NEW INSTRUCTORS AT ALBRIGHT

This year Albright College is privileged to have nine new members on its full-time faculty. Five of the "profs" are by no means newcomers to the college for they call Albright their Alma Mater. From left to right in the front row are: Robert Schmoyer, Dr. Bernice Zissa, Barbara Fahy and Harry Koursaros. Second row: Donald Daniel, Warren Chase, Manfred Zitzman, Dr. David Voigt and Philip Eyrich.

College Building Program Continues: Student Union in Preliminary Drawings

In the past, Albright College has renovated. Further investigation added facilities building by building. The burgeoning growth now in process is an integrated program, com-bining the addition of new struc-tures with the renovation of old ones

The old administration building, now Harry V. Masters Hall, has been rebuilt to accomodate faculty offices on the first floor, a physics and math department in the basement, classrooms and a new lan-guage lab on the second and third floors. There are also faculty offices in the chapel, the science hall, the phys. ed. building, White Hall Chapel, the Alumni Memorial Building, and Spatz Cottage (behind Krause Hall). Mr. Hinkle's office is still located in Teel Hall.

1)

The Alumni Memorial Building, The Alumni Memorial Building, formerly the library, now contains a faculty lounge, the psychological service center, including an experi-mental lab and a vivarium, and the fine arts studio, all on the first floor. The second and third floors are the home economics department, a cloth-ing lab and a foods lab. ing lab and a foods lab.

In the original development plans, the interior only of the Merner-Pfeifer Hall of Science was to be small community.

taken last week. The completed science hall will have a geology lab, vivarium, ecology lab, bacteriology lab, hot room, quantitative and qualitative chemistry lab, organic quali-tative lab, organic lab, and general chemistry lab. With the addition chemistry lab. With the addition to the science hall, the cost of the program jumped from \$2,136,000 to nearly \$2,500,000, financed by gifts to the college supplemented by gov-ernment and minute here ernment and private loans.

erniment and private loans. Projected buildings are a student union, for which preliminary plans are now being drawn up, and a new dormitory to be crected on the ground remaining opposite the phys-ical education building. The college owns both houses still standing on Linden St.

Accompanying this increase in f cilities is an expected leap in the size of the student body from a present 900 plus to 1200. The col-College Calendar application form, which can be obtained from Mrs. Fister in the College Relations ege will then level off student population at that point, having come to the decision that Albright can best serve the ideals of liberal edu-cation and the Evangelical United ulty m tivities. remaining

Nine Mentors Join **Full-time Faculty**

Of the nine new members of the faculty, five are Reading natives and five are graduates of Albright College. The new additions to the Albright faculty and their departments are: Dr. David O. Voigt-

Albright faculty and their departments are: Dr. David O. Voigt-sociology, Philip A. Eyrich-political science, Harry G. Koursaros-art, Joanna T. Shuman-physics, Warren E. Chase and Robert C. G. Schmoyer-mathematics, Manfred S. Zitzman-chemistry, Miss Barbara M. Fahy-history, and Donald L. Daniel, biology. Dr. Voigt who graduated from this institution in 1948 received his M.A. degree from Columbia University in 1950 and his doctorate degree from Syracuse University in 1961. His teaching credits include teaching in high schools in Manhasset, Mamaroneck, and Delmar, N. Y., Dr. Voigt also taught at Millersville State College from 1956-1963 and during the nast academic year was a member of the Muskegum College faculty in past academic year was a member of the Muskegum College faculty in New Concord, Ohio.

Mr. Eyrich, also a graduate of Albright, received his M.A. degree from the Pennsylvania State Uni-versity in 1963 and has completed Ph.D. degree course requirements on the same campus. He presently is an instructor in political science and coordinator of the African Center at Lincoln University.

Mr. Koursaros received the B.A. degree in painting from the American University, Washington, D. C., in 1956. Mr. Koursaros is a former art instructor in the Arlington

Graduates Study At Universities

The Class of '64 . . . Where are they? What are they doing now? Although Alumni records were not complete at this writing, information concerning several members of the class who are doing graduate work was available.

The University of Pennsylvania has two former Albrightians attend-ing classes this year: John Anderson, who is enrolled in the Medical School, and Francis Huck, who is taking further courses in Physics.

Several old faces at Albright are new faces at Temple University. They include Frederick Kelner, a psychology major, and Craig Pear-son and Raymond Perry, who are preparing for medical careers.

Hahnemann Medical College has registered two Albright Alumni: Bonita Bachl and Leon Rigberg. Richard Spiegel's a trvities include attending the Lay School of American University. Also at AU, in the School of International Relations Albright x represented by John Carabello.

At Katgers University, Edward Hernan is studying at the Law School, and Carlton Miller is encolled at the School of Education

Dohn Rosenthal is registered at the University of New Mexico School of Law. The Philadelphia College of Osteopathy has opened its doors to Earl Trievel. Curtis Woodworth represents the Lions at Princeton University where he is majoring in Chemistry.

Council To Issue Monthly Calendar

This year's Student Council, in co-operation with the College Pub-lic Relations Department will be issuing a printed, two-color calen-dar. The first issue of this calendar will be for the month of October. All Albright students will receive their copies on the 25th of each preceding month (i.e. the October calendar sheet will be distributed on September 25).

The calendar will be delivered to the dormitories and will be mailed to day students.

This new publication will help to keep the Albright students and fac-ulty more fully informed of ac-Requests for changes, additions and deletions must be filed in the College Relations Office by the sec-ond Monday of the preceding month board of trustees at the ceremonies.

County, Va., Recreation Department and presently is a member of the faculty at the Art Career School, New York City. Miss Shuman just graduated from

Albright College in June of this year. At that time she received the B.S. degree. She will hold the position of graduate assistant with the physics department.

Mr. Chase graduated in 1956 from Franklin and Marshall College, Lancaster, and received the M.S. degree from the University of New Hampdegree shire in 1962. He taught for one year at Worcester, Mass., Polytechinic Institute and served as a grad-uate assistant at New Hampshire and Lehigh Universities.

Mr. Schmoyer received the B.S. degree from Ursinus College, Col-legeville, in 1959, and has taken graduate study at Penn State Uni-Temple University, Kutzversity, town State College, and Lehigh University.

Mr. Zitzman graduated from Albright in 1949 and received the M.S. degree in chemistry from the University of Delaware in 1962. He has been employed as a chemist by several Philadelphia area industrie for the past twelve years.

Miss Fahy received the A.B. degree from Immaculata College in 1963 and the M.A. degree from

Temple University last June. Mr. Daniel is a 1958 graduate of the Ohio State University. He re-ceived the M.S. degree from the same university in 1960. Mr. Daniel has been associated with the Ohio Agricultural Station since his graduation.

In a sense these teachers are Freshmen. Their backgrounds are varied, but all are sure to be a credit to the already distinguished Albright faculty.

Mayor Speaks At Convocation

Classes officially convened with the conclusion of the opening convocation ceremonies last Tuesday morning in Merner-Pfeiffer-Klein Memorial Chapel-Auditorium. Dr. Harry V. Masters proclaimed the 109th academic year of Albright in session at the traditional assembly. The key address was delivered by the Honorable Eugene L. Shirk, Mayor of Reading and Director of Athletics at Albright. Mayor Shirk's speech was formulated to impress upon the 330 students of the fresh men class that the only way to find happiness is through service to others.

The assembly was also highlighted by the introduction of 10 new fac-ulty and staff members by Dr. Mah-lon H. Hellerich, Dean of Students; devotions by the Rev. William R. Marlow, Chaplain; and a brief welcome by Barry Ache, 307 Schuylkill Ave., Reading, Pa., President of Student Council. David L. Greth, 1103 Marion St., Reading, Pa., a Sophomore, played the organ.

Editorially Speaking The Albrightian's Policies For First Meet Renovated Home Ec Labs **Objectives Announced**

The 1964-65 editions of The Albrightian will feature much change and refurbishment over past years. Last year the newspaper fell into a gradual period of decline and eventual discontinuance of

fell into a gradual period of decline and eventual discontinuance of publication. This was due to a mounting lack of interest and co-operation over a period of time. We feel new interest has been stimulated and with proper organization the degree of co-operation will follow a steadily increasing course. The Albrightan's main function will be to project a true image of Albright College life onto the printed page. Its new policy shall be based on the principles of reporting in an accurate, truthful, informative and fair manner all the news pertaining to Albright College, its students, faculty and friends. It is also the duty of a college paper such as ours to interpret the news. This function will be carried out through the editorial staff. We will strive to present stimulating, unbiased, objective and constructive opinions of items both noteworthy and appropriate. We will try to reflect the feelings and opinions of Albright students. The possible addition of editorial cartoons will aid in etricating persplexities in the news.

perxplexities in the news. Remember that The Albrightian is the newspaper of the stu-dents, by the students and for the students. We welcome and urge that "Letters to the Editor" be written commenting on school, community and national affairs. The Albrightian can become and remain strong only with the full support of the student body and it can be a voice by which your views and opinions can be aired. Letters must be signed, but the name will not be printed upon request. They should be addressed to the editor of this paper and can be delivered either to The Albrightian office, which is temporarily located on the balcony of Krause Hall, or to the reception desk. Through our feature page we will present entertaining and informative articles such as book, movie and theater reviews and profiles of campus leaders and interesting students. Literary material

Informative articles such as book, movie and theater reviews and profiles of campus leaders and interesting students. Literary material such as poems and short essays will also be included along with news of fashion and social events. The sports staff will provide accurate coverage of interscholastic and intramural athletic events. Game previews, sports editorials and player profiles will be included from time to time to give a complete nicture of Albrich's exorts activities

picture of Albright's sports activities. As you can see, we have set our goals high and yet with ade-quate student support they can be attained. To summarize this editorial we state these objectives of *The Albrightian*:

to report the news to comment on the news

to recognize and act on student opinion

to entertain

to provide the means for students to express their opinion to project the best possible image of Albright College

Manlove Leads Lion Eleven **To Victory Over Wolverines**

love, made a very impressive show in their season opener. This was the first opening win for the Lions the first opening win for the Lious Lions on their victory and is when since their 52 to 20 win over Muhl-enberg in 1961.

Albright's first score came on the fourth play of the second quarter, when the Lions quarterback Lew Nevins swept right end for eight yards. Nevin's T.D. was set up by magnificent punt return of 51 yards by Paul Reid late in the first quarter, this play put the Lion's on the 38 yard line of the Wolverines. Manlove, who led all ground gainers with 121 yards, bulled for 15 yards on one play, Frank Hertzog added four and then Bors rambled off guard for 11 to set the stage for E. Pend scamper.

The third quarter was opened by six yard kick off return by Man-ove to the Albright 29. Manlove love to the Albright 29. Manlove then lifted the crowd of 3,500 to its feet by breaking over right tackle for 71 yards and an Albright touchdown. The third T.D. came on a three yard burst by Bill Bors at 8:35 of the third quarter.

The final touchdown came on a 28 yard trip, a 17 yard Shellhammer to Leonard pass placing the ball on the eight yard line, Haggerty bulled to the five and then Shellhammer found Leonard in the end zone for the score.

All in all the Loins looked very good in netting 282 yards rushing and 50 yards passing, for a total of 332 yards. The defense also showed to be quite determined in holding Wolverines to 135 net yards. It the

The Albright Lions, sparked by would be good to note that the hard running halfback Don Man-Lion's bench was very impressive, especially at the quarterback spot. The Albrightian congratulates the

Lions on their victory and is wish-

Harriers Prep Against Juniata

A small and inexperienced Al-A small and inexperienced Al-bright cross country team will open the 1964 season against the always-tough Juniata harriers to-morrow (Saturday) at Huntingdon. The Lions can only count five

hold-overs from last year's squad and they have lost their number one runner, Eric Clough. Coach Paul R. Applegate is in his first year at the helm of the team; he succeeds Ath-letic Director Eugene L. Shirk who who stepped down to assume official duties as Reading's Mayor.

Dale to Lead

After several work-out sessi Coach Applegate will most likely lean on Herman Dale, Flat Rock, Ohio junior. Dale, top miler on the Albright track and field ensemble, ranked right behind Clough last Even though reporting overyear. weight, he is expected to pace the Red and White thin-clads. Red and

Doug Rankin, Carlisle, Pa., Paul ouglass, Philadelphia, and Jack Wolf, Pottstown, and Roger Schwarz the other returnees. Rankin and Douglass are juniors while the other two are sophomores. A pair of juniors, Bill Grosch, Syosett, N. ., and Jose Sancheez, Reading, are also attempting to make the grade. Few Freshmen

Not as many freshmen as antici-pated turned out for the sport. Of the four who did, John Clark looms a probable starter. Coach Apple gate is still encouraging any Al-bright student to land a berth on the squad.

The Juniata meet will be considered as more of a tune-up affair than anything else. The Lions have had little time to properly train for such a rugged contest. Nonetheless, seven men will make the trek to Huntingdon and, at least, make a bid to thwart a possible shutout at the hands of the Indians. At Scranton

The University of Scranton will ay host to the Albright runners play next Wednesday in our harriers' second meet. Although the outlook right now may not be too pleasant, the inexperience of the squad points to a marked improvement with more practice. Seven dual and two triangular meets compose the Albright

Thespians Begin Fall Productions

The Domino Players' first produc tion this fall will be a one-act com entitled "A Phoenix Too Freedy quent" by Christopher Fry. The single performance of this play will take place Saturday, October 10, as part of the festivities for freshmen parents' weekend. The comedy is set in an underground tomb in ancient Greece, where a lady and her maid servant are starving themselves in order to join the lady's departed husband in Hades. There enters upon this tearful scene the handsome young soldier with wine flask in hand and the fun begins.

The players first meeting this year will be held Monday, September 28 at 7:30 P.M. in Krause Hall. Mark Wasickanin, who was seen as Abe Lincoln in last spring's production of Sheman's "Abe Lincoln in Illinois" is the new president of the group, and Joan Carvell, who may be remembered as Mary Todd Lin-coln in the same production is the vice-president. Ed Rineheimer and Carole Frantz, who both had major roles in last fall's production of Rattigan's "Browning Version" are treasurer and secretary, respectively

This year's schedule for Domino includes two plays other than "A Phoenix Too Frequent", to be per-formed January 15 and 16 of next year, and April 30 and May 1. The plays for these dates have not yet been decided upon, and tryouts will be open to all members of Domino Players and those who sho interest in these productions.

Editor

The principles of the Home Eco- aim of the course seems to be not teaching girls the how but the what and the why behind everything.

The curriculum is scientifically ased and sociologically oriented. The girls under Mrs. Iacone, Mrs. Bright and Miss Elder accumulate a total of sixteen credit hours of science in their four years. The aim of the course is to train girls so that they, in their work, can be of help to the student, consumer and housewife.

The twenty-five freshmen girls will receive courses in housing, and fam-ily clothing. In the course labeled housing, the girls discuss city living and its problems. Expert guests are brought in at various times during the year to deliver talks. In the family clothing section of the curriculum, girls are not taught to im-prove their sewing skills, but discuss the importance we place upon clothing and our need for it.

Sophmoroes' foods' course is divided into three parts: the introducvideo into three parts: the introduc-tion to foods, family meals, and creative foods. The subject is ap-proached experimentally and tech-nically. For instance the efficiency of the different types of cookware is tested. The gible case benefit is is tested. The girls are taught to know what the effect of adding extra eggs to a cake will be and how to apply this knowledge to help the average housewife. In family meals the girls learn how to plan meals from sociological, economical and psychological standpoints. While in creative foods, students are told to do "something" with a cup of rice and they must make their meal of this

Juniors learn about both the technical and applied aspect of nu-trition. For instance, they learn of the nutritional needs of old people or of a child with an allergy.

Senior Home Ec majors live in Sherman Cottage and spend six months gaining field experience. Jobs are as varied as your student teaching and merchandizing.
