christmas," but Mother Nature was ending the winter with a big bang and a snowy one at that.—D. K.
