

## One Hundred Join In NCCD Representatives Take Part in School and Worship Services

In cooperation with the program of the department of Christian Education of the National Council of Churches, Albright College again participated in the observance of National Christian College Day, last Sunday.

### Representatives

A total of 100 persons, including 86 students, 19 faculty and staff members, four trustees, and an alumnus, served as representatives of Albright in the program. Reverend Robert S. Smethers, Jr., director of church relations and the committee chairman, reported. These participants, either singularly or in teams, traveled an anticipated 7000 miles collectively to visit a total of 80 churches in four college-supporting EUB conferences: Central, New York, Northeastern, and Western Pennsylvania.

### 97 Services

Faculty and administrative speakers, individual student speakers, teams of student speakers, and singers took part in approximately 97 services, most of which were morning Sunday School and Worship services. One faculty member and three students also participated in a Greater Boston Area EUB Youth Rally Saturday night, with five churches cooperating in the program. Most of the groups left early Sunday morning by car for their destinations.

National Christian College Day is an annual recognition by protestant churches and their related colleges of the Christian dedication to the things of the mind, and the importance of Christian higher education. The object of the observance is to give church members and the community at large a better understanding of the needs, situation, and the unique role of the church-related colleges, and to suggest ways in

## Four Honorary Degrees Will Be Awarded

Albright College will grant four honorary degrees at its 100th commencement exercises June 7, according to President Harry V. Masters.

Ferdinand K. Thun, chairman of the Board, Berkshire Knitting Mills, will receive the doctor of humanities, and O. Titus, president of the Metropolitan Edison Co., will receive the doctor of science.

Two prominent Evangelical United Brethren laymen will likewise be honored. Emma Sanborn Tousant, retired Massachusetts lawyer, will be awarded the doctor of laws, and Ralph E. Smith, retired Buffalo YMCA executive, the doctor of humanities.

A native of Reading, Thun received his A.B. degree from Williams College in 1930 and immediately became associated with the Berkshire Knitting Mills. He became president in 1948 and has been chairman of the Board since 1956.

### Trustee

He is a Williams trustee and director of the Berkshire overseas subsidiaries and the People's Trust Co. of Wyomissing. President of the Berks Co. Advisory Council, he is also a member of the Board of Trustees of the YMCA and executive committee of the United Fund.

Titus graduated from Phillips Exeter Academy and Yale University. He began his career with public utilities in 1919 with the Rochester Gas and Electric Co. Following his later association with the New York Electric and Gas corporation, he was elected president of the Metropolitan Edison Co. Last year he resigned a 7-year tenure as president of the Pennsylvania Electric Co. and chairman of its Executive Committee.

He served six years as chairman of the Executive Committee of the Berks Co. Chapter of the American Red Cross, and has also been associated with the local Chamber of Commerce, YMCA, and Tuberculosis Assn.

## Hellerich Will Succeed Walton

### "Rainbow Ecstasy", Annual Student Council Spring Dance, Tomorrow Night

"Rainbow Ecstasy," the annual spring dance sponsored by Student Council, will be held in the physical education building Saturday evening, April 18 from 9 to 12.

Albrightians will dance to the music of "The Criterions," a fourteen piece dance band composed of students from West Chester State Teachers College. The group is well known in the Philadelphia area.

Herbert Miller, '61, general chairman feels, "Since last year's dance was the talk of the campus because of its success, this year the dance should be supported even more enthusiastically."

A garden scene with a rainbow effect will be designed to serve as the center of attraction on the dance floor. Alexander Stewart, '60, will direct the activities of the decorating committee.

### Tickets

Tickets will be on sale at \$3.50 per couple in the Administration Building April 13-17 or they can be purchased from any member of Student Council. Linda Hershberger, '61, is chairman of the ticket committee.

Publicity will be handled by Michael Matto, '61.

Refreshments will include punch and assorted crackers with an array of spreads. The home economics majors of the junior class will assist Marianna Wonder, '60, chairman of the refreshment committee, in serving at the dance.

Suzanne Schick, '59, is responsible for the favors which will be given at the dance. Gary Stone, '60, will act as lighting technician.

Dr. M. H. Hellerich

## New Dean to Assume His Position July 1

President Harry V. Masters has announced the appointment of Dr. Mahlon H. Hellerich, of Lutherville, Md., as Albright's new dean. Dr. Hellerich will succeed Dr. George W. Walton, who will become dean emeritus and continue as professor of geology. Dr. Hellerich will assume his new role on July 1.

On leave of absence from his post as professor of history at the State Teachers College at Towson, Md., Dr. Hellerich is this year a Michigan Fellow in College Administration at the Center for the Study of Higher Education, University of Michigan.

He holds the Ph.D. degree from Muhlenberg College in 1940, where he was valedictorian of his class. He received the M.A. from Columbia in 1947 and the Ph.D. from the University of Pennsylvania in 1957, where he specialized in American History and education. At Albright he will also carry the title of professor of history.

### Professor

Prior to his faculty post at Towson, Dr. Hellerich was associate professor of history at Elizabethtown College. While in Elizabethtown, he was active in civic affairs, serving on the Board of Directors of the Kiwanis Club and the Junior Chamber of Commerce.

Dr. Hellerich since 1952 has served as Lutheran Counselor to college students in the Baltimore Area, in relation with the department of college and university work, National Lutheran Council. He was elected for the 1958-62 term a member of the Board of Directors of Gettysburg Theological Seminary.

He holds membership in the American Historical Society, the Pennsylvania Historical Assn. and the American Assn. of University Professors, of which he was first vice president of the Towson chapter last year. He has appeared at various education workshops and has authored more than 30 magazine articles and book reviews.

## Zetas Lead In Point Derby

The Zeta Omega Upsilon social fraternity is leading in the race for the Achievement Trophy. The standings were released at the last meeting of IFC, April 8. The Zetas are followed by the Alpha Pi Omega, Pi Tau Beta, and Kappa Upsilon Phi social fraternities, the point scores are 52, 45, 25, and 16, respectively.

The council also discussed proposed changes in the present preferential balloting system for fraternity preference. A committee report suggested that Freshman, upon their arrival at the campus, receive a pamphlet describing the fraternity system at Albright. Should the fraternities receive the names of the persons who ballot for their organization as their first choice? Or should the dean take tighter control of the balloting to prevent voting pressures? The two preceding questions represent the solutions proposed to relieve the present balloting problems. The return of the silent period was also discussed. No

(Continued on Page Three)

## Celia Petrucelli And Court Elected To Reign Over May Day Program

The annual May Day at Albright College will be Saturday, May 9. Celia Petrucelli, '59, will reign as the 1959 May Queen. Attending the queen will be Mary Ann Sherck, '59, and Elizabeth Smith, '59, as her maids of honor. Barbara R. Goda, '59, has been elected Mistress of Ceremonies and Ann Young, '59, Custodian of the Crown. The other members of the queen's court will be Mary Ellen Brady, Sarah Bell, Amelia Pottelger, Mary Lois Young, Louise Reid, and Maxine Thus.

### Comments

Our new queen commented, "I am very thrilled and honored to have been chosen to reign as queen of the May Day festivities." Miss Petrucelli, who resides in Roseto, Pennsylvania, is majoring in sociology. She is past corresponding secretary of the Phi Beta Mu social sorority. During her four years at Albright she has served on the Student Council, Freshman Orientation Committee, and cheerleading squad, of which she was captain for two years. Upon graduation she plans to follow a career in personnel work.

May Queen And Attendants

Miss Sherck and Miss Smith are home economics majors. Miss Sherck resides in Denville, New Jersey. She is recording secretary of the Pi Alpha Tau social sorority and is pledging Phi Delta Sigma, the alumnae sorority of Albright College. Miss Smith, who resides in Lancaster,

Pennsylvania, is president of the Pi Alpha Tau social sorority and the Women's Dormitory Organization. She is also pledging Phi Delta Sigma alumnae sorority.

Mrs. Goda, a history major, resides in Reading. She is a member

(Continued on Page Two)

## EUB Vocation Team Visits This Campus

The Vocation Team of the Evangelical United Brethren Church made its annual visit to Albright College Tuesday, Wednesday, and Thursday of last week. The Rev. Mr. J. Franklin Beck, the Rev. Mr. Edwin D. Fisher, and the Rev. Dr. Paul Price all from the general headquarters of the EUB denomination at Dayton, Ohio composed this year's team. While at Albright, the ministers acquainted the student body with the opportunities available in the field of full time Christian service.

The Rev. Mr. Beck spoke at both chapel services. The entire team discussed church vocations at a combined meeting of the Ys on Tuesday evening. During the three days interviews were arranged for students interested in Christian service as a career.

## APOs, Dormwomen Win Sports Night

The Alpha Pi Omega Fraternity and the Dormwomen emerged victorious in the men's and women's divisions respectively in Albright College's Sports Night Program. The annual event was held April 3 in the Field House with Student Council, IRC, and the combined Ys as the sponsoring organization. Stephen Lipkins, '61, served as general chairman from Student Council.

The men's events included ping-pong, tug-of-war, broad jump, basketball relay, wrestling, horse and rider, rope climb, and a high jump. In the women's division the events were ping pong, badminton, tug-of-war, volleyball and a relay race.

The participating organizations in addition to the winners were Kappa Upsilon Phi, Pi Tau Beta, Zeta Omega Epsilon, and the Daymen in the men's division. Participating in the women's events were Phi Beta Mu, Pi Alpha Tau, and the Daywomen.

# Fiore de Henriques To Appear In Cultural Program April 23

## Reknown Sculptress Will Demonstrate To Freshmen, Juniors

Fiore de Henriques, a world reknown sculptress, will demonstrate her work in the Freshman-Junior chapel April 23. A woman of astounding artistic energy, she has modeled more than 3000 people, many of them of international importance, in the past eight years.

Fiore, who virtually commutes each year between America and the Continent, was born in Trieste of a Spanish father and a mother born in Central Europe. Her father was the last of a great Spanish family that traced its descent from the first king of Portugal and numbered among its ancestors the second wife of Christopher Columbus.

### Studies

She began her studies under the great Italian sculptor, Arturo Martini, who taught her, above all, to be an artist, not merely a sculptress. After the death of her master, she left Venice to go to the Dolomites, where for three years she learned to work with wood.

Fiore later studied in Florence under Antonio Berti. At the age of 25, she gave her first show at the Galleria Rizzzi, then the best gallery in Florence.

Still later Fiore became a British citizen and has had three exhibitions at the Royal Academy.

Fiore first came to America about five years ago under the patronage of Huntington Hartford, who commissioned her to design a museum for him to be built on his property in Hollywood.

Fiore worked for Mr. Hartford for two years to realize a model which she hopes one day to see built. In the meantime, exhibitions of her work have been held in the many art centers of the world, including Rome, Naples, Milan, Venice, London, New York and other American cities.

## Pi Gamma Mu Extends Bids

Pi Gamma Mu, national social science fraternity has extended 22 bids to upperclassmen. The local honor fraternity is affiliated with the American Association for the Advancement of Science and Associated with the national Academy of Economics and Political Science.

In order to receive a bid, the student must attain a 'B' average in 20 hours of economics, history, political science, or social sciences, or a combination of these courses, with no failure in any course.

Juniors receiving bids were Robert Nagle, Daniel Hartman, Rachel Hinman, Mary Ellen Hunsberger, Stanley Michelak, Richard Reidler, Margaret Schultz, Edward Schweitzer, Alan Kutner, John McGrath, Marilyn Catlow, Raymond Saier, Merrill Marisseau, Robert Jones and Michael Teitelman. The seven seniors were Celia Petrucci, Pantelis Rentos, John Tibbits, Curtis Keller, Leonard Noll, Frank Sudock, and Pauline Ziegler.

## G-Club Tour

The 40 member Albright College Glee Club under the direction of Prof. Lester R. Yeager began their spring concert tour last Thursday morning. Their itinerary included southeastern Pennsylvania and northern New Jersey.

Parkland High School, near Allentown, Pa., was the scene of their first concert yesterday afternoon. Last evening the group sang for an audience at the Booneton, N. J., Methodist Church. Today their schedule included an 8:30 a.m. concert at John Hill High School, Booneton; a 1:30 p.m. concert at Bernards High School, Bernardsville, N. J.; a 7:30 p.m. concert at Ebenezer EUB, Allentown.

Other engagements on the Glee Club's spring concert schedule have now been calendared. A program of music will be presented, May 1, for the state YMCA convention at the Abraham Lincoln Hotel. May 3, the annual spring concert at Park EUB will be sung. Parents' Day, May 9, is the last of the scheduled appearances of the Glee Club this year.

## Students To Study Abroad

The Director of the Institute for American Universities, affiliated with the University of Aix-Marseille, announced today that Mr. David P. Eller and Miss Eileen McCracken, sophomores at Albright College, Reading, Pennsylvania, have been accepted as students for the Junior Year Abroad 1959-1960.

Miss McCracken, whose home is in King of Prussia, Pennsylvania, and Mr. Eller, who lives in Naperville, Illinois, are both preparing for teaching careers and hope to teach French and English respectively after finishing at Albright. They will be taking courses in French at the University as well as in English at the Institute, which translates work in Aix into American University credits.

### University

The town of Aix, 18 miles from Marseille, is noted for its University founded in 1409. It is also famous as an 18th century city which has remained intact to this day, its mansions and chateaux preserved as they were 200 years ago.

Besides a vigorous intellectual life, the Institute provides facilities for other European travel and sports: tennis, golf, swimming on the Riviera or in Aix's ancient Roman baths, as well as excursions along roads made famous by Cezanne's paintings and to cities that still have their Greek, Roman and Medieval monuments. During the winter there is skiing in the nearby French Alps.

## Science Fair Awards Dinner

Senior medal award winners of the 1959 Reading-Berks County Science Fair were honored at an awards dinner April 9 in the dining hall. Dr. J. C. R. Kelly, manager of the Technology Department of Westinghouse Research Laboratories, spoke to the young scientists on "The Farthest Frontier of Electrical Discovery". The essence of Dr. Kelly's speech was 1979 Electrical Living. He demonstrated electro-luminescence and thermoelectricity to the Reading-Berks students and interested Albrightians.

The students' projects were displayed in the physical education building April 8-10, where they were judged for their scientific content and presentation. George Post, a junior at Central Catholic High School, received not only the honor of placing first in the event, but also a \$250 Berks County Medical Society scholarship. Approximately 1500 persons attended the Science Fair.

The seventh annual Science Fair was sponsored by the Reading Chemists Club, the Reading Chapter of the Pennsylvania Society of Professional Engineers, and representatives of local industry.

## Degrees

(Continued From Page One)

Following a period of teaching in the local schools of Vermont, Mrs. Tausant received her bachelor of laws degree from Boston University Law School in 1924, being admitted to the Massachusetts and Federal Bar that same year. She was three years later appointed to the Industrial Accident Board, later becoming chairman until her retirement in 1951.

Since 1939 she has been a lecturer and instructor at the Harvard School of Public Health on medical legal industrial problems. She is a member of the Administrative Council of the Northeastern Conference of the EUB church and represents the denomination on the Massachusetts Council of Churches.

Smith spent thirty years in wholesale jewelry management and twenty years in executive positions in the YMCA of Buffalo. In 1913 he was instrumental in founding the Council of Churches of Buffalo and

## Alcoa Gives College Grant

In a special announcement made by Mr. Arthur J. Stewart, manager of Aluminum Company of America, Cressona Works, Albright College was named as one of the nine independent colleges receiving grants totaling \$6,950 from the Alcoa Foundation. The amount of Albright's grant is set at \$500.

In addition, \$6,500 was designated for distribution among member colleges of the Foundation for Independent Colleges, Inc.

### Other Colleges

Other colleges receiving individual grants are: Gettysburg College, Gettysburg, Pa.; Muhlenberg College, Allentown, Pa.; Allegheny College, Meadville, Pa.; Grove City College, Grove City, Pa.; Thiel College, Greenville, Pa.; Washington and Jefferson College, Washington, Pa.; Westminster College, New Wilmington, Pa.; and Franklin and Marshall College, Lancaster, Pa.

Mr. Stewart said, "The small independent colleges have been of major importance in strengthening the over-all educational program of our nation. Their accomplishments have been most notable, and The Alcoa Foundation is pleased to furnish this support."

"Since the Foundation's beginning in 1952, it has presented \$1,714,587 in scholarships, fellowships, summer professorships, grants and special endowments to educational institutions," Mr. Stewart added.

### Sixty-Seven

Sixty-seven colleges and sixteen state associations will benefit this year from approximately \$100,000 in grants from The Alcoa Foundation under its independent college program. This program is now in its fourth year.

The Alcoa Foundation was founded for the purpose of using its net income exclusively for religious, charitable, scientific, literary and educational purposes. In no other way can its income be used. According to the trustees of the Foundation, gifts are divided approximately evenly between educational and non-educational grants.

Erie Co., and is currently director of business and finance of this organization.

CANDIDATE  
NEBBISHME?? FOR  
PRESIDENT??Citizenship Award  
Given To College

Albright College has the distinction of receiving a United Fund Award for Outstanding Citizenship presented at the second annual Awards Meeting of the United Fund of Berks County, Inc.

To meet the requirements for the award, Albright exceeded its "Fair Share" quota. Any Berks County firm is eligible if it uses "Fair Share" guides for all employees and executives, obtains "Fair Share" participation among at least 90 per cent of employees and executives, and installs a payroll payment plan.

Mr. Charles L. Gordon, Jr., treasurer of the college, accepted the Award for the college payrollees. The Award is a bronzed plastic plaque inscribed to the employees of Albright College.

## IFC

(Continued From Page One)

solutions were voted upon but at the next meeting, the committee will bring a single resolution for each problem and if passed, the resolutions will serve as a guide for next year's pledging.

The voting system for IFC was also changed and a two-thirds vote at one meeting is now sufficient to pass any rule or law except those concerning constitutional changes.

The fraternities agreed upon a return to Hell Week pledging on Penn Street, and forwarded the suggestion to the faculty committee on fraternity and sorority affairs for approval.

## NCCD

(Continued From Page One)

which these colleges may be strengthened.

The eight member Albright committee met several times to discuss methods of presenting an effective program. Facts about current higher educational trends, the role of the church-related college, and particulars about Albright College and campus life were included in the speeches.

The committee members and their respective duties were: Rev. Smethers, general chairman; Bonnie Burns, '62, secretary; Dr. Samuel Shirk, faculty and arrangements; Rev. Ronald Cocroft, Kappa Tau Chi participation; James Larson, '61, band and Glee Club participation; David Leber, '62, NCCD display in the UGI Penn Square Window; April 6-13, and also transportation arrangements; William Garrett, '59, campus 'Y' participation; and Agnes Oaks, '61, WSA participation, and the student speakers.

## Presidential Candidates State Platforms

Stewart Outlines His  
'Point For Point' Plan

"I have been asked by the editors of the Albrightian to outline the platform on which I stand when asking for your vote in the coming Student Council presidential election. I could readily join in the chorus of mumbles and complaints which is always heard in coffee shops and waiting rooms of a small church supported college such as this. They are always heard but seldom listened to. At any rate, I ask to be elected to the leadership of the student body. I feel, therefore, that it is my obligation to outline, point for point, my platform in a terminology that could scarcely be misunderstood or, at least, that is not intentionally ambiguous. The following is a quote from my platform distributed throughout the campus, yesterday.

1. The controversial student union: Yes, I heartily agree that such a building is needed to facilitate the student in that phase of college life which, though sometimes over emphasized, remains vital.

2. Student-Administration Relations: Here we have a sore point. It is my belief that tension exists between these two segments of our campus society because of a lack of understanding and in the absence of a willingness to understand.

## Third Point

3. School spirit: This is a perennial plank in any candidates platform. I believe that the spirit at any institution where there is, in truth common purpose, it is never dead though sometimes dormant.

4. Coordination in college activities with respect to our many varied college organizations: Competition is creative and should be encouraged but dis-harmony is demoralizing and, eventually, destructive.

5. IFC, ISC: Our fraternities and sororities are, beyond all doubt, responsible for the bulk of Albright's social activity. They are student organizations run for students and should, accordingly be run by students.

The points above are the major planks of my platform. In closing I urge everyone of you to vote wisely and sincerely in the next six days for the candidate you elect shall represent each and everyone of you."

—Alexander Stewart

Alexander Stewart

## Dinner Meeting

The Lehigh Valley and Reading Chemical Club will hold a dinner meeting this evening in the dining hall. The dinner will be served at 6:30 p.m. with an "over-the-coffee cups" talk by Mr. Samuel Gundy, Director of the Reading Public Museum and Art Gallery, on the subject, "Snakes Can Be Interesting".

Following the dinner, the group will adjourn to the Science Hall where they will hear a talk by Dr. Ferguson, Chairman of the Chemistry Department of Harvard University, on "Organic Electronic Mechanisms."

Stitzel States 1st  
Duty Of Government

To the student body, I would like to propose several measures which I, as a candidate for the office of Student Council President, feel would enhance not only the Student Council, but the Student Body as well. The primary objective of any government, should be to work for the best interests of all its constituents. With this premise in mind, I submit to the Student Body the following recommendations.

(1) To promote actively and constructively the welfare of the Student Body by knitting together the various organizations which comprise the membership of the Council. This objective could be obtained, I feel, by allowing these organizations to work together in an organized fashion.

(2) To prevent, at all costs, the decaying transformation of Albright into a "suitecase college." This problem could be met, at least partially, by providing the Student Body, part-time and day students inclusive, with preferably on-campus week end activities. Such activities would not be a bulky task, nor an increased

Willard Stitzel

cost to the college, if managed carefully.

(3) To provide Student Council with the benefits of Advisory Members who are normally prohibited from student government by participation in other extra-curricular activities. Such members would be an asset to the Council and could help considerably in relieving the work burden which often falls upon so few by so many.

(4) To compensate for increased enrollment and examine the general consensus that membership quotas are at present too low in social organizations by petitioning the administration for either of two remedies. (a) create and grant charters to new social organizations or (b) increase the percentage quotas already set on established social organizations in regard to membership.

If these ideas should also be representative of your desire for an effective Student Government next year, then I ask your support in the forthcoming election.

—Willard Stitzel

Teitelman Would Ask  
For Student Union

Michael Teitelman

"In Student Council I have been Chairman of the Dining Hall Committee and chairman of Stunt Nite. I am particularly proud that the Dining Hall Committee achieved every wish the Student Council suggested.

To write my platform in so many words would be a waste of time because I believe the Student Council writes its platform as it wishes. But there are several ideas which I believe can help to make next year a bigger and better year for Student Council.

The most important addition to this campus is the proposed Student Union Building which would be the present Krause Hall. I think such a building should be used as a student center, with a juke box for dancing. The Council of course would be faced with the difficult problem of operation of the Student Union but to coin a phrase, first things first.

## Intramurals

From a purely objective point of view, the intramural athletic rules are much too vague and inoperative and in some cases not present at all. I would propose that a Student Council committee with the President as the chairman rewrite the intramural athletic rules so that matters of eligibility and interpretation of rules would be clearer to the participating groups. I have discussed this with the Physical Education Department and they are in complete agreement that the action would be welcome.

The only other thing I suggest to the Council is that the caucus system be introduced in one form. I would propose that a meeting of all organizational Presidents and representatives be held prior to each semester to discuss the problems, issues and purposes that would concern the student body and the Student Council.

These then are the few ideas that I present to the Student Council and all Albright students for the next year."

—Michael Teitelman

Combined Y's  
Plan Retreat  
For April

Blue Mountain will be the site of the annual Spring Y retreat, April 25 and 26. Ernest Geise, '61, chairman of the retreat, announced the Rev. Gerald Wert, pastor of a Philadelphia EUB Church, as the speaker of the two-day meetings.

Named to the program committee were Beverly Barthold, '60, Eleanor Schmickly, '60, and John Price, '60. They are formulating a devotional booklet, in addition to planning the actual discussions. Margaret Young, '61, and Catherine Patterson, '62, were appointed co-chairmen of publicity.

The cost of using the Hamburg site will be two dollars per person.

Last Tuesday night foreign students from Albright College and Ursinus College participated in a joint Y meeting in the Pine Room.

## Chairman

Allen Whitlock, '61, chairman of the Student-Faculty Game Night, April 21, announced that a faculty team has been set up for Game Night.

April 29 was scheduled for a joint Y meeting at Lebanon Valley College. John H. Weaver, '61, is in charge of the program. Devotion and slides of the pageant presented jointly by the two colleges in September will be given as Albright's part of the program. The Lebanon Valley choir will present a few selections.

Ernest Geise, '61, was elected Albright's representative to the spring sessions of the YM-YWCA convention, with John Bauman, '61, as the alternate delegate.

Domino Club Gives  
Dramatic Reading

A dramatic reading of the poem "John Brown's Body" by Stephen Vincent Benet was featured on the program at the April meeting of the Domino Club last night in White Chapel.

The eight students taking part in the presentation were Howard Deck, '61, Eleanor Diehl, '61, Terry Haines, '62, Nancy Heilman, '60, Steven Roth, '61, Margaret Shultz, '60, Sally Smith, '62, all members of the cast, and Robert Balfour, '61, sound and stage effects. Patricia A. Hostetter, advisor to the club, directed the production.

The long narrative poem of the Civil War builds around the incident which occurred in October 1859 when John Brown led an attack on the government arsenal at Harper's Ferry to provide refuge for escaped slaves. He was subsequently hanged for treason but his memory lived on.

Members of the Reading High School Workshop Players were invited as guests.

## 'The Campus And Beyond'

In our last issue we printed, as an analysis of the tense political situation in Germany, an editorial entitled *Berlin Crisis*. The reaction to it has been most interesting. We were not approached with comments pertaining to the quality of the analysis, as expected, but, rather, we have been questioned as to the worth of such editorials appearing in college publications. To our way of thinking, there is no question.

We begin to believe the phrase, "Knowledge for knowledge's sake", is being interpreted much too literally, if at all, by the students of Albright. The inquisitive mind is in its search, or should be, for the purpose of evaluating and then digesting or rejecting, in accord with conscience, those facts or that thought it locates. Knowledge has as its purpose the correction or fortification of social theory, administrative measures, etc. It is not all intangible divorced from reality. It is an essential, practical tool to enhance life and living.

### Alert Student Is in Touch . . .

More clearly, we believe that the student is a student so that he may, eventually, interpret more exactly, the world in which he finds himself. With increased intelligence should come increased awareness and increased enthusiasm else his education goes for naught. We find it hard to accept the premise that a college editor has lost touch with his audience when he expects that editorials relating to current events should be read with interest.

In the past, the *Albrightian* has never failed to run editorials pertaining to campus occurrences deserving of more than "straight news" coverage—in fact, we relish the opportunities. We are, first and foremost, *Albright's newspaper*, the most important and most obvious student coordinator. We will not, however, create issues when non exist and nor will we cater to thoughtless, impotent complaints without essence and without constructive direction.

### A Point of Attention . . .

It has been brought to our attention, in one of the criticisms, that many of the students attending Albright do not receive daily newspapers and are, virtually, isolated from the world beyond our campus. *Berlin Crisis*, the criticism goes on, was, therefore, an attempt to analyze a world problem the students did not even know existed. Though we can see no real justification or excuse for this situation we will concede that it is possible that such may be the case and intend corrective measures. In the next issue of the *Albrightian* we hope to begin a column, "The Campus and Beyond", in which we would summarize recent controversial developments and other "outside" matter we deem pertinent for consideration by college students. For many of you we believe that we will be performing a service.

## An Editor Notes

. . . that the May Day queen and court selections, though final, were not actually official since less than fifty percent of the student body balloted. Will the same thing happen with the Student Council presidential election or are Albrightians really concerned about student government?

. . . that last year's choice for Council president was a good one. Despite other innumerable duties, Herb Zakrisson has been helping out on the *Albrightian*. Why? Simply because conscientious manpower is lacking in this office. Fellow students, just how deplorable can conditions become?

### Almost Ready . . .

. . . that the *Agon* is in the final stages of preparation and will soon be released to you. From what we have seen of the material compiled for it and of the art work which will compliment it, Mr. Minot Tillson and staff deserve many plaudits. The book will rank with any other of its kind.

. . . that our student opinion poll is not a current staff innovation. It was previously discontinued because your comments were too trite and thoughtless to merit printing. "A word to the wise . . ."

. . . that Tom Grant too graciously accepts most of the responsibility for the *Cue's* tardiness. Since our offices are combined, we know of the long, long hours he has spent trying to do a Herculean task with the minimum of cooperation.

. . . that it must appear as though this desk does nothing but complain about the indifferent student. We would be content if sheer agitation on your part created a stir.

## CAMPUS COMMENT

During the past week efforts were made to secure a true random sample of student opinion concerning the following question: "If you could have your way, and there was one thing at Albright you had the power to change, what would it be?" The students, distributed as equally as possible between the four classes, male and female, and fraternity and non-fraternity, responded in the following ways:

James Spatz, '61—"Improve and enlarge the classrooms. Or maybe better yet, get all new classrooms."

Carol Matz, '62—"A lounge where day and dorm students can get together."

Frank Papalia, '61—"I don't believe chapel should be made compulsory for all students, only those desiring to attend. I feel it is not up to individuals who the majority of students don't know to decide what type of spiritual guidance we should have. This idea of "forcing" religion upon the students presents resentment toward chapel, which, in turn, leads to a misconception of true spiritual guidance."

Peter Mainzer, '61—"School domination of fraternities and sororities. This is especially noticeable in the way the fraternity membership quotas fluctuate from year to year."

Carole Rischmann, '61—"I think that the fraternities and sororities should know the choice of the freshmen as to their fraternity preference before they vote to give their bids."

Jack Savitsky, '61—"I would certainly have some money spent for lecturers in the literary field. I think the present situation is appalling. Margaret Mead was here, but she represents the anthropological world. What our voices of today—T. S. Eliot, Robert Frost, E. E. Cummings—if these cannot be induced to come because our audiences are too small, or because the pecuniary incentive is low, we can at least do as well as our college rivals. A few weeks ago Muhlberg College listened to a "beat" poet in the Ginsberg and Ferlinghetti Class."

Susan Rengert, '62—"No social hours Monday through Thursday, automatic elevens!"

Arthur Younken, '60—"Throw out every required religion course in this college."

William Ballantine, '61—"Bigger scholarships."

Vena Marshall, '61—"New chapel used for other things besides religious purposes."

Girard Stish, '61—"Administration domination over social organizations."

Michael Weinhold, '61—"More emphasis on varsity sports."

Robert Peppier, '61—"I'd try to improve relationships between fraternities."

Herbert Miller, '61—"I'd give Student Council more power."

Thomas Olivio, '61—"Create bigger football scholarships in order to attract more good players."

Jack Walton, '59—"Less administration interference with fraternities—especially during pledging."

Judy Priscoe, '62—"Dissention between sororities and fraternities."

Janice Hochhaus, '60—"I'd change the outmoded rules concerning social life."

Diane Scipione, '62—"Better relationships between sororities and fraternities."

Wayne Hudson, '61—"The rule that athletes must take gym during the time their sport is in season."

## House Party Held

The Kappa Upsilon Phi Social fraternity and the Phi Beta Mu sorority held a joint house party last week at the Kappa house. Before the party, the members of the two organizations were entertained by the combined efforts of both groups' pledge classes.

### "French Bucket Party"

Plastic cups were distributed to each couple which attended the "French Bucket Party". A large bucket of punch from which the visitors filled their cups supplied the theme. The walls of the Kappa recreation room were covered with newspaper providing a "beat" atmosphere and dim lighting and jazz music added to the effect.

Chaperones for the evening were Professor Paul R. Applegate, Rev. Ronald Cocroft and Mrs. Lorra Hadley, Kappa house mother. Approximately 45 couples attended the affair.

Refreshments for the evening, in addition to the punch, were pretzels, cookies and various spreads. Chairmen for the affair were the fraternity and sorority pledgemasters.

## Letters to Editor

To the Editor:

In the years I have been at Albright, the college yearbook, *THE CUE*, has been appreciated by many of the students only in a negative way. Unless a name is misspelled or a picture caption misplaced, the appearance of the yearbook has been only a passing event in the busy life of Albrightians. I am afraid the book this year will create a great deal of negativism, because, unfortunately, the staff has not met the publisher's deadlines. Whether or not the yearbook will be out by the end of the school year, I do not know. At this time it is very doubtful.

I am writing this letter to explain why the deadline has not been met.

1. The failure of the editor to take advantage of the help offered by a few freshmen women at the beginning of the school year.

2. Resignation of the business manager in the middle of March after collecting only \$200.00 of the necessary \$1,000.00 in advertising.

3. An inexperienced editor and staff.

### Apathy

4. General student apathy. Unless students respond to the necessity of having a full yearbook staff, no book will be completed on time. Further, most of the delay was caused by students who failed to show up for pictures that had been scheduled. The staff could not see it personally that each person was there to have his picture taken. If there had been sufficient student interest and concern throughout the year the assignments would have been in on time. As it turns out, the book may not be delivered until the middle of the summer.

I only hope that in the future student, faculty and administration interest will be such as to give qualified students the incentive to participate in the making of *THE CUE*.

Sincerely,

THOMAS GRANT, '59  
Editor, *THE CUE*

To the editor:

Sports Night has long been one of the highlights of the spring, but for many unforeseen reasons this year's edition was lacking in the polish and expediency which should be associated with it. As chairman of the program I feel it is my place to write an explanation of a "not so perfect" evening.

A preliminary meeting was held with representatives of all the participating organizations. At this meeting I took it upon myself to ask each organization to supply one judge whose name I would receive a week prior to the program. The atmosphere at the meeting was a mature and compromising one and I assumed (maybe too much) that

## Counselors Wanted

A. Bernice Quimby, executive director of the Federation of Protestant Welfare Agencies, has announced several hundred positions as camp counselors available this summer for young men and women, 19 and over, who have had at least one year of college.

Jobs, paying from \$150 to \$600 for a nine-week season, are offered by 63 Protestant and non-sectarian camps affiliated with the federation. They may be filled by young people with skill in camp activities such as arts and crafts, swimming, boating, hiking, dancing, dramatics, nature lore and athletics.

### Camp Locations

The camps are located in New York State, New Jersey, Pennsylvania, Connecticut and New Hampshire. In addition to salary, counselors receive full maintenance, room and board and transportation from New York City and back.

Applicants interested in working at one of these summer camps are urged to get in touch with Mr. Fred Kelly, Federation of Protestant Welfare Agencies, 251 Fourth Avenue, New York 10.

## Cat-astrophe

This is a story of the survival of one little kitten—and there were three. They were named very much alike, one was Phht, one was Phht Phht, and the third was Phht Phht Phht.

Little Phht became very ill and the doctor said he would die, and sure enough he did. A very sad day. It must have affected the others very much, because Phht Phht immediately got sick, and the doctor said it was too bad but he would die too. And he did. And that made things worse because dead cats around a place don't smell at all nice.

Well, you might have known it would happen. Phht Phht Phht also became very ill and the doctor's prediction was the same: "Phht Phht Phht is going to die too." But Phht Phht Phht wasn't going to do any such thing. He sat up and said "No, I'm not," and didn't.

There's no arguing this outcome. It is clearly a case of the survival of the Phht-est.

the atmosphere would carry over to the Sports Night program itself.

The names never appeared and the atmosphere did not carry over. Sports Night was proof of these facts.

In an attempt to better the spectators' enjoyment of the program, I tried to run the events individually and expeditiously. I failed in this attempt not only because of poor planning, but also because of a lack of cooperation of the members of the participating organizations.

The repeated requests for people wearing shoes to leave the floor were met by a complacent response. The poor response to the requests made it difficult to view the events and also damaged the reputation of the students in the eyes of the administration and, in particular, the Superintendent of Buildings and Grounds, Leroy W. Withers.

### Report

My report of the program will contain recommendations and suggestions I have received from various quarters, so that next year's chairman may benefit from this year's mistakes.

It is my sincere belief that we as college students should be mature enough to accept the decisions of judges who have been appointed out of necessity because of the apathy, until the last moment, on the part of the organizations participating to send in the required judge.

To a bigger and better Sports Night next year.

Sincerely,

STEPHEN LIPKINS, '61  
Chairman, Sports Night, 1959

# Netmen Shine In Season Openers

## IN THE LION'S DEN

By Craig Leffler, Sports Editor

The vernal equinox has come and gone and even though it is doubtful at times whether or not there has been a transition in the weather, it is certain that there has been a transition in sports at Albright College from winter to spring. Attention is now centered on the athletes of the outdoor world once again. How have the spring sports squads fared up to date and how will they perform the remainder of the season? One thing is evident. There are some fine athletes on each of the squads. The baseball and tennis teams have fared very nicely even though much of their schedule has been canceled due to inclement weather. The track and golf squads have not been so fortunate, however, due to the limited number of participants for the most part.

### Smart and Snappy . . .

Though the baseball team cannot be judged by its performance in one or two games one cannot help being pleased to see the hustle and ability of the diamond squad as it was displayed in the Ursinus game. Bruce Young and Mike Matto in particular, and the team in general, were quite proficient offensively. Fred Dietzel pitched smartly and brilliantly in striking out fifteen men and allowing only five safeties. The defense was also generally alert and capable.

### Easy Does It . . .

The tennis team has won with relative ease with an aggregation of veterans such as Carl Witonsky, Glenn Ruoss, Norm Bennett, Jack Reinhart, and Al Kutner along with freshman Bill Ruoff. This team could go a long way in Middle Atlantic Collegiate play. Incidentally, Albright will be host to the annual Middle Atlantic States Collegiate Tennis Championships on May 14, 15, and 16 this year. Thus, the Lions' chances for a good showing are further enhanced.

### Quality Counts, But . . .

The track squad is far deficient in numbers, but excels in quality due to the abilities of its worthy members. Walt Diehm has become a major menace to Albright's opponents, especially in the hurdles events. Charlie Smith will forever be a hustling, steady performer for the Shirkmen. The new record of 22 feet, three inches in the broad jump, which he recently set, is only one example of his constant improvement. Brad Breneman has been invaluable as Albright's pole vaulter and high jumper along with Smith. He often scores in the broad jump and low hurdles, also.

### More Interest Might Help . . .

The situation in golf is quite similar in that there is a small nucleus of good, experienced performers, but there aren't enough pointmakers to win consistently. Bob Goodman has been the big noise for Coach Howard Guldin in the number one slot of the sextet. Bill Prothro, Jim Smallwood, and Bob Carlson have been the other pointmakers.

It could be said that it's amazing how little is known about the played some distance from the campus. However, one can expect the linksmen on this campus, but it's not too startling when one realizes that few persons ever see the golfers in action, or for that matter, have ever seen any golf match. The main reason, therefore, for the lack of knowledge about the team is a lack of interest. It will be the goal of this writer to create some interest in this fine sport. One could not expect a large attendance, if any at all, at the golf matches due to the facts that the matches begin at 2 p.m. on the home courses and are students to be more informed about the progress of the team. This year the Lions are playing their home matches at the Berkshire Country Club and Galen Hall Golf courses.

### Dissertation in Green . . .

The sextet of Albright golfers and their six opponents tee off in foursomes with the number one and two men of each team going out together and the remainder of each squad likewise. The rank of each individual on the team is determined according to his ability or according to the strategy of the coach in order to obtain as many points as possible. The number one men play against each other, only, and so forth down the line. The man who has won the greatest number of holes at the end of the first nine is considered to be "up", or ahead, due to his margin of holes won by low score over the number of holes won by his opponent. If the same man wins the back nine he accumulates a total of three points to none for his opponent. If this man should lose the back nine, but by a lesser margin than he won the front nine, he would win, 2-1. Likewise, if his losing margin was greater than his previous winning margin on the front nine, he would lose, 2-1. Finally, if the winner of the front nine lost by an equal margin on the back nine the match would be tied, 1-1. Thus, an entire team could accumulate a maximum of 18 points. Apologies are due to the readers that are well acquainted with these facts for the boredom of going over them and hopes are forwarded to the unknowing, interested readers that they may have procured new knowledge about the savoir faire of the golf links.

## Renkenmen Shutout West Chester And Thrash Lycoming

Coach Will Renken's tennis squad embarked on an ambitious 16-game card, Saturday, April 4, with a 9-0 shutout over West Chester State Teachers College.

In the inaugural match of the spring season, which was played on the Wyomissing High School courts, the Lions went through the six singles and three doubles matches without yielding once to the visiting Rams, who also fell prey to the Lions last spring by a 6-3 count.

### Lycoming Match

The netmen continued their winning ways with a 7-2 nod over the Lycoming Warriors on the home court. Again they copped all the singles matches.

In the Ram rout Carl Witonsky defeated Mel Newman, 6-0, 6-1, in the number one singles match. Jack Reinhart smothered Mark Schwartz, 6-0, 6-0, and Glenn Ruoss stopped Glen Gruver, 6-2, 6-3.

### Three More Wins

The Albright victory cause was furthered by Norm Bennett's 6-2, 6-4 decision over Terry Weidner and Al Kutner's 6-2, 6-2 win over George Brown. Bill Ruoff bested Fred Wahler, 6-1, 6-1.

### Doubles Sweep

The Albrightians likewise swept the doubles competition as Sam Zehner and Ruoss won their match by 6-1 and 7-5 scores, and Reinhart and Kutner won by 6-2 and 6-0. Ruoff and Bennett completed the Albright scoring with a 6-0, 6-2 victory.

### Carl Witonsky

Witonsky easily smothered Tony Pollitt in the Lycoming encounter by a 6-0, 6-1, margin. Reinhart disposed of Dick Ratner, 6-4, 7-5; and Ruoss crushed Jack Eyer, 6-1, 6-1.

Norm Bennett became the first Albrightian to be extended to three sets in single tennis competition this season as he turned back Dick Travis, 4-6, 6-3, 10-8. This, of course, rubs no luster off his performance, but points out the phenomenal early season pace of the Renkenmen. Kutner bested Dick Eney, 7-5, 6-4, while Ruoff took the measure of Bob Crockett, 6-1, 6-1.

### Top Duos Battle

Witonsky and Ruoss then teamed to thrash the Pollitt-Eney combination in doubles competition, 6-0, 7-5, to complete Albright's scoring.

### MASC Tourney

The Middle Atlantic States Collegiate Championships in tennis will be held May 14, 15, and 16. In last spring's competitions at Haverford College, the team of Witonsky and Reinhart lost to Haverford's top-seeded Bob Pratt and Bob Fullard, 6-1, 6-1. Jay Swarts of PMC defeated Reinhart in singles competition, 6-2, 5-7, and 7-5.

## Trackmen Earn 1-2 Log In First Three Contests

## Baseball Squad Sinks Ursinus By 9-3 Score

The steady, effective pitching of Fred Dietzel and the explosive hitting attack of the Albright Lions overwhelmed the Ursinus College Bears, 9-3, in the baseball season opener. The Lions have had three games postponed against Pennsylvania University, St. Joseph's College, and Scranton University due to downpours and wet grounds. However, the dam of inactivity overflowed and the Potsdammen did some pouring of their own—fifteen hits to be exact—all over Kelchner Field against Ursinus.

### Young Smashes Triple

Bruce Young startled everyone with a quick triple in the bottom half of the inning. However, he was left stranded and it was Ursinus which drew first blood in the third inning. Bear pitcher, Elmer Haigh, banged out a triple to score teammate, Wally Christ, who walked before him. Then Haigh streaked home on a beautiful sacrifice bunt by Bob Wagner.

### Bear Pie

That almost finished the scoring antics of Ursinus as Albright took the lead in the bottom half of the inning with a six-run outburst. Someone forgot to tell Haigh the Lions weren't fed as he served a single to Mike Matto to begin the third inning. Matto's buddies also got their fingers in the pie. Dietzel walked after Matto singled, Mike Weinhold carved out a bunt single, Young gobbled another pitch for a singleton, Captain Bob Shoup also cut out a single, Jim Doremus made a glutton of himself as he doubled, Jim Diehm walked, and Matto used up his second helping with another single to finish the feast.

### Dietzel's Speed

By way of contrast Dietzel actually left them high and dry with fifteen strikeouts to his credit, while he yielded only five safeties. In the first inning three Bears trotted to the plate, took their turns against Dietzel's fast balls, and then left via the strikeout route.

(Continued on Page Six)

\*Thurs., Fri., and Sat., May 14, 15, and 16—Championships  
\*Sat., May 23—Ursinus  
\*Home matches

## Golfers Inaugurate Competition In Dropping Three Encounters

The Albright College linksmen, tutored by Howard "Hope" Guldin for the second consecutive year, have encountered "rough" going in their first three matches of the season. At Huntington the Lions were defeated, 14-3, by the Indians of Juniata College in the season inaugural, Tuesday, April 7. Franklin and Marshall clubbed the Albrightians, 13-5, and then Lafayette edged the Lion linksmen, 9-8, last Monday at the Berkshire Country Club.

### Bob Goodman

Bob Goodman has been the bright spot in Coach Guldin's hopes for a

successful season. Goodman, Jim Smallwood, Bill Prothro, and Bob Carlson form the nucleus of veterans on whom the burden lies. Guldin has to experiment and maneuver newcomers for the number five and six positions.

### Juniata Match

Goodman pulled through with a 3-0 nod in the Juniata tussle, while his partner, Smallwood, lost out, 2-1. However, the Lions could garner no points in the other two foursomes as Bob Carlson, Bill Prothro, Dick Daddona, and Phil Margulies

(Continued on Page Six)

Coach Eugene Shirk's cindermen won a close dual track meet against Muhlenberg College, 65-61, but dropped two other close contests to Swarthmore and Pennsylvania Military College in their first three battles this season.

### Swarthmore Meet

The Garnett of Swarthmore trimmed the Lions, 71-55, in the season inaugural on the Albright grounds. Albright took blue ribbons in four track events and notched firsts in two field events in addition to a tie in the pole vault. Bruce Birkholz earned a double by copping the 100-yard dash in 10.3 seconds and the 220-yard dash in 23.6 seconds. Walt Diehm started this season where he left off last year by winning the 120-yard high hurdles and the 220-yard low hurdles. His times were 16.7 and 26.4 seconds, respectively.

Brad Breneman tied for first place in the pole vault with a 12-foot effort. He also shared top billing in the high jump with Albright's Charlie Smith at a height of five feet and six inches. Smith took the first place in the broad jump with a leap of 21 feet, 2 1/2 inches.

### Walt Diehm

The Mules of Muhlenberg College invaded the Albright campus, Wednesday, April 8, to engage the Lions in their annual track and field meet and left on the short end of a 65-61 score. Walt Diehm turned in a fabulous performance for Albright as he placed first in the 120-yard high hurdles in 16.1 seconds, first in the 220-yard low hurdles in 27.8 seconds, second in the broad jump, and second in the javelin, for a total of 16 points.

### Charlie Smith

Charlie Smith was sensational in garnering 15 points, including a new record for Albright College in the broad jump with a leap of 22 feet, three inches. He surpassed the old mark by two inches and it wouldn't be surprising if he improves upon his new record since he still has another year of eligibility remaining after this season. He also notched a tie for first with Breneman in the high jump at a height of five feet, nine inches and he finished second in both hurdle events.

### Brad Breneman

Brad Breneman completes the trio of "Leaping Lions" which together accounted for 40 points in this meet. Breneman got nine points with a first in the pole vault and a tie for first in the high jump.

Bruce Birkholz won the 220-yard dash in 23.2 seconds and placed second in the 100-yard dash. Dick Kelly ran the 440 in 54 seconds to grab the blue ribbon. Mike Michelson placed second in the mile run and third in the 880-yard run for his contribution to the team effort. Kerry Osipowich notched second in the 880, Jay Miller pulled through with a second in the two mile event, and Dave Leber garnered third in the mile run.

### P.M.C. Results

Against P.M.C. the Lions managed to gain seven firsts, three in the running events and four in the field specialties. Walt Diehm came through with 18 markers on the strength of first places in the 120-yard high hurdles, the 220-yard low hurdles, the javelin, and a second in the broad jump. Charlie Smith again won the broad jump and high jump. Dick Kelly again won the 440, and Breneman also repeated in the pole vault.

Today Through Wednesday

# Pi Taus, Kappas And APO's Lead First Half Intramurals

The intramural season got under way, Monday, April 6, when the Pi Tau Beta fraternity pounded out a 10-2 decision over the Zetas and the Alpha Pi Omega frat trimmed the Kappas, 3-1.

The Pi Taus tore into their opponents with five big runs in the bottom of the first inning and added five more in the third frame. The Zetas mustered single runs in the second and third innings. Dick Moylan, the losing pitcher, accounted for two of the Zetas' four hits. Nelson Reinhardt was the winning hurler for the Pi Taus as he also earned one hit and scored a single run. Bob Brockley was the big gun for the Pi Taus as he slammed two hits in four trips and scored a run himself.

In the APO-Kappa battle Paul Marella notched the victory for the APOs and leftfielder Merrill Eckhart hammered out two safeties in three tries. Dave Trout was the loser although his teammate, Mike Weiner, batted two for three.

## APOs Win Second

On the second day of intramural action the APOs continued their winning ways by nipping the Dormmen, 13-11, and the Pi Taus were held to an 8-8 stalemate after two extra innings of action. Harry Humphreys was the winning APO hurler as he yielded eight hits. The action was fast and furious in the early stages of this APO-Dorm encounter. Both teams scored runs in each of the first three innings, but single runs for the APOs in the fifth and sixth frames accounted for the final margin of victory. Merrill Eckhart hit an astounding five for five and Bob Harter smashed three safeties.

## Nine Inning Draw

The Daymen-Pi Tau affair was all even after the regular seven-frame stint and when the Pi Taus scored three runs in the top of the eighth inning it appeared that everything was over, but the Daymen stormed right back to tie things up again and the game eventually ended in a draw. Dennis Hepner and Nelson Reinhardt were the hurlers for the Daymen and the Pi Taus, respectively.

## Zetas Trim Daymen

The Zeta Omega Epsilon fraternity rallied in the last inning to trim the Daymen on Wednesday, April 8, by a score of 6-5. Jack Tucker was the winning moundsman and Don Simmons was the victim of the Zetas' late rally.

## Pi Taus Romp

On the same day the Pi Taus clobbered the Dorm squad, 10-3. They got off to a flying start again with four runs in the first frame and a five-run clincher in the sixth inning iced the verdict. Nelson again racked up a victory in this one, while Michael Dribon absorbed the loss.

## Kappas Win Twice

Last Monday the Kappas beat the Daymen, 5-2, and the APOs fell before the Pi Tau Beta fraternity, 4-1. On Tuesday the Kappas reversed the Zetas, 5-4, as the Daymen thumped the APOs, 12-10. Dave Trout was the winner for the Kappas.

## STANDINGS

Team	Won	Lost	Tie
1. Pi Tau	3	0	1
2. Kappa	2	1	1
3. APO	2	1	0
4. Daymen	1	2	1
5. Zeta	1	2	0
6. Dorm	0	2	0

## Golf

(Continued From Page Five)

were all blanked.

Against F&M, Goodman edged his opponent, Mike Reynolds, 2-1, while Smallwood copped a 3-0 decision from Bob Sullivan. Bill Prothro lost a 3-0 match to Ken Mott and Bob Carlson yielded to Jack Henkel in a 3-0 encounter. Dick Daddona and Lynn Sarig dropped 3-0 matches to Page Delaney and Jay Levitt, respectively, in their first performances as Albright linksmen.

## Lafayette Wins

The Lions almost tasted victory against the Leopards of Lafayette, but were beaten in a very close encounter as Goodman was held to a 1-1½ draw in his battle with Dave Page. Smallwood, however, bested Al Goore, 2-1, to give Albright the lead in the first twosome. Lynn Sarig moved to number four position and lost to Roger Kahn, 3-0, but Bob Carlson, who dropped to the number five slot, nipped Tom Hasking, 2-1.

## Even Split

Bill Prothro overcame George Werner, 3-0, in the battle between the number three men and Dick Daddona was beaten by Tom Metzgar, 3-0.

## Golf Schedule

Fri., April 17—Gettysburg  
\*Mon., April 20—West Chester  
Fri., April 24—Scranton

# Yanks And Giants Are Best Bets

The Major league baseball season opened once again last Thursday, April 9, with the New York Yankees of the American League as the defending world champions and the Milwaukee Braves as the National League champions. Thus, the time has come to speculate on the chances of each club this year in its efforts for a pennant and that huge financial jackpot known as the World Series. Here are the 1959 final standings as predicted by the sports editor.

## AMERICAN LEAGUE

1. New York Yankees
2. Chicago White Sox
3. Cleveland Indians
4. Detroit Tigers
5. Baltimore Orioles
6. Boston Red Sox
7. Kansas City Athletics
8. Washington Senators

## NATIONAL LEAGUE

1. New York Giants
2. Pittsburgh Pirates
3. Milwaukee Braves
4. Chicago Cubs
5. Cincinnati Reds
6. Los Angeles Dodgers
7. Philadelphia Phillies
8. St. Louis Cardinals

# THERE'S AN IMPORTANT FUTURE AHEAD FOR THE MEN WHO WEAR THESE WINGS

The Air Force pilot or navigator is a man of many talents. He is, first of all, a master of the skies—and no finer exists. In addition, he has a firm background in astro-navigation, electronics, engineering and allied fields. Then, too, he must show outstanding qualities of leadership, initiative and self-reliance. In short, he is a man eminently prepared for an important future in the new Age of Space. Find out today if you can qualify as an Air Force pilot or navigator. Paste the attached coupon on a postal card and mail it now.
