# Tonight's Ball Kicks-Off Homecoming

Albright College once again opens her doors to returning alumni, friends and parents for her annual Homecoming Weekend, 1960. Groups all over the campus have prepared festivities beginning this evening with the Ivy Ball and continuing throughout the weekend. The Ball begins tonight at 9 p.m., continuing until the "magic hour" of 12 midnight. The semi-formal dance will feature the Skyliners Dance Orchestra. Featured event will be the crowning of the Queen of Homecoming 1960 by last year's queen, Carol Ann Morris, '62. The six members of her court will also be presented to help her reign for the weekend, and share her place of honor at the dance and on the Queen's float tomorrow.

Saturday's celebrations start with registration opening at 9 a.m. in the dining hall lounge. Tours of the campus will also begin at this hour, originating from the lounge. At 10 a.m., the Daywomen will have their reunion in the Pine Room in Selwyn Hall. During the 10:30 period, the class presidents and reunion chairmen of the classes of numbers ending in '1 and '6 will meet in Krause Hall. An Alumni Luncheon will be served in the dining hall at 11:30 a.m. 1 p.m. will find the Alumni being entertained in the Merner-Pfeiffer-Klein Memorial Chapel-Auditorium by an Alumni Musicale.

Pfeiffer-Klein Memorial Chapel-Auditorium by an Alumni Musicale,

The Albright-Lebanon Valley game will occupy most of the afternoon beginning at 2 p.m. Halftime will treat the spectators to a float parade which this year includes 10 floats centering upon the theme of "Billboards." Competing for the trophy will be Phi Beta Mu social sorority, Pi Alpha Tau social sorority, Women's Resident Organization, Alpha Pi Omega social fraternity, Kappa Upsilon Phi social fraternity, Zeta Omega Epsilon social fraternity, Pi Tau Beta social fraternity, Kappa Tau Chi honorary pre-ministerial fraternity, and a cooperative project of the Daywomen and Daymen's Organizations. A non-competitive float will be the Alpha Phi Omega service fraternity and Freshman float for the

nity, and a cooperative project of the Daywomen and Daymen's Organizations. A non-competitive noat will be the Albright College Fieldhouse, with members of the class of 1960 playing host. During the course of the party the Songfest competition will be staged. Presentation of the float trophy and the Haps Benfer trophy to the player of the day will be made. At 6 p.m. an accommodation buffet supper will be served in the dining hall. Following this, there will be fratternity meetings at the various fraternity houses.

Students on the Homecoming committee directed by Harold Bailey, '62, student chairman, are as follows: Ivy Ball, Louise Gehrke, '63; Float Parade, Robert Melnick, '62; Touring, Barbara Specht, '63; Decorations, Frances Geigle, '63; Registration, James Garofalo, '61.

# Nixon Is Chosen As Next President By Campus Ballot

With a vote totaling 271 against a vote totaling 151, Republican Richard M. Nixon, contender for the Presidency of the United States, defeated John F. Kennedy, Democratic contender. The "straw vote" conducted Tuesday attracted nearly 50 per cent of the student body.

The election featured two separate ballot boxes, one for legallyeligible voters and one for non-voters. Further breakdown of the student group revolved about the local students voting on a ballot such as will used in the General Public Election next week in Berks County,

while resident students of the col-lege voted only for the Presidential, Vice-Presidential slate.

The national group of voting-age students chose 41 to 22 in favor of Nixon; non-voting age students chose the same candidate with a total of 154 to 73.

Votes cast by eligible voters and non-voters of the area, respectively in columns of numbers in that or-der, are as follows:

President and Vice President	
Kennedy-Johnson19,	37
Nixon-Lodge27,	43
State Treasurer Sloan (D.)	34
State Senator

By LEN MAGARGEE, '63

Albright College Student Council met Oct. 4, 1960. Bruce Bottomly '63, was nominated and elected chairman of the elections commit tee. The problem of poor attendance at Friday Night Activities was discussed, and it was suggested that a price list of popular movies be obtained

#### Friday Night Programs

The Council meeting of Oct. 18, 1960, was called to order by President Stephen Lipkins, '61. It was found that the popular movies for Friday Night Activities would prove too expensive for the activity budget. Lipkins suggested that the programs be fewer and more elaborate. The problem of students entering the chapel programs late was brought up by Chaplain Marlow. It was decided that if the practice continued, after an annoucement was made asking students to be in their seat by 11:10 a.m., action will be taken to enforce this rule. Nominations were accepted for Home coming Queen and Lipkins announce ed that elections would be held the beginning of the following week in the administration building. Results will be disclosed at the Ivy Ball, Nov. 4.

This week's Student Council meet ing was called to order by President Lipkins. The minutes of the meet ing of Oct. 18, were read and ap proved. Council voted that Customs be ended. It was also announced by President Lipkins that the library will also be open during Christmas vacation from the hours of 10 to 4 p.m. The meeting was then adjourned.

# Homecoming 1960

Homecoming—1960. A time for alumni, parents and friends of Albright College to gather on her campus, greet old friends, cheer the team to victory and most of all to wander at leisure from place to place inspecting facilities and staring "wide-eyed with wonder," to utilize an old phrase, at the progress made here both in the educational and physical aspects.

The familiar language laboratory continues to amaze our The large number of books available to students in the college library impresses them much, also. To hear the students talk about their favorite classes or professors interests them

The increased enrollment and the plans being operated to accommodate it evokes astonishment. Amazement at the recent, rapid growth in the physical size of Albright is expressed: "Why, it was only a few years ago that a huge gymnasium was built, then a dining hall, and last year a new infirmary and increased living space in Selwyn Hall, now they're erecting a dormitory and an addition to the science hall? How?"

Perhaps, if the above questioner were more aware, he would have said "Who?" rather than "How?", because we have the answer to that question. Dr. Harry V. Masters, president of Albright College, since 1938.

During these twenty-two years Dr. Masters has given his every effort to the construction of a better Albright. Being chief executive of an institution such as this is no easy undertaking, and 1938 was not a stable year to begin such a tremendous job.

Despite the economic state of the world, Dr. Masters readily had the situation well in hand. The Albrightians of 1938 ran a column in most issues telling what the new president had been doing and what he was presently doing or planning to do. Included in his long lists of activities were speeches to educational associations, church groups and businessmen's gatherings. These activities ranged from local to state to interstate and national ones. At this early stage Dr. Masters was developing the solid contacts which have produced for today's Albright its many friends and associates. its many friends and associates.

It was at this time also that Dr. Masters began to plan for the future through the creation of various committees. The board of trustees, the various faculty committees, the building committee, etc., have worked under his leadership to their capacities to produce the modern Albright. Through these groups the President has raised the necessary funds for expansion of physical and educational facilities, not to mention the increasing of the endowment. increasing of the endowment.

Our President has served Albright College for twenty-two Our President has served Albright College for twenty-two years with little acknowledgement or blaring of the proverbial brass bands. We feel that he is deserving of the highest praise and reward. And, while we do not feel that this can fully be accomplished by the following, we suggest that one of the buildings to be constructed be named in honor of Dr. Harry V. Masters, in commemoration of services unselfishly rendered.

# One Large Ballot

We can only reiterate the time-worn phrase, "Get out and Vote!" hoping that you who are qualified will do so. After all is said and done, it is only you, the individual voter with your one large ballot in hand that determines who and what will govern our country for the next four years.

Why do we say LARGE ballot? Everyone knows it's just a small piece of paper with small black words printed upon it, followed by little white blocks outlined in black. What's so large about that?

We would explain the largeness in three ways. First, the secret ballot as it is known in the United States is denied to the majority of the peoples of the world. Secondly, the universal adult ballot is an admittance that the American government is one ". . . of the people, by the people, and for the people . . "And last, the ballot in the hands of you, the voter, simplifies the trust placed in every qualified American citizen. people . ." And last, the ballot in the hands of you, the voter, signifies the trust placed in every qualified American citizen that you are intelligent enough to make sound decisions in choice of government.

On the basis that to not vote if you have the qualifications would reject the above principles, we hope that if you haven't already sent in your absentee-ballot or haven't made plans to make the short journey to your polling place, that you will do so. And, may the man who is best-qualified win!

# **Toward A More Efficient** The Editor Foreign Policy

By BRUCE YEO, '62

In discussing foreign policy, I think it is imperative that we re-member this one basic point. Our words are only as effective as the strength we have to back them up. By strength, I mean military, s entific and economic strength. can't afford to be surpassed by the Russians in any of these areas if we expect to have effective influence at the bargaining table. We have to deal with the Soviets from a position of comparatively superior strength if we hope to gain any concessions from them or to further

However, power is not to be limited only to tangible items. Chester Bowles, in his book, The Coming Political Breakthrough, states, "Many 'realists' define power as a complex of military forces, industrial capacity, stores of nuclear weapons and bases from which to deliver them, radar warning systems, dispersion of cities, stockpiles, communications, geography and allies. This definition of power is all right as far as it goes, but in our modern revolutionary world it doesn't go nearly far enough." There is also power in ideas. Bowles goes on to say, "But whether the cause be good or evil it is safe to say that the explosive combina-tion of ideas and people will con-tinue to upset governments, defy armies and write history." This power of ideas is reflected in our own American Revolution, the "revolution of rising expectations" of the African and Asian peoples, and in many Latin American revolutions, notably that of Cuba.

It is the responsibility of those in the state department and in the foreign service to be in touch with those ideas and the people who form them. I think this phase of our foreign relations has been neglected as was amply pointed out in The Ugly American. A symbol of reaction against United States foreign policy was brought forth when Nixon was stoned in Venezuela.

One of the primary jobs of the next administration will be to gain back the prestige and respect that have been lost in the past seven and a half years. Senator Kennedy and the Democratic Party realize the seriousness of this problem and provide a realistic and positive approach toward it. The direction in which they would move is exemplified in a statement from the Democratic Platform, The Rights Of Man; ". . . those men and women selected to represent us abroad must be chosen for their sensitive understanding of the peoples with whom they will live. We ca longer afford representatives are ignorant of the language We can no culture and politics of the nations in which they represent us."

### '... To Lead In This Conflict ... '

By ERNEST HEMPHILL, '62

There is a great cause to be led in the 60's. Both political parties agree on this. For the Democratic party the cause is to fulfill its platparty the cause is to fulfil its plat-form of ennumerable promises; the Republican party's cause is to pay for all the Democratic promises; and the great cause of the Ameri-can people is to survive. The one notable sign on the American scene in this muddle of political chaos is that the records have become conthat the people have become convinced that they are in a fight for survival—their survival! This time survival—their anvival! This time fighting not for Europe, not for magnanious phrases as, "To make the world are for democracy," but for the simple biological desire to live. An November 8th, a man must be abosen to lead in this conflict and confront that pudgy clown on the other side of the earth whose isst-banging temper tantrums send tremors throughout the world. Richard Nixon should be this man.

ard Nixon should be this man.

With Mr. Nixon, for the third time in four decades a new kind of President would take the reigns. What F. D. R. symbolized to the New Deal and Eisenhower to massive retaliation and summits, Mr. Nixon would be to foreign affairs and policy—the symbolic leader of a great challenge. Those who have watched the growth of the "experience counts" man see that most of the experience is counted in foreign affairs. It was Nixon who recommended to Ike that he send Robert Murphy to the Middle East Robert Murphy to the Middle East during the chaos of 1958; Nixon pioneered the personal diplomacy for which the latter part of Ike's administration is noted. He has striven fruitlessly for a reorganizastriven fruitlessly for a reorganiza-tion of the foreign service under one guiding eye, who would coordi-nate an American offense rather than a defense in foreign affairs. This post he intends to reserve for Mr. Lodge under his own adminis-tration. The evidence is, wrote

ity, Kennedy will be elected. People just love prosperity. Ours is a ma-terialistic civilization. But for the larger good and the basic ideal of government, Nixon should be elect-ed. I intend to vote for him . . ."

William White in Harper's that, "A n administration would not find the President his own Secretary of State, the country and the world would be in no doubt who was running the show... The public might not like the action it got, but it would get action."

The Richard Nixon of the kitchen debate has come to symbolize a new, bold approach to world affairs We are in a war, and war includes taking the offensive whether it con-cerns policy on Chinese islands or arguing with pudgy communist clowns. Nixon has commanded uni-versal respect for courage in Ca-racas, audacity in Russia, and as a symbol of hope in Poland. The Nixonic New America will demand just these qualities: courage, bold-ness, and a sharp mind into the political weapons of a new war. This new frontier is not to be led by one who spends his time grovel-ing in the dirt screaming to the four corners of the world about lost prestige in a campaign of any thing

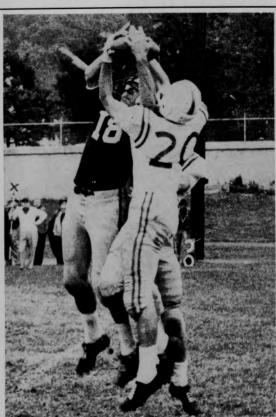

goes to win.

On the other hand, a view of what we might expect under Kennedy is expressed by Sen. Byrd (D. Va.), "Kennedy lacks the age and experience to be President in these perilous days. I find it difficult to be secure in the thought of his sitting days, with the Adequaters, the be secure in the thought of his sit-ting down with the Adenauers, the DeGaulles, the MacMillans, and the Khrushchevs as our country wrestles with important problems in the field of international affairs." Doubt about Mr. Kennedy as President has even been expressed by a Demo-cratic professor on our own campus who admitted in a campus debate he'd have to hold his nose when he pulled the lever for Kennedy. On Noy, 8th why not take to heart

On Nov. 8th why not take to heart On Nov. 8th why not take to leart the exemplifying advice of Sen. Hubert Humphrey (D.-Minn.) when he switched his convention vote from Kennedy to Stevenson: "This is anything else but protest vote— it is concern for my country."

# Lions Take Moravian, 21-14, After Crushing Scranton, 39-6

Albright's high-riding gridiron Lions were hard pressed to come up with a victory last Saturday at home as the Moravian Greyhounds battled all the way before dropping a 21-14 decision. The surprising Greyhounds, out to prevent Albright from extending its unbeaten record to ten games, contained the Lion ground and air attacks as well as any

Quarterback Gary Chapman threw for two Albright touchdowns and Al Pitts scampered over from one yard out to register the three Albright six-pointers. Jack DeLorenzo kicked the trio of extra points for the Lions. The scoring passes were to Tom Olivo, for eleven yards, and to Claude Lynch for twenty-four yards.

Moravian scored twice on passes. In the second quarter Jim Kelyman gathered in a Jim Ritter toss for the first score, and in the final frame Andy Semmel hit Jeff Gannon for a 22-yard scorer. This was not enough, however, to overcome Albright's early 14-0 first-period lead Coach Potsklan's gridders held a 14-6 advantage at the half.

The first Albright offensive drive of the game culminated in a touch-down after a sustained drive of 64 yards, which they covered in twelve plays. Later on in the initial quarter Gary Sheeler recovered a fumbled Moravian punt return on the enemy eleven. The next play Chapman threw to Olivo for the score

On the ground Albright out-gained the Hounds by 161 yards to 92 and enjoyed a slight edge in passing, 87 yards to 65. The Lions compiled a net total of 248 yards gained on sixteen first downs to the Greyhounds 157 yards on seven firsts

# PMC Sets Course Mark

A new record for the Albright cross country course was set last Tuesday when Skip Dougherty of the Pennsylvania Military College covered the open distance in 22:45.5. PMC handed the Lion harriers a 41-18 defeat.

After tomorrow's triangle meet

After tomorrow's triangle meet with Franklin and Marshall and Delaware at Lancaster, the Albright cross country team will be two dates away from completing their season. They will face Dickinson on November 9th and Juniata on the 12th. Both contests are scheduled over foreign territory.

In the PMC win, record-holding Dougherty was followed by three of his teammates who crossed the finish line abrest after 24 minutes and 21 seconds.

## MAC Lead Will Go To Winner

A capacity Homecoming Day crowd is expected to be on hand tomorrow afternoon at 2:00 p.m. in tomorrow afternoon at 2:90 p.m. in the Albright Stadium to witness the 38th clash between the Lions of Albright College and the Flying Dutchmen of Lebanon Valley. The game promises to be one of the highlights of the 1960 football sea-son since both teams are undefeated in Middle Atlantic Conference com-petition. The team from Lebanon Valley are boasting a five win and Valley are boasting a five win and one loss record with their lone setback coming at the hands of Muhlenberg College by a score of 27-12. The Lions mauled Muhlenberg 31-7 on their way to a current six wins and no defeats record.

The Lions hold a 19-15 edge in the colorful series which dates back to 1902. Three games have ended in ties. However, Lebanon Valley has not defeated Albright since the Pretzel Bowl game of 1953. Last

Pretzel Bowl game of 1953. Last year, the Lions ground out an 18-0 decision at Annville.

#### **Powerful Backfield**

Powerful Backfield
The biggest problem of the Red
and White will be to stop the powerful backfield of the Dutchmen. Besides quarterback Wes MacMillen
who rates as one of the best passers in the conference, the team
sports two fine halfbacks in Les
Holstein and Vern Magnuson. Last
week Lebanon Valley had to use
all tricks to conquer Dickinson
College 10-0. At the same time Albright had a rough time desposing
of Moravian College by a score of
21-14.

Besides owning the longest col-legient winning streak in Pennsyl-vania, Albright College is presently ranked third in the running for the

#### Athlete Of The Century

In the lobby of the Physical Education Building hang two picture Contained within the frame on the north wall is a photograph of a stalwart-looking young man holding an over-sized football under his left arm. There is a big "A" on the front of the long-sleeved, button-up sweater he is wearing. His dirty football pants are baggy and torn,

and his shoes are dusty and worn.

Directly across the lobby, on the south wall, is a painting which depicts a football player about to throw a pass. The large white numerals "63" stand out against the dark red of the passer's jersey. Any Albrightian will recognize the background as that of Albright Stadium, with the familiar multi-colored rolling hills in the distance.

Both pictures share a common subject. A small brass plate annces that he is HARRY A. BENFER.

Haps Benfer Trophy
Tomorrow afternoon an Albright football player will be awarded a trophy in the name of this same man, Haps Benfer, who, upon the completion of Albright College's first hundred years in 1956, was named this school's "Athlete of the Century."

The Varsity club had good reason to name Haps as the one outstanding Albright athlete. In his junior and senior years here he captained the football, baseball, and basketball teams, and he captured twelve varsity letters in the four years between 1911 and 1915. In his last two playing years Benfer was named to the fullback position on Walter Camp's Little All-American football team.

Presently the Dean of Freshmen and Director of Admissions at
Muhlenberg College, Haps coached football at his alma mater from 1919
to 1924 as the immediate successor to Pop Kelchner, his coach during
his playing days. Benfer's five-year record as Lion mentor was twenty

wins and twenty-five losses.

It was a bright, brisk November day four years ago that Benfer It was a bright, brisk November day four years ago that Benter received the commemorative plaque from the Varsity club between the halves of a Lebanon Valley football game at the Albright Stadium. That day William "Lone Star" Dietz, a former Albright grid coach turned artist, presented to the College the picture he painted of Benfer which now hangs on the south wall of the Physical Education Building lobby.

Acceptance Speech
After having been presented with his award, Haps Benfer, an ordained clergyman, began his speech of acceptance from a spot behind the Albright team bench in front of the concrete stands. Turning to face the many Homecoming Day fans, he spoke out in a voice that had the power of rolling thunder. A man stood beside Benfer holding a microphone was to the athlete's face, but Haps would have nothing to do with the Moving away from the man, the Athlete of the Century addressed mose present much in the manner of an ancient Greek would have crated to the Council of the Five Hundred. No one had any trouble hearing him.

The Albright gridder who will be named the outstanding player in the Homecoming Day game, 1960, may well be proud of possessing a trophy which bears the name of Harry A. "Haps" Benfer, Albright College Athlete of the Century.

## Melnick Leads Kappas To Undefeated Season

For the first time in six years the Alpha Pi Omega fraternity was defeated in intramural football. The Kappa Upsilon Phi social fraternity was able to turn in a spotless record of seven victories against no defeats. Leading the Kappa's to victory was their quarterback, Dick Daddona, who personally scored 32 points. Bob Melnick led the Kappa's and the entire league in scoring with 52 points. Also, Hank Bailey was able to add 28 markers for the Kappa's. For the first time in six years

# APO's and Pi Tau's Tied For Second

For Second
The APO's and the Pi Tau Beta social fraternity compiled identical 5-2 records to the for second place. The APO's were lead by Barry Lewis with 37 counters, and Dale Mock, with 26 points. Warren Kronenberg lead the Pi Tau's with 49 points and was second leading scorer in the league.

The Zeta Omega Epsilon social fraternity compiled a 4-3 record to capture fourth place in the standings. John Vastine, with 25 points, and Dave Witherbee, with 22, paced the Zetas.

The Dorm upperclassmen finished with a 3-4 record and the Day upperclassmen had a 2-5 record to end in fifth and sixth places re-

spectively.

The Dorm freshmen managed to win one game while losing six to come in seventh.
