Inventor Exhibits Sea Going Craft

By ROBERT KLINE

Perhaps history was made this week on the Albright campus when Mr. Frederick Rosher presented his newly patented invention super hydrone" on the college

Mr. Rosher, known widely in campus circles for his portrait of Dr. Teel gave a demonstration of the boat in an attempt to iron out some technical points with the aid of Dr. Masters and Prof. George. A large number of students were interested

The miniature boat, constructed to conform with the principle of a sea-sled had an interesting, new feature. This was a wide fin placed below water level on the rear of the hydrone to "lend stability and reduce water 'drag' " according to Mr. Rosher.

When questioned as to the probable speed of the boat the inventor said that the speed was entirely dependent on the power of the motors. Mr. Rosher claims that a 10,000-ton super hydrone would be capable of crossing the Atlantic in less than twenty four hours.

Prof. Duddy's Anthems To Be Published

According to Professor J. H. Duddy, the following books have been added to the library to bolster the music department: "My Musical Life," by Rimsky-Korsakoff. and "Schuman", by Victor Basch, both donated by Ira Reider; "Twentieth Century Musicians," by Ewen, donated by the Rev. J. A. Niblo; "Musician Talk," by Leonora Armsby, and "Moussorgsky," by Oskar von Riesemann, both contributed by Lee Bausher.
Professor J. H. Duddy's new anthem, "In the Beginning," has been accepted for publication by Theodore Presser. This will be Professor Duddy's nineteenth num-

Dr. Douds Attends **Debaters Meeting**

Dr. John B. Douds, head of the Albright English department, attended the annual meeting of the Debating Association of Pennsylvania Colleges, on Saturday, October 7, at the Hotel Harrisburger in Harrisburg.

In Harrisburg.

This organization meets annually in the fall to choose a uniform debate question, to clarify debating procedures, and to promote debating throughout the country.

The question decided upon for this year is: Resolved: That the basic blame for the present war rests on the allies.

It was decided at the meeting in the form of an amendment to the constitution that the committee on questions meet in the morning of the day preceding the regular session. The University of Pittsburgh was readmitted as a member of the

organization.

Professor Mahosky of Western
Maryland was elected president for

By ALFRED COMSTOCK

At the start of another academic year, Albright College presents quite a different aspect. As Sir Alfred so aptly phrased it: "The old Alfred so aptly phrased it: "The old order changeth". It will still take some time to grow accustomed to A. P. O.'s in the chapel; Zetas in the erstwhile "Deanery" and Warden Briner, and his Freshman charges in the former Zeta and A. P. O. dormitories. Then, too, it will take sometime to get used to the Freshmen. This season seems to have produced an unusually peppy crop of green peppers, who appear to be finding their way around with more than usual sureness.

The Lions Den

Your columnist predicted last week that the Lions would have a successful season. Well, in spite of the fact that the first tussle ended with Albright on the short end of the score, the prediction still stands. Those of you who saw the Gettys-burg game will certainly agree with me when I say that Albright was the better team on the field during the entire second half. As for the fact that Gettysburg is a good a team as Albright will meet all sea-And then the Bullets had the half-don't lose sight of the son. advantage of having played one game before their game with the Lions. This aforesaid game gave Hen Bream's charges a chance to their offense and test it under fire.

It is usually an excellent idea a team to open its season inst a slightly weaker opponent against a slightly weaker oppose that the players may gain fidence in their team play and be-come accustomed to competition before they meet the stronger teams. However, Albright's schedule is so arranged that the Lions meet two of the most formidable opponents first-this situation cannot be helped, but you may rest assured that against Bucknell this week things will be different. The fellows now know what they can do and they won't hesitate to do it.

The frosh footballers open their season against the Muhlenberg frosh on October 28. This game will be played at Muhlenberg so we'll have played at Muhlenberg so we'll have to wait until a later game to see just what and how much these freshmen have. The Lion Cubs are on the long end of the score. It is common knowledge that the future of any team depends upon the men who will rise from its freshman ranks each year; this will

be especially true next year at Albe especially true next year at Ar-bright since we lose eighteen mem-bers of the varsity squad through graduation. It will indeed be a sad day for the Lions if the yearlings don't come through and show varsity calibre.

Expanded Athletic Program To Be Conducted By Council; Trophies For Major Events

Seven Teams Enter **Touch Football** Loop This Week

The intra-mural sports setup has undergone complete reorganization as Neal O. Harris, athletic director, placed into the hands of the students the full responsibility of the program by creating an intra-fraternity council. This executive group composed of two representatives from each of the seven main organizations on the campus, is now busily engaged in drawing up constitution and by-laws which will contain the rules and procedures to be followed in each sport on the new and expanded program. The new and expanded program. council will also arrange ules and decide on all protests lodged with it.

Mr. Harris and the council have already arranged for the largest intra-mural sports program ever seen here at school. Not only will there be three major sports but also six minor and more individual sports. Touch-football, basketball and softball will constitute the major sports, winners of which will receive one year trophies, while paddle-tennis will make up the minor sports, winners to receive a small award. All credit for this expanded intra-mural sports pro-gram is due Neal Harris, who unselfishly has given his time and energy in order that the less-sports minded students may have real fun

Munley, Aszman Ready for Bucknell Tilt Tomorrow

A ferocious, fiery Albright Lion, fresh from an opening game setback meets a raging, stampeding Bucknell Bison at Lewistown tomorrow afternoon in what promises to be a fur-flying contest typical of all Bucknell-Albright gridiron clases. The Red and White are out to avenge last year's 6-0 defeat and to gain their record victory over the up-state university in this their ninth meeting.

gain their record victory over the up-state university in this their ninth meeting.

The Lions' only victory over the Orange and Blue came in 1937 when they stepped into the up-set class behind Moose Disend and Dick Riffle by humbling the high and mighty Bison 6-0 on the local grid.

Coach Al Humphreys indicated that his team will "shoot the works" from the opening whistle tomorrow behind the sensational Frank "King" Funair, senior half-back and co-captain, George Kuck, 197-pound tailback. The Bisons have dropped two successive games, one to Gettysburg, 6-0 and the other to Penn State, 13-3, and are now definitely on the rebound. The am will not be at full strength as co-captain Mike Pegg, inspirational 60-minute pivot-man was lost to the squad as a result of an elbow injury suffered in the Gettysburg game. suffered in the Gettysburg game. Harry Wenner, senior end playing his third year as a starter, has shown considerable improvement as a pass receiver and will no doubt be the target of most pass plays called by Dueger, Bucknell quarterback. The line will average 184 pounds and backfield 183 pounds which means the Lion forward wall will be heavier with a 190-pound average.

Albright enters tomorrow's fray with a definite offensive which combines a tricky runtil attack with a deceptive consisting attack. Marshall Popelka and Stan Kuklis are expected to spearhead the new offensive along with Ray Thorpe and Alan Duke all who made sensational showings against the Bullets last Friday night at Hershey.

FRATS CONTROL (Continued from Page 3)

The touch-football season will be divided into two halves—the first half ending October 23 and the second half terminating sometime in the latter part of November. Each team will oppose every other team twice during the

season.

At this early stage it already seems evident that the teams to beat this season for the championship are two veteran squads from the A. P. O. Dorm and the Pi Tau's with the P. T. B. holding a slight edge. However, don't count the Kappas and the Zetas out of the picture as yet because both clubs are capable of fine performance.

The schedule for next week:

Monday, Kappas vs. A. P. O.
